Gauge

13 stitches and 14 rounds to 4 in (10 cm) in single crochet.

The gauge is measured on the hat itself, at the two places the rounds name: across the crown, which checks the height of the rounds, and round the outside of the hat with a soft tape, along the round just worked, which checks the stitches and so the size round. If the hat measures more round than its round says, begin again with a smaller hook; if less, with a larger one. If it is right round and the crown measures more than it says, your rounds are taller than the gauge and the hat will come out deeper than stated; if the crown measures less, it will come out shallower.

The pattern also stops you to measure after round 12.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 16, put a soft tape round the outside of the hat along that round, without pulling it in: the hat should measure about 22¼ in (57 cm) round.

Before you start

- Measure the head if you can: put a soft tape round its widest part, across the middle of the forehead and just above the ears, and choose the size whose head measurement is nearest. This hat is not meant to grip: each size is made as large round as the head it is for, or a little larger, by no more than about ½ in (1.5 cm), as nearly as whole stitches allow (in the rounded centimeters below that can show as 2 cm).
- The pattern is written in United States terms; the United Kingdom term stands beside each stitch in the list of abbreviations.
- The hat begins with a magic ring: wrap the yarn once round two fingers, leaving a tail of 6 in (15 cm), and with the hook draw a loop of the working yarn up through the ring. Keep that loop on the hook and make the chain that round 1 begins with; where round 1 names no chain, make 1 chain to hold the loop, and do not count it. Work the stitches of round 1 into the ring, over the tail too, then pull the tail until the ring is closed.
- The right side of the hat faces you in every round; the rounds are never turned.
- A joined round begins with a chain that does not count as a stitch and ends with a slip stitch in its first stitch. Unless the line says otherwise, the first stitch of the next round goes into the same place as that slip stitch.
- To change yarn at the start of a round, finish the joining slip stitch of the round before with the new yarn. Where a yarn rests for 4 rounds or fewer before it is used again, carry it up the inside; where it rests for more, or is not used again, cut it, leaving a tail of 6 in (15 cm).
- Where one round has two yarns, carry the yarn not in use along the top of the round before and work over it, and change yarn in the last yarn over of the stitch before the new color. Pull the carried yarn neither tight nor loose, so that the round keeps its size. The chain at the start of such a round is made in the yarn of its first stitch: finish the joining slip stitch before it with that yarn. A line that names no yarn goes on in the yarn the line before it ended with.

- The number at the end of each line is the number of stitches it has when it is finished; chains and slip stitches that are not named there are not counted.
- Woman: for a head of 22 in (56 cm). The finished hat is about 22¼ in (57 cm) round and about 7½ in (19 cm) deep, with a brim about 2¼ in (6 cm) wide; the edge of the brim is about 32 in (81 cm) round.

Instructions

Chosen: Woman, head 22 in (56 cm). Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch and sc is double crochet.

Yarns in order of use: B, pine; A, ivory.
