Special stitches

block: (sl st, ch 3, 3 dc) in the ch-3 sp named. Beg block (beginning block): ch 6, dc in 4th ch from hook and in each of the next 2 chs; the three chs skipped at its start are its ch-3 sp. In UK terms: sl st, ch 3, 3 tr. It leaves 1 stitch for the next row or round.

Gauge

3¾ blocks to 4 in (10 cm) in corner to corner, counted along a straight edge.

Check it on the blanket itself when row 6 is done, laid flat: each of its two straight edges is 6 blocks long, about 6 3/8 in (16 cm). If they measure more, start again with a smaller hook; if they measure less, with a larger one.

Before you start

- Corner to corner: the piece begins at the bottom right corner with one block and grows by a block in every row. When one edge is as long as it will be, that edge stops while the other goes on growing; at last every row has a block fewer, to the corner across.
- Turn at the start of every row but the first. A row that begins with a beg block grows at that edge. A row that begins with sl st in next 3 sts walks across the three dc of the block below to its ch-3 sp. A row that ends with sl st in next ch-3 sp stops there: no block is worked in that space.
- Every block of a row goes into the ch-3 sp of a block of the row before, the space made by its ch 3. Row 1 is a right side row, and so is every odd row.
- The chart shows one square to a block, as the right side is seen. A right side row is read down its diagonal, from the upper right to the lower left, and a wrong side row up it; the words give every row in the order you work it.
- To change color inside a row, make the sl st that begins the next block with the new color. Where a row begins "With" a yarn, make the last yarn over of the row before with it: that is the yarn over that ends the last dc of the row, or, where the row ends with sl st in next ch-3 sp, the yarn over of that sl st.
- Yarns that hang: a run is a stretch of blocks of one color side by side in a row, and every run of a row is worked with a length of its own. When a run ends, let its yarn hang at the last block of the run, on the wrong side (in a wrong side row that is the side facing you).
- Which yarn to take up: look for a yarn of the run's color that hangs, from the row before, at the block whose ch-3 sp the first block of the run goes into, or no more than two blocks to either side of that block. If there is one, draw it up loosely behind the blocks and go on with it; if there are two, take the nearer, and of two that are as near, the one you come to first. If there is none, join a new length of that color, with a tail of about 6 in (15 cm). A run that begins a row is reckoned from the last block of the row before; a row that begins in the color the row before ended with goes on with the yarn on the hook.
- A yarn that hangs from the row before and is not taken up in this row is done with: cut it when the row ends, or sooner if it is in the way, leaving a tail of about 6 in (15 cm).

- So, where another color opens in the middle of a field, the field is cut in two: its yarn goes on with the part you work first, and the part beyond the other color takes a new length, though it is the same color. Where the two parts meet again, the yarn you come to first goes on across both parts, and the other is cut. Nothing is carried behind more than two blocks.
- How long a new length: count the blocks it is to work in this row and in the rows after. Allow about 24 in (61 cm) for each block, which is a little more than it takes, and add 12 in (30 cm) for the two tails: a length for one block is about 36 in (91 cm) long, a length for two about 60 in (152 cm). Work a large field from a ball or a bobbin.
- Leave a tail of about 6 in (15 cm) when you begin, when you join a yarn and when you fasten off, unless another length is given. The ends that are not sewn with are woven in.
- When a length or a ball runs out, make the sl st that begins the next block with the new yarn (in the border, the last yarn over of any stitch), and leave a tail of about 6 in (15 cm) on both.
- Stitches in parentheses are all worked into the one place named after them.
- In joined rounds, the first stitch of a round goes into the same stitch as the joining sl st, unless the round begins by moving on with a sl st. The joining sl st itself is not a stitch and is not worked into.
- To join a yarn with a sl st, make a slip knot of it on the hook, put the hook in the place named, yo, and pull through the place and the loop on the hook.
- The border is worked in the round with the right side facing; do not turn between rounds. The ch 1 at the start of a round does not count as a stitch. Fasten off the yarn of the blocks before it is begun.
- Along an edge each block shows one of its sides: the tops of its three dc, its ch 3, the post of its last dc, or the three chs under the dc of a beg block. Whichever it is, that side takes three sc: one into each of the three sts or chs, or all three around the post or under the whole ch 3.
- What stands in brackets is worked as many times as the words after it say, counting the first time.
- Every size has all its rows and rounds set out by themselves, under the heading with its name. Work from the rows of the one size.
- While a row is worked, the new lengths hang beside the yarns of the row before that are not cut yet: in the size Lap up to 13 yarns in all, and in the size Baby up to 9 yarns in all.
- Moss stitch, rounds 3 to 7: the ch 1 that follows the corner, like every ch 1 between two sc, makes a ch-1 sp. Each sc of a round stands in a ch-1 sp of the round before (in round 3, on a sc), and each ch 1 passes over one sc. The last ch 1 of rounds 4 to 7 passes over the st that the round left behind when it began with a sl st.
- In the border, a new color is joined with the joining sl st: where a round begins "With" a yarn, make the sl st that ends the round before with it. Cut the black after round 2 and the dark olive after round 7; join the black anew for round 8. Every cut end is about 6 in (15 cm).
- In pinks: use pale pink for A, rose for B, raspberry for C and plum for D, with black for E. The rows, the chart and the amounts stay the same; the moss stitch of the border is then raspberry.

Instructions

Chosen: Lap. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch, sc is double crochet, dc is treble, sk is miss, yo is yarn round hook and tr is double treble.

Border

Yarns in order of use: E, black; C, dark olive.

Hold the piece with the corner of row 1 at the bottom right. The first block is the one at the right-hand end of the top edge.

How round 1 meets the blocks: every block along an edge takes 3 sc, and every corner of the blanket takes ch 2, worked between the last sc of one edge and the first sc of the next. A block that stands at a corner is an end block of both its edges: it takes 3 sc on each of its two outer sides, and the ch 2 comes between them. So, after a ch 2, the first of the "next" blocks is the corner block again, on its other side.

☐ **Foundation**	Work around the edge of the blocks, right side facing: the 37 blocks of the top edge, the 45 blocks of the left edge, the 37 blocks of the bottom edge, the 45 blocks of the right edge.

Base, rounds 1 and 2: single crochet

☐ **Rnd 1**	Join E with sl st in side of first block, ch 1, 3 sc in side of first block, 3 sc in side of each of next 36 blocks, ch 2, 3 sc in side of each of next 45 blocks, ch 2, 3 sc in side of each of next 37 blocks, ch 2, 3 sc in side of each of next 45 blocks, ch 2; join with sl st in first sc **(492 sc, 4 ch-2 sps)**
☐ **Rnd 2**	Ch 1, sc in same st as join, sc in next 110 sts, (sc, ch 2, sc) in next ch-2 sp, sc in next 135 sts, (sc, ch 2, sc) in next ch-2 sp, sc in next 111 sts, (sc, ch 2, sc) in next ch-2 sp, sc in next 135 sts, (sc, ch 2, sc) in next ch-2 sp; join with sl st in first sc **(500 sc, 4 ch-2 sps)**
