Bobble stitch messy bun hat

Woman, head 22 in (56 cm) · US terms

Finished size

About 21 in (53 cm) round and about 7½ in (19 cm) deep, measured from the edge of the opening; the opening is about 2½ in (6 cm) across

To fit a head of 22 in (56 cm)

Skill

Easy

Joined rounds, one special stitch, a post stitch rib

Yarn

Medium (4)

Hook

5.5 mm (US I-9)

Gauge

13 stitches and 10 rounds to 4 in (10 cm)

In half double crochet.

You will need

Yarn: mustard, medium (4) **about 190 yd (174 m), an estimate**

Hook: 5.5 mm (US I-9), or the size that gives you the gauge. Also: a soft tape measure, a yarn needle and scissors.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added.

Special stitches

FPdc (front post double crochet; UK FPtr): Yarn over, insert the hook from front to back and to the front again around the post of the stitch named, and finish as a double crochet. The post stands out toward you. It leaves 1 front post double crochet for the next round.

BPdc (back post double crochet; UK BPtr): Yarn over, insert the hook from back to front and to the back again around the post of the stitch named, and finish as a double crochet. The post stands away from you. It leaves 1 back post double crochet for the next round.

bob (bobble): In the place named work 5 unfinished double crochet (UK treble): [yarn over, insert the hook in the place named, pull up a loop, yarn over, pull through 2 loops] 5 times (6 loops on the hook), yarn over and pull through all 6 loops. Push the bobble out to the right side, the side that faces you. In the next round the stitch over the bobble goes under the two top loops of that last pull-through. It leaves 1 bobble for the next round.

Gauge

13 stitches and 10 rounds to 4 in (10 cm) in half double crochet.

The gauge is measured on the hat itself, at the two places the rounds name: across the crown, which checks the height of the rounds, and round the outside of the hat with a soft tape, along the round just worked, which checks the stitches and so the size round. If the hat measures more round than its round says, begin again with a smaller hook; if less, with a larger one. If it is right round and the crown measures more than it says, your rounds are taller than the gauge and the hat will come out deeper than stated; if the crown measures less, it will come out shallower. The depths given are worked out from the rounds: to 4 in (10 cm) go 14 rounds of single crochet or 10 rounds of half double crochet or 7 rounds of double crochet or 7 rounds of post stitches. Post stitches often come out a little shorter than that, and then the hat is a little shallower than stated.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 7, put a soft tape round the outside of the hat along that round, without pulling it in: the hat should measure about 21 in (53 cm) round.

The pattern also stops you to measure after round 3.

Before you start

- Measure the head if you can: put a soft tape round its widest part, across the middle of the forehead and just above the ears, and choose the size whose head measurement is nearest. Each size is made about 1 in (2.5 cm) smaller round than the head it is for, as nearly as whole repeats of its stitches allow, so that it stays on.
- The pattern is written in United States terms, the directions of the special stitches too; the United Kingdom term stands beside each stitch in the list of abbreviations.

- The hat begins with a ring of chains that stays open at the crown: leave a tail of 6 in (15 cm) before the first chain. Round 1 is worked into the ring, over the chains, not into each chain.
- The right side of the hat faces you in every round; the rounds are never turned.
- A joined round begins with a chain that does not count as a stitch and ends with a slip stitch in its first stitch. Unless the line says otherwise, the first stitch of the next round goes into the same place as that slip stitch.
- A post stitch goes around the post of the stitch straight below it in the round before, whatever kind of stitch that is; the line says whether it is a front post or a back post stitch.
- The number at the end of each line is the number of stitches it has when it is finished; chains and slip stitches that are not named there are not counted.
- The opening in the crown is there for a bun or a ponytail to be drawn through. Its width, not stretched, is named with the size.
- Every ring of bobbles has the same number of bobbles. From the second ring on, every bobble stands under the middle of the space between two bobbles of the ring before it. A firm single crochet on each side of a bobble keeps it round.

Instructions

Chosen: Woman, head 22 in (56 cm). Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch, sc is double crochet, hdc is half treble and dc is treble.
