Gauge

10 stitches and 15 rows to 4 in (10 cm) in thermal stitch.

Count every stitch, the single crochet at the two edges too.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. Ch 16. Row 1: Sc in 2nd ch from hook and in each ch across. Row 2: Ch 1, turn; sc in first st, sc in back loop only of next 13 sts, sc in last st. Rows 3 to 22: Ch 1, turn; sc in first st, thsc in next 13 sts, sc in last st. The swatch of 22 rows is about 6 in (15 cm) wide and 5¾ in (14.5 cm) high. Measure 4 in (10 cm) in the middle. Use a larger hook if your swatch is small, a smaller one if it is large. Single crochet in row 1 of the collar: 11.5 rows to 4 in (10 cm). Collar, belt and pocket tops: 8 rows of half double crochet (UK: half treble) in the back loop to 4 in (10 cm), and 10 sts.

Notes

- The finished bust is 7 in (18 cm) wider than the body measurement at each size. Choose by the finished measurement you like; no fit is promised beyond the measurements given.
- The turning chain (ch 1 for single and half double crochet) never counts as a stitch. Work the first stitch of every row into the first stitch, at the base of the turning chain.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- Every row of thermal stitch begins and ends with a single crochet worked under both loops, so that the edges are firm. Row 1 is single crochet and row 2 leaves the first free loops; the thermal stitch begins in row 3.
- On the sleeves, an increase row has 2 sc in its first and in its last st. In the row after it, the st beside the edge st has no free loop behind it: it is worked as a single crochet in the back loop only, as the row says. From then on it is a thermal stitch like the others.
- The fabric is the same on both sides: the right side is the side you choose for the outside. Mark it on each piece.
- The last row of a front is its shoulder. The sts are counted on the last row and the rows from the foundation chain.
- The fabric is double, so the coat is warm and heavy. A light, lofty yarn keeps it from growing long.
- Work the collar loosely enough that the front edge does not draw up.
- Sew every seam with the yarn needle and the yarn of the coat.
- In back loop only: insert the hook under the loop of the stitch that is farther from you, and leave the nearer loop free.

Instructions

M, to fit bust 37 in (94 cm). US terms.

ch chain, **sc** single crochet (UK double crochet), **hdc** half double crochet (UK half treble), **st** stitch.
(55 sc): the stitches you have when the row is done. **How to read a pattern**.

Special stitches

thsc (thermal single crochet (UK thermal double crochet)): The st you work into shows two loops at its top, and behind it, one row lower, lies a loop that was left free when that st was worked. Insert the hook under the back loop of the st (the loop farther from you) and then under that free loop; yarn over and pull up a loop through both, yarn over and pull through both loops on the hook. The front loop of the st stays free for the next row. The fabric comes out of double thickness, and the same on both sides.

Assembly

1. Shoulders: lay the two fronts on the back with right sides together and the side edges level, each front at one side. The last rows are the shoulders. Sew the 18 sts of row 150 of each front to the 18 sts at that end of row 150 of the back, one to one, with the yarn. The middle 19 sts of the back stay open for the neck.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

2. Pockets: lay a pocket on the right side of each front, with its foundation chain on the line between rows 32 and 33 of the front, 1 st of the front free between the pocket and the front edge and 1 st free between the pocket and the side edge. Sew down one side, along the lower edge and up the other side with its own end; the ribbed top stays open.

3. Collar and front bands: work them now, as written above.

4. Sleeves: with right sides together, lay the middle of the top edge of a sleeve (row 76, 44 sts) at a shoulder seam, 22 sts to each side of it. Sew 22 sts to the ends of rows 118 to 150 of the back and 22 sts to the ends of rows 118 to 150 of the front, about 2 sts to every 3 row ends, with the yarn. Sew the second sleeve to the other side.

5. Sides and sleeves: with right sides together and the yarn, sew each side seam, the ends of rows 1 to 117 of the back to the ends of rows 1 to 117 of the front, row to row. Sew each sleeve seam, row end to row end, from the underarm down to row 13 with right sides together, and rows 12 to 1 with wrong sides together, so that the seam is hidden when the cuff is turned back. Turn rows 1 to 12 of each sleeve back to the right side.

6. Belt loops: at each side seam, sew one end of a belt loop over the seam at row 82 of the body and its other end over the seam at row 94, with its own end and a new length of the yarn of about 8 in (20 cm). The loop stands off a little between its ends, for the belt to run through.

7. Belt: draw it through the two loops and tie it in front, over the lapped fronts. It is not sewn on.

Finishing

- Weave in all the ends. Wash as the yarn label says and lay flat to the measurements to dry.

In all: 10 pieces.
