Gauge

13 stitches and 6½ rounds to 4 in (10 cm) in double crochet.

Check it on the blanket itself when round 6 is done, laid flat and not stretched: the 23 dc of one side of round 6, from corner space to corner space, are about 7 in (18 cm) long, and from the middle of the ring straight out to the middle of a side it is about 3¾ in (9.4 cm). If they measure more, start again with a smaller hook; if they measure less, with a larger one. The small pieces are worked in single crochet with the same hook, as firmly as you can.

Before you start

- For cuddling and play while a baby is awake and watched, not for sleep: do not leave the hooded blanket in the crib.
- The blanket is worked in joined rounds with the right side facing; do not turn. The ch 1 or ch 2 at the start of a round or of a row does not count as a stitch. A round begins part of the way along one side, and the four corners are the ch-2 spaces.
- A corner, (2 dc, ch 2, 2 dc) in next ch-2 sp, is worked into the space, under the two chains.
- The face is crocheted too, with nothing hard on it: the muzzle, the nose and the eyes are sewn down all round, and the mouth is embroidered. Each ear is two circles sewn to each other all round; it is sewn to the hood by a part of its edge and stands free.
- To change yarn, work the last yarn over of the last stitch of the row before with the new yarn. Cut the old yarn at the end of its stripe, leaving a tail of about 6 in (15 cm), and leave a tail of the same length on the new yarn.
- To change yarn between rounds, make the joining sl st with the new yarn: put the hook in the first stitch, take the new yarn over the hook and pull it through. Cut the old yarn, leaving a tail of about 6 in (15 cm), and leave a tail of the same length on the new yarn.
- Leave a tail of about 6 in (15 cm) when you begin and when you fasten off, unless another length is given. The ends that are not sewn with are woven in.
- When a ball runs out, work the last yarn over of a stitch with the new yarn, and leave a tail of about 6 in (15 cm) on both. In a row do it in the last stitch; in a round any stitch will do.

- Whip stitch: with the yarn on a yarn needle, pass the needle under both loops of a stitch on one edge and under both loops of the stitch that lies against it on the other edge, and pull the yarn through. Do the same in the next stitch of each edge. On a foundation chain edge, pass the needle under the two strands of each chain that lie below row 1; a chain that holds no stitch at the very end is not sewn. On a side edge there are no loops: pass the needle through the edge of the last stitch, or of the turning chain, at the end of each row. A piece that is laid on another one and sewn down all round is sewn the same way, with the needle going through the cloth under its edge instead of through a second edge. Fasten a length where the sewing begins and where it ends: sew 2 or 3 times into the same place.
- Stitches in parentheses are all worked into the one place named after them. "2 sc in next st" puts both stitches in that one place.
- Magic ring: wind the yarn once round two fingers, put the hook through the ring and pull up a loop of the working yarn. Round 1 begins with this loop on the hook. Work round 1 into the ring, over both strands, then pull the tail to close it.
- The right side of a round is the side that faces you as you work it.
- In joined rounds, the first stitch of a round goes into the same stitch as the joining sl st. The joining sl st itself is not a stitch and is not worked into.

Instructions

Chosen: Baby. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch, sc is double crochet, dc is treble, sc2tog is double crochet 2 together, dc2tog is treble 2 together and dc3tog is treble 3 together.

Assembly

1. Weave in every end but the sewing tails before you sew.

2. Ears: lay an ear front on an ear back, wrong sides together. With the tail of the front, whip stitch the two edges to each other all round, stitch to stitch, 42 stitches, and leave the rest of the tail hanging: it sews the ear to the hood later. Do the same with the other two.

3. Face: lay the hood with its right side up and the cream rows toward you. Lay the muzzle on it right side up, its lower edge on the line between rows 2 and 3, where the cream ends, and its middle over the middle of the rows (between the two middle stitches): it reaches up to row 7. Sew its edge down all round with its tail, 36 stitches. Lay the nose, right side up, on the middle of the muzzle, its 6 stitch edge up, 1 in (2.5 cm) below the upper edge of the muzzle, its point down, and sew round its edge with its tail, 14 stitches: 6 along its upper edge, 3 at each slanted side and 2 at the point. Cut a length of C about 16 in (41 cm) long and embroider the mouth: one straight stitch down from the point of the nose, ¾ in (2 cm) long, then, from its lower end, one stitch slanting up to the right and one slanting up to the left, each as long.

4. Eyes: lay one eye, right side up, over rows 8 and 9 of the hood on each side of the middle, with 4 stitches of row 8 between the middle and the edge of the eye. Sew round each with its tail, 12 stitches.

5. Hood: lay the blanket right side up with a corner pointing away from you, and lay the hood on that corner, right side up, its last row toward the corner. Pin the two stitches of the last row to the corner ch-2 sp. Pin the two ends of row 1 to the two edges of the blanket, each to the 45th st of the last round counted from the corner sp.

6. First slanted edge: cut a length of A about 46 in (117 cm) long. Begin at the corner: sew one of the two stitches of the last row to the ch-2 sp, then whip stitch the slanted edge on that side of the hood to the edge of the blanket, 3 stitches of the blanket to the end of every row, from row 15 down to row 1: 45 stitches.

7. Second slanted edge: cut a length of A about 46 in (117 cm) long and sew the second stitch of the last row to the ch-2 sp and the other slanted edge to the other edge of the blanket in the same way. The long cream edge, the foundation chain, stays open: it is the edge round the face.

8. Ears on the hood: on each slanted edge lay an ear, its cream side up, outside the edge, so that 12 stitches of its edge lie along the ends of rows 7 to 10 of the hood. With the tail of the ear, whip stitch these 12 stitches to the 4 row ends, 3 to each, through both layers of the ear; go back over them once, so that the ear stands, and fasten off.

Finishing

- Weave in what is left of the ends with the yarn needle, changing direction once or twice.

In all: 10 pieces; 6,450 stitches (5,092 in the blanket, 512 in the hood, 168 in each ear back, 168 in each ear front, 126 in the muzzle, 12 in the nose, 18 in each eye); 34 ends to weave in.
