What you need

Yarn A: rust, stripes, pockets and fringe	**about 175 yd (160 m), an estimate**
Yarn B: mustard, stripes and pockets	**about 105 yd (96 m), an estimate**
Yarn C: sage, stripes and pocket edges	**about 175 yd (160 m), an estimate**
Yarn D: cream	**about 350 yd (320 m), an estimate**

By weight: about 400 g in all, an estimate, where 100 g is 200 yd (183 m).

Hook: 5.5 mm (US I-9). Also: yarn needle, scissors, tape measure and about 20 straight pins.

Before you start

- To change color, draw the new color through as you close the slip stitch that joins the round. Cut the old color, leaving a tail of about 6 in (15 cm), and fasten in a fresh piece each time: the yarn amounts and the ends to weave in are counted this way.

Gauge

13 stitches and 7 rows to 4 in (10 cm) in double crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 8 the piece, laid flat, is about 4 5/8 in (11.5 cm) from the tip to the last row. If yours is smaller, use a larger hook; if it is larger, use a smaller one.

Both sizes are printed in full when they are chosen. For a wider shawl work more growing rows, each with one group more, and the same number of narrowing rows; every row added is about 1¼ in (3 cm) of width and, with the one at the other end, about 1 1/8 in (3 cm) of length. In the straight rows the brackets are then worked one time more. For another length work 2 rows more or fewer in yarn D among the four cream rows in the middle of the shawl (two on each side of the middle): after a row that begins with ch 3, work first a row that begins with ch 4 and then one that begins with ch 3, with the brackets of the straight rows; 2 rows are about 1 1/8 in (3 cm). The pockets stay where they are, counted from each tip. The stripes are counted from each tip and do not change. The fringe has 4 knots more for every growing row added.

Instructions

S to L. US terms.

ch chain, **dc** double crochet (UK tr), **sl st** slip stitch, **sc** single crochet (UK dc), **dc3tog** 3 dc made into one, **sk** skip, **st** stitch.

2 dc in same st: **both in one stitch**. Dc in next 3 sts: one in each. **ch-1 sp**: the hole under the chain. The hook goes in the hole, never into a chain.

The ch 3 is the first dc: skip the first stitch; the last dc goes in the **top of the 3 chains**.

[ ] 2 times: 2 times in all. (12 dc, 3 ch-1 sps): the row now has that many; a check, not a step.

Also: RS right side, WS wrong side, sp space, yo yarn over.

Every stitch, drawn: flossfield.com/crochet/stitches.

Assembly

1. Pockets: lay the shawl flat, right side up. Number the 72 sc of the last round of a pocket, beginning with its first sc. Sc 1 to 24 are the top of the pocket and stay open. Lay a pocket on the shawl, right side up, over rows 14 to 26, halfway between the two long edges, with the open top toward the middle of the shawl (toward row 57) and sc 48 toward the tip. Pin it. Thread the needle with a length of yarn C about 48 in (122 cm) and sew sc 25 to sc 72 down with whip stitch, one stitch for each sc. Sew the other pocket over rows 89 to 101 in the same way, its open top toward the middle of the shawl too.

2. The middle of a pocket is about 21 3/8 in (54.5 cm) from the middle of the shawl, which lies at the back of the neck. Put the shawl on before you sew, and if your hands do not reach the pockets with ease, move both the same number of rows; one row is about 5/8 in (1.5 cm).

3. Whip stitch: bring the needle up through the shawl just inside the edge of the pocket and through the sc, carry the yarn over the edge of the pocket, put the needle down through the shawl close beside it, and come up again at the next sc.

Finishing

- Fringe: for every knot of the two points hold 3 pieces together, each 13 in (33 cm) long, and fold them in half; draw the fold from the wrong side to the right side through the place named, pass the 6 ends through the fold and pull snug. Work one knot round the end stitch (or the turning chain) at both ends of each of rows 1 to 14 and of each of rows 101 to 114, and one more at each tip: in the ring of row 1, and between the two last stitches of row 114. Each knot is in the yarn of its row: 18 knots of yarn A (54 pieces), 12 knots of yarn B (36 pieces), 12 knots of yarn C (36 pieces), 16 knots of yarn D (48 pieces). Trim this fringe at about 5½ in (14 cm).
- Fringe of the pockets: it is worked after the pockets are sewn on. For each knot hold 2 pieces of yarn A together, each 7 in (18 cm) long, 48 pieces in all. On each pocket work 12 knots in the same way, in every second sc of its last round, sc 37, 39, 41 and so on to sc 59, which are the lowest ones. Trim it at about 2 5/8 in (6.5 cm).
- Weave in the ends.

In all: 3 pieces; 4,786 stitches (4,186 in the shawl, 300 in each pocket).

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added.

Notes

- A group is 3 dc, all in one place. Between two groups there is a ch 1.
- "Same st" at the beginning of a row or a round is the stitch at the foot of the ch 3: in the shawl, the ch 3 and the 2 dc there are a group.

- Colors in the shawl: at the end of the last row of a color work the last dc until two loops are left on the hook, and draw the new color through them; the ch 3 or ch 4 of the next row is then in the new color. Cut the old color, leaving a tail of about 6 in (15 cm).
- In the straight rows every second row begins with ch 4, a dc and a ch-1 space, and the row after it has a group in that space too: there the ch 3 and 2 dc are its first group, and 2 dc and the dc in the 3rd ch of the turning ch its last one.
- In the last rows, where the shawl narrows, the stitches before the first ch-1 sp and those after the last one are passed over and left unworked; the last dc goes into the top of the turning ch. The dc3tog of the last row is worked over the 3 dc of the one group.
- dc3tog: (yo, insert the hook in the next st, yo and pull up a loop, yo and draw through 2 loops) 3 times, yo and draw through all 4 loops on the hook.
- The pockets are worked in joined rounds with the right side facing; they are not turned. Make two.
- The ch 3 at the start of a row or round counts as a dc; the last stitch of the next row is worked into the top of it.
- The ch 4 at the start of a row or round counts as a dc and a ch-1 sp. The stitch that closes over it goes into its 3rd chain.
- A ch 1 at the start of a row does not count as a stitch.
- A stitch worked into a chain space goes into the open space under the chain, not into a chain stitch. Stitches that lie before the space are passed over and left unworked.
- Where several stitches have one place after them, as in "2 dc in same st", they are all worked into that one place.
- What is in square brackets is worked as many times as the number after them says, in all.
- Buy whole balls from one dye lot.
- The shawl is about 16 1/8 in (41 cm) across and about 65 1/8 in (165.5 cm) long from tip to tip, without the fringe. Each end is a point, 14 rows long, about 8 in (20.5 cm). A pocket is about 7 3/8 in (19 cm) across.
- 114 rows, the same from both tips to the middle. Rows 1 to 14: every row has one group of 3 dc more. Rows 15 to 100: straight. Rows 101 to 114: every row has one group less.
- Stripes. Yarn A (rust): rows 1 to 4, 28 to 31, 46 to 49, 66 to 69, 84 to 87 and 111 to 114. Yarn B (mustard): rows 6 to 8, 40 to 43, 72 to 75 and 107 to 109. Yarn C (sage): rows 10 to 12, 34 to 37, 52 to 55, 60 to 63, 78 to 81 and 103 to 105. Yarn D (cream): all the other rows, among them rows 13 to 27 and rows 88 to 102, where the pockets are.
