Gauge

13 stitches and 14 rounds to 4 in (10 cm) in single crochet, worked in the round.

The gauge is measured on the hat itself, at two rounds that each size names; no separate piece is worked. The first measure is across the crown and checks the rounds; the second is round the outside of the hat, along the round just worked, and checks the stitches, which set how far round the hat is. If the hat measures more round than its size says, begin again with a smaller hook; if less, with a larger one. If it is right round and the crown measures more than its size says, your rounds are taller than the gauge and the hat will come out deeper than stated; if the crown measures less, your rounds are shorter and the hat will come out shallower. The hat is worked by its counts either way.

The pattern also stops you to measure after round 11.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 15, put a soft tape round the outside of the hat along that round, without pulling it in: the hat should measure about 21 in (53.5 cm) round.

Before you start

- Measure the head if you can: put a soft tape round its widest part, across the middle of the forehead and just above the ears. Choose the size whose head measurement is nearest the one you measured. Each size is made smaller round than the head it is for, by about 1 in (2.5 cm): it has the nearest whole number of stitches to that, and the nearest even number where the brim is ribbed. Its own measure is given with each size.
- The pattern is written in United States terms.
- The hat begins with a magic ring: wrap the yarn once round two fingers, leaving a tail of 6 in (15 cm), and with the hook draw a loop of the working yarn up through the ring. Keep that loop on the hook and make the chain that round 1 begins with; where round 1 names no chain, make 1 chain to hold the loop, and do not count it. Work the stitches of round 1 into the ring, over the tail too, then pull the tail until the ring is closed.
- The outside of the hat always faces you; the work is never turned.
- The rounds are worked in a spiral and are not joined: put a marker in the first stitch of each round and move it up every round.
- The number at the end of each round is the number of stitches the round has.

- At each change cut the yarn you leave, with a tail of 6 in (15 cm), and leave a tail as long on the yarn you take up. In a spiral a change of yarn shows as a small step where the rounds meet.
- The band is worked in the back loop only, which leaves the front loops as lines round the hat.
- The yarn is given by its weight and a length, not by balls: a ball's length differs from one yarn to another, so read the length on its label.
- Woman: for a head of 22 in (56 cm). The finished hat is about 21 in (53.5 cm) round and about 8½ in (21.5 cm) deep.
- Rounds 1 to 3: yarn A. Rounds 4 to 6: yarn B. Rounds 7 to 9: yarn C. Rounds 10 to 12: yarn A. Rounds 13 to 15: yarn B. Rounds 16 to 18: yarn C. Rounds 19 to 21: yarn A. Rounds 22 to 24: yarn B. Rounds 25 to 27: yarn C. Rounds 28 to 30: yarn A.

Instructions

Chosen: Woman, head 22 in (56 cm). Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sc is double crochet.
