You will need

Yarn: any color, medium (4)

about 1,175 yd (1,074 m), an estimate

Hook: 5.5 mm (US I-9). Also: yarn needle, scissors and tape measure.

To find how many balls: divide by the length on your yarn's label and round up. The estimate is from the size of the blanket, at 0.9 yd of yarn for each square inch. A fabric with open spaces may take less. To measure your own: work the swatch and measure it, mark the yarn where the swatch begins and ends, pull the swatch out and measure the yarn it took; divide by the area of the swatch and multiply by the area of the piece.

Abbreviations

Written in US terms. Where the UK name differs it is given beside the US one.

ch	chain stitch
sc	single crochet (UK dc, double crochet)
tr	treble crochet (UK dtr, double treble)
RS	right side
st	stitch

Gauge

13 stitches and 12 rows to 4 in (10 cm) in aligned cobble stitch.

To count your gauge in the middle of the test piece: 7 repeats of the bracketed group side by side (14 foundation chains' worth) are about 4.3 in (10.9 cm) wide, and 12 rows are about 4 in (10 cm) tall.

The pattern also stops you to measure after row 9.

The swatch. Work the test piece first. This piece is wide, and starting again after the first place to stop means working its first rows a second time. A test piece to measure and pull out. It is not the start of the pattern. Gauge is counted over 4 in (10 cm), so make the swatch bigger than that: about 6 in (15 cm) each way, and count in the middle of it.

Swatch foundation	Ch 20.	
Swatch row 1 (RS)	Sc in 2nd ch from hook and in each ch across	(19 sc)
Swatch row 2	Ch 1, turn; sc in next st, [tr in next st, sc in next st] 9 times	(10 sc, 9 tr)
Swatch row 3	Ch 1, turn; sc in each st across	(19 sc)
Swatch rows 4 to 19	Repeat swatch rows 2 and 3 in turn: every even-numbered row is worked as swatch row 2, every odd-numbered row as swatch row 3.	

For another width, add or take away 2 chains at a time: each 2 chains adds one more repeat of each bracketed group, and 2 more stitches to a row that has no brackets. Measure your own gauge first.

Before you start

- The ch 1 at the start of a row does not count as a stitch.
- Row 1 is the right side.
- The number of rows is our estimate: yours may differ, and the length does not change the stitch count.
- A treble crochet squeezed between two single crochets cannot stand up, so it folds outward into a bump on the right side.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others.

Instructions

Chosen: Standard. Square brackets [] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sc is double crochet and tr is double treble.

☐ Foundation	Ch 106.	
☐ Row 1 (RS)	Sc in 2nd ch from hook and in each ch across	(105 sc)
☐ Row 2	Ch 1, turn; sc in next st, [tr in next st, sc in next st] 52 times	(53 sc, 52 tr)
☐ Row 3	Ch 1, turn; sc in each st across	(105 sc)
☐ Rows 4 to 121	Repeat rows 2 and 3 in turn: every even-numbered row is worked as row 2, every odd-numbered row as row 3. <i>Repeat until the piece measures about 40¼ in (102 cm), ending with a row worked as row 3: at our gauge that is row 121. Go by the tape measure, not the count.</i>	

A box for each row, 4 to 121: tick them off as you go. The heavy box is where you stop and measure.

Stop and measure when you have worked row 9. Width, across the middle of the rows and not along the chain edge: about 32¼ in (82 cm). If it is wider, start again with a smaller hook; if it is narrower, with a larger one. If only the chain edge is tight, make the chain with a larger hook.

☐ End	Fasten off, leaving a 6 in (15 cm) tail.
