Special stitches

FPdc (front post double crochet; UK FPtr): Yo, insert the hook from front to back to front round the post (the upright part) of the stitch, yo and pull up a loop, (yo and draw through 2 loops) 2 times. It leaves 1 FPdc for the next row.

BPdc (back post double crochet; UK BPtr): Worked on wrong side rows: yo, insert the hook from back to front to back round the post of the stitch, yo and pull up a loop, (yo and draw through 2 loops) 2 times. It pushes the stitch out on the right side. It leaves 1 BPdc for the next row.

cf (front cross): Always worked over 4 post stitches and counted as 4 cf: skip the next 2 sts; work a front post treble (UK front post double treble) round each of the 2 sts after them (yo 2 times, insert the hook from front to back to front round the post of the stitch, yo and pull up a loop, (yo and draw through 2 loops) 3 times); then, passing in front of the two stitches just worked, work a front post treble round the first and round the second of the 2 skipped sts. "cf around next 12 sts" is three such crossings, one after another. It leaves 1 cf for the next row.

cb (back cross): As the front cross, but pass behind the two stitches just worked to reach the 2 skipped sts, which then lie under them: the hook still goes round their posts from front to back to front. It is counted as 4 cb. "cb around next 8 sts" is two such crossings. It leaves 1 cb for the next row.

Gauge

13 stitches and 7 rows to 4 in (10 cm) in double crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 8 the piece, laid flat, is about 4.6 in (11.7 cm) tall. If yours is shorter, use a larger hook; if it is taller, use a smaller one.

A wider or a narrower wrap: change the plain stitches in the middle (31 here) by a multiple of 3, which keeps the braids of the fringe even, one braid for every 3 stitches; every row changes by that number. A longer or a shorter one: work four rows more or fewer, so that the cable keeps its order; four rows are about 2.3 in (5.8 cm). The wrap is begun with a chain of its stitches plus 2.

Before you start

- A cable stitch goes round the post, the upright part, of the stitch of the row below, not into its top. In row 2 those are the plain stitches of row 1.
- The ch 3 at the start of a row counts as a dc; the last stitch of the next row is worked into the top of it. The chain stands on the first stitch of the row, so "next st" right after it is the second stitch.
- In row 2 the turning ch is the skipped chs at the start of row 1: its top is the one that was next to the hook.
- Row 1 is a right side row. Turn once between rows: the word "turn" near the start of each row is that turn.
- About 20 in (50.8 cm) by 61.1 in (155.2 cm), without the fringe.
- 65 stitches, 107 rows. The two cables are 12 stitches wide, about 3.7 in (9.4 cm), with a border of 5 stitches outside each and 31 stitches of double crochet between them.
- Cable rows are the odd rows from 3 to 105: rows 3, 7, 11 and so on to 103 have three crossings in each cable, rows 5, 9, 13 and so on to 105 have two.

Instructions

Chosen: Shawl. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms dc is treble and yo is yarn over hook.

Yarn A, oatmeal cream.

Finishing

- Fringe: it is braided. Cut 168 pieces of yarn A and 84 pieces of yarn B, each 18 in (45.7 cm) long. For each braid hold 4 pieces of A and 2 of B together and fold them in half, draw the fold from back to front through the edge at one stitch, pass the ends through the fold and pull snug: 12 ends hang. At each short end set the braids in the third stitch from one side and in every third stitch after it (stitches 3, 6, 9 and so on to 63, 21 braids); at the foundation edge go through the chain under the stitch. Braid the 12 ends in three groups of 4, the 4 ends of B being one group: right group over the middle one, left group over the middle one, over and over for about 3.5 in (8.9 cm). Tie all 12 ends in one knot there and trim them about 1 in (2.5 cm) below it.
- Weave in the ends. The two that are counted are the first and the last end of the wrap; every time a new ball of yarn A is begun there are two more.

In all: 107 rows.
