Gauge

13 stitches and 10 rounds to 4 in (10 cm) in half double crochet, worked in the round.

The gauge is measured on the hat itself, at two rounds that each size names; no separate piece is worked. The first measure is across the crown and checks the rounds; the second is round the outside of the hat, along the round just worked, and checks the stitches, which set how far round the hat is. If the hat measures more round than its size says, begin again with a smaller hook; if less, with a larger one. If it is right round and the crown measures more than its size says, your rounds are taller than the gauge and the hat will come out deeper than stated; if the crown measures less, your rounds are shorter and the hat will come out shallower. The hat is worked by its counts either way.

The pattern also stops you to measure after round 8.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 12, put a soft tape round the outside of the hat along that round, without pulling it in: the hat should measure about 21 in (53.5 cm) round.

Before you start

- Measure the head if you can: put a soft tape round its widest part, across the middle of the forehead and just above the ears. Choose the size whose head measurement is nearest the one you measured. Each size is made smaller round than the head it is for, by about 1 in (2.5 cm): it has the nearest whole number of stitches to that, and the nearest even number where the brim is ribbed. Its own measure is given with each size.
- The pattern is written in United States terms.

- The hat begins with a magic ring: wrap the yarn once round two fingers, leaving a tail of 6 in (15 cm), and with the hook draw a loop of the working yarn up through the ring. Keep that loop on the hook and make the chain that round 1 begins with; where round 1 names no chain, make 1 chain to hold the loop, and do not count it. Work the stitches of round 1 into the ring, over the tail too, then pull the tail until the ring is closed.
- The outside of the hat always faces you; the work is never turned.
- Each round begins with a chain that does not count as a stitch and ends with a slip stitch in the first stitch of the round. In a joined round that begins with a chain that does not count, the first stitch goes into the stitch the round was joined in, unless the line skips it in words.
- The number at the end of each round is the number of stitches the round has.
- At each change cut the yarn you leave, with a tail of 6 in (15 cm), and leave a tail as long on the yarn you take up. Make the slip stitch that joins the round, and the chain after it, with the new yarn.
- The brim is a rib of front post double crochet and back post double crochet, one after the other. A post stitch is a double crochet worked round the post of the stitch below and not into its top: a front post stitch with the hook put in from the front, a back post stitch with the hook put in from the back. In the first rib round the post stitches go round the stitches of the round before, the first front post stitch round the stitch the round was joined in. From the second rib round on, a front post stitch goes round a front post stitch and a back post stitch round a back post stitch.
- The depth of each size counts every round of the brim as a round of double crochet, 7 to 4 in (10 cm); the brim is not measured for the gauge.
- The yarn is given by its weight and a length, not by balls: a ball's length differs from one yarn to another, so read the length on its label.
- Woman: for a head of 22 in (56 cm). The finished hat is about 21 in (53.5 cm) round and about 8½ in (21.5 cm) deep. Before the brim is folded up the hat is about 10½ in (26.5 cm) deep; the fold turns up half of its 7 rib rounds.
- Rounds 1 to 2: yarn A. Rounds 3 to 4: yarn B. Rounds 5 to 6: yarn C. Rounds 7 to 8: yarn D. Rounds 9 to 10: yarn A. Rounds 11 to 12: yarn B. Rounds 13 to 14: yarn C. Rounds 15 to 16: yarn D. Rounds 17 to 18: yarn A. Rounds 19 to 20: yarn B. Rounds 21 to 22: yarn C. Round 23: yarn D.

Instructions

Chosen: Woman, head 22 in (56 cm). Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch, hdc is half treble, dc is treble, FPdc is front post treble and BPdc is back post treble.

Yarns in order of use: A, rust; B, mustard; C, cream; D, forest green.

Finishing

- Weave the tail of the ring through the stitches of round 1 on the inside and fasten it there.
- Fold the rib rounds in half up to the outside, so that the edge of the hat lies along the round where the rib begins.
- Weave in every tail that is left, on the inside of the hat, except those of the rounds that are turned up: weave these in on the outside of those rounds, which the fold hides.

In all: 23 rounds; 1,308 stitches; 24 ends to weave in.
