In single crochet, in a spiral.

You will need

Yarn A: sage, the head, the body, the muzzle, the arms, the legs and the tail	**about 145 yd (133 m), an estimate**
Yarn B: cream, the tummy patch	**about 5 yd (5 m), an estimate**
Yarn C: dark green, the nostrils and the mouth	**about 5 yd (5 m), an estimate**
Yarn D: terracotta, the back plates and the cheeks	**about 20 yd (18 m), an estimate**

Hook: 3.5 mm (US E-4). Also: toy stuffing, a yarn needle, a stitch marker, pins, scissors and two black plastic eyes with washers, 10 mm.

To find how many balls: divide by the length on your yarn's label and round up. The estimate is from the stitches of this size at this gauge, with 30 percent added.

Abbreviations

Written in US terms. Where the UK name differs it is given beside the US one.

sc	single crochet (UK dc, double crochet)
sc2tog	single crochet 2 stitches together (UK dc2tog, double crochet 2 stitches together)
MR	magic ring
RS	right side

Gauge

20 stitches and 22 rounds to 4 in (10 cm) in single crochet, in a spiral.

20 sc and 22 rounds = 4 in (10 cm), worked in a spiral. To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2¼ in (5.5 cm) across. The stitches should be tight enough that the stuffing does not show.

Before you start

- Every piece is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up.
- Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Head: the center line runs between stitches 24 and 25 of round 10 (48 sts). It faces the front, round 1 at the top.
- Body: the center line runs between stitches 21 and 22 of round 7 (42 sts). It faces the front.
- Right and left are as you look at the front of the toy. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- Eyes: for a child under three, or a pet, embroider the eyes instead of plastic ones: satin stitch dots of the same size in C (dark green).
- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, ovals, details) are for Standard: for another size multiply them by the number in its line.
- Small: fine (2, sport) yarn, 2.25 mm (B-1) hook, 27 sc and 30 rounds to 4 in (10 cm): about 4 in (10 cm) tall; eyes 7 mm; multiply lengths by 0.74; about 0.74 times the yarn.
- Large: bulky (5, chunky) yarn, 5 mm (H-8) hook, 14 sc and 15.4 rounds to 4 in (10 cm): about 7¾ in (19.5 cm) tall; eyes 14 mm; multiply lengths by 1.4; about 1.4 times the yarn.
- Jumbo: super bulky (6, plush or velvet) yarn, 6.5 mm (K-10½) hook, 11 sc and 12.1 rounds to 4 in (10 cm): about 10 in (25.5 cm) tall; eyes 18 mm; multiply lengths by 1.8; about 1.8 times the yarn.
- Every size is approximate and follows from your gauge and how firmly you stuff.

Instructions

Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sc is double crochet and sc2tog is double crochet 2 stitches together.

Head: 1 muzzle, 2 back plate, 3 back plate, 4 back plate, 5 eyes, 6 cheeks

Body: 1 tummy patch, 2 arms, 3 legs, 4 back plate, 5 tail, 6 back plate

Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. In every step: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on. Set the head on the open edge of the body (24 sts), center lines in line: the edge lies on round 20 of the head (24 sts). With the tail of the body, sew every stitch of the edge to the head, and top up the stuffing in the neck before the last stitches so that the head does not wobble.

2. Pin the muzzle to the head: the middle of the open edge lies on round 15, on the center line. The edge (30 sts) covers about rounds 11 to 19 of the head. It passes close under the eyes: tuck it in against them. It points forward. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

3. Lay the tummy patch flat on the body, right side out, the middle of it on round 11, on the center line. Sew down all 24 stitches of the edge.

4. Pin the two arms to the body: the middle of each open edge lies on round 16, one to each side, 5 stitches from the center line (10 stitches apart). The edge (9 sts) covers about rounds 15 to 17 of the body. They point forward and out to the side. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

5. Pin the two legs to the body: the middle of each open edge lies on round 5, one to each side, 5½ stitches from the center line (11 stitches apart). The edge (18 sts) covers about rounds 2 to 8 of the body. They point forward and out to the side from under the front edge of the body, lying along the table. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

6. Pin one back plate to the head: the middle of the flat edge lies on round 1, on the center line. The flat edge runs from front to back over the top of the head, half of it on each side of that place. It points up. Sew through both layers of the 6-stitch edge with the tail.

7. Pin one back plate to the head: the middle of the flat edge lies on round 6, on the line opposite the center line. The flat edge runs straight up and down the head, half of it above that place and half below. It points back and up. Sew through both layers of the 6-stitch edge with the tail. Its upper end stands beside the back end of the plate on top.

8. Pin one back plate to the head: the middle of the flat edge lies on round 11, on the line opposite the center line. The flat edge runs straight up and down the head, half of it above that place and half below. It points back. Sew through both layers of the 6-stitch edge with the tail. Its upper end stands beside the lower end of the plate above.

9. Pin one back plate to the body: the middle of the flat edge lies on round 14, on the line opposite the center line. The flat edge runs straight up and down the body, half of it above that place and half below. It points back and up. Sew through both layers of the 6-stitch edge with the tail.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF.

10. Pin the tail to the body: the middle of the open edge lies on round 5, 12½ stitches to the right of the center line. The edge (21 sts) covers about rounds 2 to 8 of the body. It points to the right, then curves until its tip points up. Bend it as you pin it and hold the curve with a few running stitches along its inner side, drawn up a little. Sew all the way round with its tail of yarn, adding a little stuffing before the last few stitches if the edge is still soft.

11. Pin one back plate to the body: the middle of the flat edge lies on round 8, on the line opposite the center line. The flat edge runs straight up and down the body, half of it above that place and half below. It points back. Sew through both layers of the 6-stitch edge with the tail. Its upper end stands beside the plate above; where its lower end comes on the tail, sew it to the tail.

Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand inside the toy. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Eyes: two 10 mm black plastic eyes, on the head on round 12, one to each side, 5 stitches from the center line (10 stitches apart).
- Nostrils: with C (dark green), two straight stitches side by side, about 1/8 in (3 mm) tall, each pair on the muzzle, one to each side, 7/16 in (11 mm) out from its center and 7/16 in (11 mm) above the middle of the muzzle.
- Mouth: with C (dark green), in backstitch, a smile, one curve about 7/8 in (22 mm) wide that dips 3/16 in (5 mm) below its ends. Its two ends are on the muzzle, level with its middle, one to each side of its center.
- Cheeks: with D (terracotta), in satin stitch, an oval about ¼ in (6 mm) wide and 3/16 in (5 mm) tall, its middle on the head between rounds 14 and 15, one to each side, 8½ stitches from the center line (17 stitches apart).
- Weave every tail through the toy and trim it. For a toy that will be played with, go round each seam a second time with a new length of yarn. Check the seams and small parts from time to time.

In all: 14 pieces; 2,277 stitches (744 in the head, 582 in the body, 150 in the muzzle, 69 in each arm, 132 in each leg, 60 in the tummy patch, 40 in each back plate, 139 in the tail); 28 ends to weave in.
