Gauge

12 stitches and 7 rows to 4 in (10 cm) in the stripe pattern, counting each dc and each ch-1 sp as one stitch. Along a row, count every stitch and every chain between stitches as one.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 8 the piece, laid flat, is about 4.6 in (12 cm) tall. If yours is shorter, use a larger hook; if it is taller, use a smaller one.

Work each panel wider or longer: for another width start with any multiple of 4 chains plus 7; work any number of rows. Keep the two panels alike and leave the neck opening in the middle.

Before you start

- Whip stitch (sewing): with the yarn needle go from back to front under both loops of a stitch on each of the two pieces (or, where a seam says so, under two strands at the end of a row), bring the needle over the two edges to the back and go through the next pair in the same way, without pulling tight.
- The ch 3 at the start of a row counts as a dc; the last stitch of the next row is worked into the top of it. The chain stands on the first stitch of the row: "same st" right after it is that stitch, and "next st" is the one after it.
- A stitch worked into a chain space goes into the open space under the chain, not into a chain stitch. Stitches that lie before the space are passed over and left unworked.
- In row 2 the turning ch is the skipped chs at the start of row 1: its top is the one that was next to the hook.
- Where several stitches have one place after them, as in "3 dc in next ch", they are all worked into that one place.
- What is in square brackets is worked as many times as the number after them says, in all.
- Row 1 is a right side row. Turn once between rows: the word "turn" near the start of each row is that turn.
- To change color, work the last stitch of the old color until two loops are left on the hook and draw the new color through them. Cut the old color, leaving a tail of about 6 in (15.2 cm), and fasten in a fresh piece each time: the yarn amounts and the ends to weave in are counted this way.
- Each panel is about 28.3 in (71.9 cm) wide and 21.7 in (55.1 cm) long; make two alike.
- 38 rows in two-row stripes: A, B, C, D, E, D, C, B, and begin again.

Instructions

Chosen: Small to medium. Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms dc is treble.

Front and back panel: make 2

Yarns in order of use: A, cinnamon; B, burnt orange; C, ochre; D, cream; E, dusty teal.

Assembly

1. Shoulders: lay the two panels together with right sides facing and the last rows level. Thread the yarn needle with yarn C. Beginning at one side edge, whip stitch the last rows together, under both top loops of each stitch and each chain of both panels, for about 8.2 in (20.8 cm) toward the middle, and fasten off; do the same from the other side edge with a new piece of yarn. The middle 12 in (30.5 cm) stays open for the neck, which makes an opening about 24 in (61 cm) round. Try it on before you weave in the ends: for a larger opening undo a few stitches of each seam.

2. Sides: leave them open, or sew them for a closer fit. Keep the right sides together and match the two panels row by row. With a new piece of yarn C begin at the lower edge of one side and whip stitch the row ends together: the needle goes from back to front through the end of the row on each panel, under two strands of the last dc, or the ch 3 that stands for one, with 2 stitches to each row, up to 8 in (20.3 cm) below the shoulder seam; fasten off and sew the other side to match. The ends of the two shoulder seams are in the count below; two side seams add 4 more.

Finishing

- Fringe: cut 172 pieces of yarn A, each 12 in (30.5 cm) long. For each knot hold 2 pieces together and fold them in half, draw the fold through the lower edge of a panel from back to front, pass the ends through the fold and pull snug. Along the lower edge of each panel make one knot round the foundation chain under every group of 3 dc (21 knots), one in the loop of 3 skipped chains between every two groups (20 knots), one in the chain under the last dc of row 1, and one in the chain at the foot of the skipped chains at the start of row 1. That is 43 knots on each panel. Trim the fringe level at about 5 in (12.7 cm).
- Weave in the ends.

In all: 2 pieces; 4,902 stitches; 80 ends to weave in.
