A number is a row of the list.

What you need

A 6 inch (15 cm) hoop.

A 9 inch (23 cm) square of white or light cotton or linen.

An embroidery needle, size 7.

One skein of each color (an estimate from the drawing's lines and shapes).

A water-soluble pen, and small scissors.

Onto the fabric

Fabric you can see through: page 2 taped to a sunny window, the fabric over it; trace.

Other fabric: dressmaker's carbon paper, colored side down, page 2 on top; trace with a ballpoint.

Iron-on pen: go over page 3, the mirrored page, and press it ink side down as the pen's packet says. The lines stay.

Then hoop it, inner ring under, tight as a drum.

How to read it

Floss has six strands: cut 18 inches (45 cm), pull out the number named one at a time, and lay them together.

The back is seen: no knots. Start with tiny stitches; end around the backs of four or five stitches.

6 inch hoop

Print at 100% and measure the square. Trace the black lines only. The gray ring is the hoop: fold the fabric in four and lay the folds on its ticks.
On the drawing a ring is one French knot: mark a dot; a loop is one lazy daisy, begun at its point.
