|---|---|
| Yarn A: navy, main | **about 225 yd (206 m), an estimate** |
| Yarn B: denim blue, contrast | **about 225 yd (206 m), an estimate** |
| Yarn C: sky blue, contrast | **about 225 yd (206 m), an estimate** |
| Yarn D: white, contrast | **about 225 yd (206 m), an estimate** |

Hook: 4.5 mm (US 7). Also: yarn needle, scissors and tape measure.

To find how many balls: divide by the length on your yarn's label and round up. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added. To measure your own: work the swatch and measure it, mark the yarn where the swatch begins and ends, pull the swatch out and measure the yarn it took; divide by the area of the swatch and multiply by the area of the piece.

| **RS** | right side |
| **sk** | skip |
| **sp** | space |
| **st** | stitch |

## Gauge

**15 stitches and 8½ rows to 4 in (10 cm)** in v-stitch. Along a row, count every stitch and every chain between stitches as one.

To count your gauge in the middle of the test piece: 15 stitches and chains side by side are about 4 in (10 cm) wide, and 8 rows are about 3.8 in (9.6 cm) tall.

The pattern also stops you to measure after row 6.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. The test piece is about 6 in (15 cm) wide and 6 in (15 cm) tall, so that you can count over 4 in (10 cm) in the middle of it.

For another width, add or take away 3 chains at a time: each 3 chains adds one more repeat of the bracketed group. Measure your own gauge first.

## Before you start

- The ch 3 at the start of a row counts as a dc. It stands on the first st of the row below; the next st is the second. The last stitch of the next row is worked into the top of it. In row 2 that is the top of the skipped chs: the last ch you made of the foundation. Of the 4 chs skipped in row 1, the 3 nearest the hook stand as the dc; the other is a foundation ch left unworked.
- Row 1 is the right side.
- A stitch worked into a chain space passes over any stitches that lie before the space; they are left unworked.
- Stitches in parentheses, or several of one stitch, are all worked into the one place named after them.
- Change yarn in the last yarn over of the last stitch of the row before.
- Cut a yarn when its block is done, leaving a tail of about 6 in (15 cm), and work over the tails as you go or weave them in at the end. The estimates include the tails.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others. Join a new ball at the end of a row, with the same tails: each join adds two ends.

## Instructions

Chosen: Standard. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms dc is treble.

**Yarn A, navy.**

**Stop and measure when you have worked row 6.** Width, across the middle of the rows and not along the chain edge: about 18 in (46 cm). If it is wider, start again with a smaller hook; if it is narrower, with a larger one. If only the chain edge is tight, make the chain with a larger hook.
