You will need

Yarn A: sage, main — **about 1,025 yd (937 m), an estimate**
Yarn B: ivory, contrast — **about 200 yd (183 m), an estimate**
Hook: 5.5 mm (US I-9). Also: yarn needle, scissors and tape measure.

To find how many balls: divide by the length on your yarn's label and round up. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added. To measure your own: work the swatch and measure it, mark the yarn where the swatch begins and ends, pull the swatch out and measure the yarn it took; divide by the area of the swatch and multiply by the area of the piece.

Gauge

14½ stitches and 7 rows to 4 in (10 cm) in diagonal post stitch. Along a row, count every stitch and every chain between stitches as one.

To count your gauge in the middle of the test piece: 15 stitches side by side are about 4.1 in (10.5 cm) wide, and 7 rows are about 4 in (10 cm) tall. A row has no chains between its stitches.

The pattern also stops you to measure after row 6.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF.

The swatch. Work the test piece first. This piece is wide, and starting again after the first place to stop means working its first rows a second time. A test piece to measure and pull out. It is not the start of the pattern. The test piece is about 5¾ in (15 cm) wide and 7½ in (19 cm) tall, so that you can count over 4 in (10 cm) in the middle of it.

For another width, add or take away 3 chains at a time: each 3 chains adds one more repeat of each bracketed group, and 3 more stitches to a row that has no brackets. Measure your own gauge first.

- The ch 3 at the start of a row counts as a dc. It stands on the first st of the row below; the next st is the second. The last stitch of the next row is worked into the top of it. In row 2 that is the top of the skipped chs: the last ch you made of the foundation.
- To work an FPdc: yo, insert the hook from front to back to front around the post (the upright part) of the st, yo, pull up a loop, [yo, pull through 2 loops] 2 times. The front is the side that faces you as you work.
- To work a BPdc: the same, but insert the hook from back to front to back around the post of the st.
- Row 1 is the right side.
- Each post stitch stands one stitch along from the post stitch of the row below, so the raised stitches climb in slanting lines on the right side.
- Change yarn in the last yarn over of the last stitch of the row before.
- Cut a yarn when its stripe is done, leaving a tail of about 6 in (15 cm), and work over the tails as you go or weave them in at the end. The estimates include the tails.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others. Join a new ball at the end of a row, with the same tails: each join adds two ends.

Instructions

Chosen: Standard. Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms dc is treble, FPdc is front post treble and BPdc is back post treble.
