Gauge

20 stitches and 22 rounds to 4 in (10 cm) in single crochet, in a spiral.

To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2¼ in (5.5 cm) across. The stitches should be tight enough that the stuffing does not show.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Head

Yarn A, deep sea green.

☐ **Start**	Make a magic ring. *Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.*	
☐ **Round 1 (RS)**	6 sc in the ring. Pull the tail to close the ring.	(6 sc)
☐ **Round 2**	2 sc in each st around	(12 sc)
☐ **Round 3**	**[**sc in next st, 2 sc in next st**] 6 times**	(18 sc)
☐ **Round 4**	**[**2 sc in next st, sc in next 2 sts**] 6 times**	(24 sc)
☐ **Round 5**	**[**sc in next 3 sts, 2 sc in next st**] 6 times**	(30 sc)
☐ **Round 6**	**[**sc in next 2 sts, 2 sc in next st, sc in next 2 sts**] 6 times**	(36 sc)

☐ **Round 8**	**[**sc in next 6 sts, 2 sc in next st**] 6 times**	(48 sc)

Mark the center line now: a pin or a scrap of yarn between stitches 24 and 25 of round 8. It faces the front, round 1 at the top.

☐ **Rounds 9 to 19**	Sc in each st around	(48 sc)

9 10 11 12 13 14 15 16 17 18 19

☐ **Round 20**	**[**sc in next 3 sts, sc2tog, sc in next 3 sts**] 6 times**	(42 sc)

☐ **Round 23**	**[**sc in next st, sc2tog, sc in next 2 sts**] 6 times**	(24 sc)

Fix the eyes now: two 10 mm black plastic eyes with amber irises, on the head on round 15, one to each side, 4½ stitches from the center line (9 stitches apart). For a child under three, or a pet, leave them out and embroider them later. Then stuff firmly, and keep adding stuffing until the last round.

☐ **Round 24**	**[**sc2tog, sc in next 2 sts**] 6 times**	(18 sc)
☐ **Round 25**	**[**sc in next st, sc2tog**] 6 times**	(12 sc)

☐ **Round 26**	**[**sc2tog**] 6 times**	(6 sc)
☐	Fasten off, leaving an 8 in (20 cm) tail. Thread the tail through the front loop of each of the last 6 stitches, pull it tight to close the hole and bury the end inside.

Belly panel

Yarn B, pale jade.

Worked flat, to and fro in rows, 7 stitches wide at the start. The ch 1 at the start of a row does not count as a stitch.

☐ **Start**	With B, ch 8.	
☐ **Row 1 (RS)**	Sc in second ch from hook and in each ch across	(7 sc)
☐ **Row 2**	Ch 1, turn, working in BLO all the way across, 2 sc in next st, sc in next 5 sts, 2 sc in next st	(9 sc)

Wing: make 2

Work one wing like the other: the right side of both looks forward. In the rows from row 4 on, the increases at the two ends and in the middle make the three points of the wing and the two decreases make the hollows between them. Leave a 16 in (41 cm) tail before the chain: it sews the wing on.

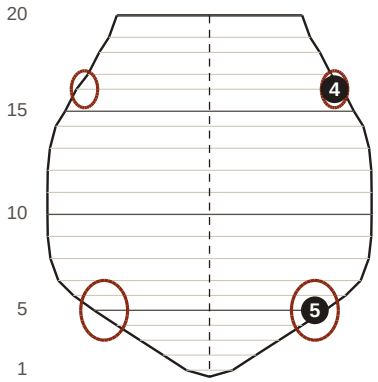
Assembly



Body: 4 arms, 5 legs

A number is the step below that puts it on; a letter is put on under Finishing. Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. Set the head on the open edge of the body (24 sts), center lines in line: the edge lies on round 23 of the head (24 sts). With the tail of the body, sew every stitch of the edge to the head, and top up the stuffing in the neck before the last stitches so that the head does not wobble.

2. Lay the belly panel flat on the front of the body, right side out, its middle on the center line: the chain edge (7 stitches) lies along round 5, 3½ stitches to each side of the line, and the last row lies along round 18. Sew it down all the way round, its two sides straight up over the rounds, with its tail.

3. Pin the two wings to the back of the body, right side to the front. The chain edge of each (5 stitches) stands almost upright against the body, its middle on round 17, one to each side, 10 stitches from the center line (10 stitches apart across the line opposite the center line); its lower end is on round 15, 11 stitches from the center line, and its upper end is on round 19, 9 stitches from the center line. The wing stands out to the side and a little back, its lowest point straight out, its middle point out and up and its third point up beside the head. Sew the chain edge down with the tail at the chain, going along it twice, once on the front and once on the back, so that the wing stands by itself.

