## Gauge

**20 stitches and 22 rounds to 4 in (10 cm)** in single crochet, in a spiral.

To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2¼ in (5.7 cm) across. The stitches should be tight enough that the stuffing does not show.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

## Notes

- Every piece that has rounds is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up. Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Head and bodice: stuff the head firmly at the end of round 18, before the neck, and the rest when the piece is done.
- Another color: in place of C (blush) use pale blue for the edges, the sash and the tiara, with roses in pale blue and white. For other skin and hair use any two yarns for A and D.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With C," (or another letter), work the last pull-through of the round before it in C. Cut the old yarn and knot the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Head and bodice: the center line runs between stitches 21 and 22 of round 7 (42 sts). It faces the front, round 1 at the top.
- Hair cap: the center line runs between stitches 24 and 25 of round 9 (48 sts). It faces the front, round 1 at the top.
- Right and left are as you look at the front of the doll. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- No plastic eyes are used: every detail is worked in yarn.
- One size, at the gauge above. The inside of the gown is a tube about 4½ in (11.5 cm) across and 4½ in (11.5 cm) tall, for a roll about 4¼ in (11 cm) across and 4½ in (11.5 cm) tall, or smaller. Measure the roll before you begin: one that is larger than the inside does not go in.

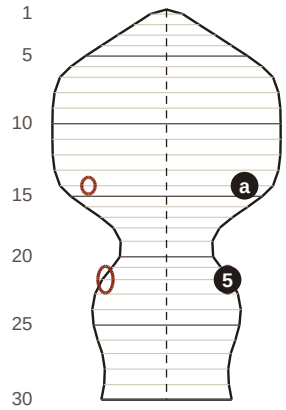
## Assembly



Head and bodice: 5 arms, a cheeks

A number is the step below that puts it on; a letter is put on under Finishing. Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

**1.** Lay the gown with its closed end up, like a cup turned over. Take the bottom tier, right side out, its last round first, down over the closed end until its chain edge lies on round 29 of the gown (72 sts) and its last round looks toward the open edge. With a new length of B (ivory), sew the 72 chains to the 72 stitches of that round, chain to stitch.

**2.** Put on the middle tier in the same way, its chain edge on round 21 of the gown (72 sts). Before you sew, turn it by half a scallop (4 stitches), so that each of its scallops lies over a valley of the bottom tier. Then, with a new length of B (ivory), sew the 72 chains to the 72 stitches of that round, chain to stitch.

**3.** Lay the top tier on the flat top of the gown, right side up, its last round outward: its chain edge lies on round 8 of the gown (48 sts). Sew down its 48 chains with a new length of B (ivory). The tier falls over the edge of the top, and its last round hangs over the chain edge of the middle tier.

**4.** Set the open edge of the head and bodice (24 sts) on the middle of the top of the gown: the edge lies on round 4 of the gown (24 sts). Sew all the way round with the tail, stitch to stitch, adding stuffing before the last stitches so that she stands straight.

**5.** Pin the two arms to the head and bodice: the middle of each open edge lies on round 22, one to each side, 5 stitches from the center line (10 stitches apart). The edge (9 sts) covers about rounds 21 to 23 of the head and bodice. They point out to the side and down, then curve forward and in, so that the two hands meet in front of the waist. Bend each as you pin it and hold the curve with a few running stitches along its inner side, drawn up a little. Sew all the way round with the tail.

**6.** Pull the hair cap over the head, center lines in line, the middle of its round 1 at the back, on round 4 of the head and bodice, on the line opposite the center line. Its edge (round 13) lies on round 7 on the center line in front, on round 9 at 4 stitches, on round 10 at 6½ stitches and on round 12 at 9 stitches from the center line on each side, and on round 17 at the back. The front is the highest place of the hairline, a small point in the middle of the forehead, as at a parting. Pin it, easing it evenly, and sew all 48 stitches of the edge down.

**7.** Set the open edge of the hair bun (12 sts) on the hair cap, all the way round on its round 2 (12 sts), and sew it on, stitch to stitch, with its tail. It points up and back.

**8.** Lay the foundation chain of the veil (14 ch) across the hair cap behind the bun, from one side to the other, the right side of row 1 looking to the front: the middle of the chain on round 3 of the cap on the line opposite the center line, its two ends on round 6, 9½ stitches from the center line. With a new length of B (ivory), sew the 14 chains down. The rest hangs free behind the arms, and the last row lies on the table behind the gown.

**9.** Lay the tiara across the hair cap in front of the bun, right side out, its foundation chain toward the face: the middle of the chain on round 9 of the cap on the center line, its two ends on round 8, 9½ stitches from the center line, just below the two ends of the veil. Sew only the foundation chain to the cap, with its tail, so that the bobbles stand up.

**10.** Bouquet, after the five roses are rolled (see the end of each rose): lay the five roses in a ring on the right side of the bouquet base, their foundation chains down, each touching the next: one deep rose at the top, two blush roses, one at each side of it, and two deep roses side by side below them. With the tail of the bouquet base, sew each rose on through its foundation chain. Hold the bouquet in front of the waist, facing forward and a little up, its middle level with round 25 of the head and bodice, and sew round 1 of each of the two hands to the edge of the bouquet base, one hand on each side, with a few stitches.

## Finishing

- Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand on the wrong side of a flat piece, inside a stuffed one. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Closed eyes: with F (black brown), in backstitch, a closed eye on each side, one curve about 5/16 in (8 mm) wide that dips 1/8 in (3 mm) below its ends. The place half way between the two ends of each is on the head and bodice on round 12, one to each side, 3½ stitches from the center line (7 stitches apart).
- Cheeks: with G (rose), in satin stitch, an oval about ¼ in (6 mm) wide and 3/16 in (5 mm) tall, its middle on the head and bodice on round 14, one to each side, 5½ stitches from the center line (11 stitches apart).
- Mouth: with G (rose), in backstitch, a smile, one curve about 5/16 in (8 mm) wide that dips 1/8 in (3 mm) below its ends. Its two ends are on the head and bodice on round 14, one to each side of the center line.
- Weave every tail through the toy and trim it. For a toy that will be played with, go round each seam a second time with a new length of yarn. Check the seams and small parts from time to time.

In all: 17 pieces; 7,770 stitches.
