Alphabet graph wall hanging

US terms

Finished size
About 17½ in (44 cm) wide and 13½ in (34 cm) tall, with the border; the tabs stand about 1¼ in (3 cm) above it and the fringe hangs about 2½ in (6.5 cm) below it

Skill
Intermediate
Single crochet from a chart, with yarns carried inside the stitches

Yarn
Light (3), 3 colors

Hook
4 mm (US G-6)

Gauge
17 stitches and 20 rows to 4 in (10 cm)
In single crochet (UK double crochet).

What you need

Yarn A: oatmeal, main color	**about 240 yd (219 m), an estimate**
Yarn B: ink, cross on the graph	**about 80 yd (73 m), an estimate**
Yarn C: mustard, dot on the graph	**about 70 yd (64 m), an estimate**

By weight: about 160 g in all, an estimate, where 100 g is 250 yd (229 m).

Hook: 4 mm (US G-6), or the size that gives you the gauge. Also: a yarn needle, scissors, a tape measure, a wooden dowel about 3/8 in (10 mm) thick and 20 in (51 cm) long, 2 hooks or nails to rest it on and about 10 pins.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 15 percent added.

Gauge

17 stitches and 20 rows to 4 in (10 cm) in single crochet.

Check it on the panel itself, laid flat and not stretched, when 12 rows are done: the 71 stitches of a row are about 16¾ in (43 cm) wide, and the 12 rows are about 2 3/8 in (6 cm) tall. If they measure more, start again with a smaller hook; if they measure less, with a larger one.

Notes

- Each square of the chart is one single crochet. Row 1 is the bottom row of the chart and a right side row. The odd rows are right side rows and read the chart from right to left; the even rows are wrong side rows and read it from left to right. Every row is also written out in words, in the order you work it.
- The ch 1 at the start of a row or a round does not count as a stitch: the first stitch of a row goes into the first st, the one the turning chain rises from, and the last into the last st.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- To change color inside a row, work the last stitch of the old color until its last yarn over, and make that yarn over with the new color.
- Every yarn runs from edge to edge through the rows named for it: lay the yarns not in use along the top of the row below and work over them, so that they lie hidden inside the stitches and are at the edge when the row ends. Join a yarn at the edge where the first row named for it begins, with a tail of about 6 in (15 cm) laid in under the first stitches; after the last row named, cut it, leaving a tail of the same length.
- A runs through every row of the panel; B through rows 7 to 15, rows 21 to 29, rows 35 to 43 and rows 49 to 57, which are the four lines of letters from the lowest up; C through rows 7 to 57. In rows 18, 32 and 46 C makes the dashes between the lines.
- Do not pull a carried yarn tight: before every change of color spread the stitches just worked out flat, so that the row stays as wide as the one below. Keep the yarns in the same order from edge to edge, and turn the work one way at the end of one row and the other way at the end of the next, so that they do not twist together.
- The border is worked in rounds with the right side facing; do not turn between rounds. Round 1 goes along the last row, down the ends of the rows, along the other side of the foundation chain and up the ends of the rows, with 1 sc in the end of every row. The 3 sc in one place turn a corner.
- After a join the first stitch of the next round goes into the stitch that was joined. The joining sl st is not a stitch and is not worked into.
- Foundation edge: the chain skipped at the start of row 1 is not counted. Each chain below a stitch of row 1 is one ch of the border.
- To change yarn between rounds, make the joining sl st with the new yarn: put the hook in the first stitch, take the new yarn over the hook and pull it through. Cut the old yarn, leaving a tail of about 6 in (15 cm), and leave a tail of the same length on the new yarn.
- To join a yarn with a sl st, make a slip knot of it on the hook, put the hook in the place named, yo, and pull through the place and the loop on the hook.
- Whip stitch: with the yarn on a yarn needle, pass the needle under both loops of a stitch on one edge and under the loops of the stitch that lies against it, and pull the yarn through. Do the same in the next stitch.
- When a ball runs out, work the last yarn over of a stitch with the new ball, and leave a tail of about 6 in (15 cm) on both.
- Leave a tail of about 6 in (15 cm) when you begin, when you join a yarn and when you fasten off, unless another length is given.
- One letter alone, for a name or a bag: with the ground color ch 12; row 1 (right side): sc in 2nd ch from hook and in each ch across (11 sc). Work 1 more row of sc in the ground color, then the 9 rows of the letter with 2 ground stitches before it and 2 after it, then 2 rows in the ground color. The first row of the letter is row 3, a right side row: it is the last group of the list below, read from right to left. The next row is the group before it, read from left to right, and so on.
- The letters, each 7 squares wide and 9 rows tall, as the right side shows them, the top row first: a dash is a square of the ground, an x a square of the letter. They are shown from left to right.

- The rows of the graph are written as their runs of color, in the order you work them: "7 A, 1 B, 7 A" is 7 sc with A, then 1 sc with B, then 7 sc with A. Row 1 is worked into the chain: sc in the 2nd chain from the hook and in each chain across. Every later row begins ch 1, turn (the ch 1 does not count as a stitch), and works 1 sc in each stitch.
- Buy whole balls from one dye lot.

Graph, sheet 1 of 4

71 squares wide and 63 tall. One square is 1 single crochet in 1 row. Row 1 is the bottom row. Right-side rows are read right to left, wrong-side rows left to right: each row's number stands at the end it begins from. This sheet: columns 1 to 36 counted from the right, rows 1 to 32. Sheet 1 is the corner row 1 begins in; the sheets are in the order the rows are worked. A heavy row number stands at the end that row begins from; a light one marks a row that begins on the sheet beside this one. The shaded squares are on the next sheet as well, beside this one or above it.

☐ **End**	Fasten off, leaving a tail of about 20 in (51 cm) to sew with.	

Assembly

1. Weave in the ends of the panel and of the border on the wrong side, each into stitches of its own color, and the beginning tail of each tab. Leave the long tails of the tabs.

2. Tabs: lay the hanging with its wrong side up and the last row at the top. Along the top edge, count the stitches of round 2 of the border from corner to corner: the middle stitch of each corner is the first and the last, and there are 75. The tabs stand behind stitches 4 to 8, 20 to 24, 36 to 40, 52 to 56 and 68 to 72, counted from either corner. Fold each tab in half with its right side outside, so that the last row lies on the foundation chain. Put these two edges on the wrong side of the hanging, level with the line where round 1 of the border meets the last row of the panel, so that the fold stands above the top edge, and pin it.

3. With the long tail whip stitch the two edges of the tab, both at once, to the back of round 1 of the border, which lies in front of them, through the loops that lie on the wrong side: 5 stitches. Take the needle up the side of the tab to the top edge of the border and fasten the tab there with 2 stitches, at its other side with 2 more, through the back loop of round 2 only, so that nothing shows on the right side. Weave in the end.

4. Fringe: cut 76 lengths of A, each about 7 in (18 cm) long, for 38 knots along the bottom edge, one in every second stitch of round 2 of the border from corner to corner: the 1st of the 75 stitches, the 3rd, the 5th and so on to the last. For each knot hold two lengths together and fold them in half. From the wrong side put the hook through the stitch, under both its loops, pull the fold through, pull the four ends through the fold and draw it tight. Trim the ends level, about 2½ in (6.5 cm) long.

5. Slide the dowel through the five tabs and rest it on the two hooks.

Finishing

- If the panel curls, dampen it, pin it flat with its edges straight and let it dry.

In all: 6 pieces; 5,433 stitches (4,473 in the panel, 560 in the border, 80 in each tab); 16 ends to weave in.