4. Pin the two arms to the body: the middle of each open edge lies on round 16, one to each side, 7 stitches from the center line (14 stitches apart). The edge (10 sts) covers about rounds 15 to 17 of the body. They point out to the side, then curve until the tip of each points forward and down. Bend each as you pin it and hold the curve with a few running stitches along its inner side, drawn up a little. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

5. Pin the two legs to the body: the middle of each open edge lies on round 5, one to each side, 5½ stitches from the center line (11 stitches apart). The edge (15 sts) covers about rounds 3 to 7 of the body. They point forward and out to the side from under the front edge of the body, lying along the table. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft. The inner side of each lies over the lower corner of the belly panel: sew through both there.

6. Pin the two short tentacles to the head: the middle of each open edge lies on round 20, one to each side, 1½ stitches from the center line (3 stitches apart). The edge (8 sts) covers about rounds 19 to 21 of the head. They point forward and down, turn down by about round 6 of the short tentacle and forward and out to the side by the tip. Bend each as you pin it, and hold each bend with a few running stitches, drawn up a little, on the side it turns toward. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

7. Pin two long tentacles to the head: the middle of each open edge lies on round 19, one to each side, 4 stitches from the center line (8 stitches apart). The edge (8 sts) covers about rounds 18 to 20 of the head. They point forward, turn down by about round 14 of the long tentacle, out to the side by about round 7 and up by the tip. Bend each as you pin it, and hold each bend with a few running stitches, drawn up a little, on the side it turns toward. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

8. Pin two long tentacles to the head: the middle of each open edge lies on round 18, one to each side, 6½ stitches from the center line (13 stitches apart). The edge (8 sts) covers about rounds 17 to 19 of the head. They point out to the side and forward, then curve until the tip of each points up and in toward the middle. Bend each as you pin it and hold the curve with a few running stitches along its inner side, drawn up a little. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

9. Pin the two brows to the head, one above each eye: round 1 of each is its inner end and lies on round 14, 1½ stitches from the center line; the other end lies on round 12, 8½ stitches from the center line, and the middle of the brow between rounds 12 and 13, 5 stitches from the center line. Sew each down with its tail along its upper side, round the end and back along its lower side.

Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand on the wrong side of a flat piece, inside a stuffed one. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Wing bones: with C (dark teal), on the right side of each wing, in backstitch, three lines: one from the middle of the chain edge straight to the middle point, and one along each side edge, about one stitch in from it, from the end of the chain edge to the point there.
- Claws: with D (ivory), in satin stitch, 12 small triangles, three on each leg and three on each arm, each about 3/16 in (5 mm) wide at its upper edge and 5/16 in (8 mm) tall, its point down. On each leg, all three on round 3 (18 sts): the middle one on the stitch that lies highest, one 3 stitches to each side of it. On each arm, all three on round 3 (15 sts): the middle one on the stitch that looks straight forward, one 2½ stitches to each side of it.
- Eyes: two 10 mm black plastic eyes with amber irises, on the head on round 15, one to each side, 4½ stitches from the center line (9 stitches apart).
- Weave every tail through the toy and trim it. For a toy that will be played with, go round each seam a second time with a new length of yarn. Check the seams and small parts from time to time.

In all: 17 pieces; 3,477 stitches.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 30 percent added.

Notes

- Every piece that has rounds is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up. Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Color change: row 16 of the wing begins "With C": work the last pull-through of row 15 in C, then go on with C. Cut the old yarn and weave the ends in on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Head: the center line runs between stitches 24 and 25 of round 8 (48 sts). It faces the front, round 1 at the top.
- Body: the center line runs between stitches 21 and 22 of round 7 (42 sts). It faces the front.
- Right and left are as you look at the front of the toy. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops. In a BLO row, use the back loops instead.
- For a child under three, or a pet, embroider the eyes instead: satin stitch dots of the same size in D (ivory), with one upright stitch of C (dark teal) in the middle of each.
- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, details) are for Standard, the size written here: for another size multiply them by the number in its line.
- Small: fine (2, sport) yarn, 2.25 mm (B-1) hook, 27 sc and 30 rounds to 4 in (10 cm): about 4 in (10 cm) tall and 6 in (15 cm) across the wings; eyes 7 mm; multiply lengths by 0.74; about 0.74 times the yarn.
- Large: bulky (5, chunky) yarn, 5 mm (H-8) hook, 14 sc and 15.4 rounds to 4 in (10 cm): about 7½ in (19 cm) tall and 11¾ in (30 cm) across the wings; eyes 14 mm; multiply lengths by 1.4; about 1.4 times the yarn.
- Jumbo: super bulky (6, plush or velvet) yarn, 6.5 mm (K-10½) hook, 11 sc and 12.1 rounds to 4 in (10 cm): about 9½ in (24 cm) tall and 15 in (38 cm) across the wings; eyes 18 mm; multiply lengths by 1.8; about 1.8 times the yarn.
