Abbreviations

Written in US terms. Where the UK name differs it is given beside the US one.

sc	single crochet (UK dc, double crochet)
BLO	back loop only
MR	magic ring
yo	yarn over (UK yrh, yarn round hook)
st	stitch
rnd	round
RS	right side

Special stitches

bo (Bobble): [yo, insert hook in the place named, yo, pull up a loop, yo, pull through 2 loops] 4 times, yo, pull through all 5 loops on hook. Push it out to the right side. It leaves 1 bo for the next round.

Gauge

14 stitches and 15 rounds to 4 in (10 cm) in single crochet.

The bobble rounds are counted at the same height as single crochet rounds: each bobble is pushed out to the front.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. The gauge is checked on the piece itself: after round 7 the base should measure about 3¾ in (9.5 cm) across, laid flat and not stretched. If the piece measures more than that, begin again with a smaller hook; if it measures less, with a larger hook.

Before you start

- Begin with a magic ring: wind the yarn once round two fingers, put the hook through the ring, draw up a loop and chain 1 to hold it, which does not count as a stitch. Work round 1 into the ring, then pull the tail to draw the ring closed.
- The rounds are not joined: work in a spiral, and move a marker up to the first stitch of each round.
- Where the pattern says BLO, put the hook under the back loop only; the front loop stays on the outside as a ridge.
- In a bobble round a bobble and a single crochet (UK double crochet) go into the stitches by turns. A bobble is worked with the right side facing, and its bump comes out on the back: push it through to the right side with a finger as you go. The bobbles of each stripe stand over the gaps between the bobbles of the stripe below; unjoined rounds lean a little, so they need not stand there exactly.
- Measure round your jar at its widest and from the table to the place where its shoulder begins to curve in. The pint size is for a jar 9¾ in (25 cm) to 10¾ in (27.5 cm) round, the quart size for one 10¾ in (27.5 cm) to 12¼ in (31 cm) round; on a jar at the small end the cover is loose and on one at the large end it stretches. The cover should come up to the shoulder or a little below it. For a taller jar work one more stripe, which is four rounds and about 1 in (2.5 cm): first a round of sc in the next color, then a bobble round in it, then two rounds of sc in A. One more stripe takes about 15 yd (14 m) of its color and 10 yd (9 m) of A.
- To change color, draw the new yarn through as the last yarn over of the stitch before. Cut the old yarn at each change, leaving a tail of 6 in (15 cm).
- Colors, round by round. Rounds 1 to 9: A. Rounds 10 to 11: B. Rounds 12 to 13: A. Rounds 14 to 15: C. Rounds 16 to 17: A. Rounds 18 to 19: D. Rounds 20 to 21: A. Rounds 22 to 23: B. Rounds 24 to 25: A.
