Special stitches

block: (sl st, ch 3, 3 dc) in the ch-3 sp named. Beg block (beginning block): ch 6, dc in 4th ch from hook and in each of the next 2 chs; the three chs skipped at its start are its ch-3 sp. In UK terms: sl st, ch 3, 3 tr. It leaves 1 stitch for the next row or round.

Gauge

6 blocks to 4 in (10 cm) in corner to corner, counted along a straight edge.

Check it on the blanket itself when row 6 is done, laid flat: each of its two straight edges is 6 blocks long, about 4 in (10 cm). If they measure more, start again with a smaller hook; if they measure less, with a larger one.

Before you start

- Corner to corner: the piece begins at the bottom right corner with one block and grows by a block in every row, then shrinks by a block in every row to the corner across.
- Turn at the start of every row but the first. A row that begins with a beg block grows at that edge. A row that begins with sl st in next 3 sts walks across the three dc of the block below to its ch-3 sp. A row that ends with sl st in next ch-3 sp stops there: no block is worked in that space.
- Every block of a row goes into the ch-3 sp of a block of the row before, the space made by its ch 3. Row 1 is a right side row, and so is every odd row.
- The chart shows one square to a block, as the right side is seen. A right side row is read down its diagonal, from the upper right to the lower left, and a wrong side row up it; the words give every row in the order you work it.
- To change color inside a row, make the sl st that begins the next block with the new color. Where a row begins "With" a yarn, make the last yarn over of the row before with it: that is the yarn over that ends the last dc of the row, or, where the row ends with sl st in next ch-3 sp, the yarn over of that sl st.
- Yarns that hang: a run is a stretch of blocks of one color side by side in a row, and every run of a row is worked with a length of its own. When a run ends, let its yarn hang at the last block of the run, on the wrong side (in a wrong side row that is the side facing you).
- Which yarn to take up: look for a yarn of the run's color that hangs, from the row before, at the block whose ch-3 sp the first block of the run goes into, or no more than two blocks to either side of that block. If there is one, draw it up loosely behind the blocks and go on with it; if there are two, take the nearer, and of two that are as near, the one you come to first. If there is none, join a new length of that color, with a tail of about 6 in (15 cm). A run that begins a row is reckoned from the last block of the row before; a row that begins in the color the row before ended with goes on with the yarn on the hook.
- A yarn that hangs from the row before and is not taken up in this row is done with: cut it when the row ends, or sooner if it is in the way, leaving a tail of about 6 in (15 cm).
- So, where another color opens in the middle of a field, the field is cut in two: its yarn goes on with the part you work first, and the part beyond the other color takes a new length, though it is the same color. Where the two parts meet again, the yarn you come to first goes on across both parts, and the other is cut. Nothing is carried behind more than two blocks.

- How long a new length: count the blocks it is to work in this row and in the rows after. Allow about 15 in (38 cm) for each block, which is a little more than it takes, and add 12 in (30 cm) for the two tails: a length for one block is about 27 in (69 cm) long, a length for two about 42 in (107 cm). Work a large field from a ball or a bobbin.
- To change yarn between rounds, make the joining sl st with the new yarn: put the hook in the first stitch, take the new yarn over the hook and pull it through. Cut the old yarn, leaving a tail of about 6 in (15 cm), and leave a tail of the same length on the new yarn.
- Leave a tail of about 6 in (15 cm) when you begin, when you join a yarn and when you fasten off, unless another length is given. The ends that are not sewn with are woven in.
- When a length or a ball runs out, make the sl st that begins the next block with the new yarn (in the border, the last yarn over of any stitch), and leave a tail of about 6 in (15 cm) on both.
- Stitches in parentheses are all worked into the one place named after them.
- In joined rounds, the first stitch of a round goes into the same stitch as the joining sl st. The joining sl st itself is not a stitch and is not worked into.
- To join a yarn with a sl st, make a slip knot of it on the hook, put the hook in the place named, yo, and pull through the place and the loop on the hook.
- The border is worked in the round with the right side facing; do not turn between rounds. The ch 1 at the start of a round does not count as a stitch. Fasten off the yarn of the blocks before it is begun.
- Along an edge each block shows one of its sides: the tops of its three dc, its ch 3, the post of its last dc, or the three chs under the dc of a beg block. Whichever it is, that side takes three sc: one into each of the three sts or chs, or all three around the post or under the whole ch 3.
- What stands in brackets is worked as many times as the words after it say, counting the first time.
- Every size has all its rows and rounds set out by themselves, under the heading with its name. Work from the rows of the one size.
- Each X and each O stands in a cell of 11 blocks by 11, with one block of its ground on every side. Cream cells and rose cells lie side by side like a checkerboard. An X cuts the cream of its cell into parts, and an O parts the rose outside it from the rose inside it: each part is worked with a yarn of its own, by the note on which yarn to take up.

Instructions

Chosen: Baby. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch, sc is double crochet, dc is treble, yo is yarn round hook and tr is double treble.

Border

Yarns in order of use: C, raspberry; B, rose.

Hold the piece with the corner of row 1 at the bottom right. The first block is the one at the right-hand end of the top edge.

How round 1 meets the blocks: every block along an edge takes 3 sc, and every corner of the blanket takes ch 2, worked between the last sc of one edge and the first sc of the next. A block that stands at a corner is an end block of both its edges: it takes 3 sc on each of its two outer sides, and the ch 2 comes between them. So, after a ch 2, the first of the "next" blocks is the corner block again, on its other side.

☐ **Foundation**	Work around the edge of the blocks, right side facing: the 55 blocks of the top edge, the 55 blocks of the left edge, the 55 blocks of the bottom edge, the 55 blocks of the right edge.
☐ **Rnd 1**	Join C with sl st in side of first block, ch 1, 3 sc in side of first block, 3 sc in side of each of next 54 blocks, ch 2, 3 sc in side of each of next 55 blocks, ch 2, 3 sc in side of each of next 55 blocks, ch 2, 3 sc in side of each of next 55 blocks, ch 2; join with sl st in first sc **(660 sc, 4 ch-2 sps)**
