Bobbles, and color changes inside the rows

Yarn

Gauge
16 stitches and 18 rows to 4 in (10 cm)
In single crochet (UK double crochet).

What you need

Yarn A: white, main color	**about 170 yd (155 m), an estimate**
Yarn B: pine, stripe	**about 50 yd (46 m), an estimate**
Yarn C: red, stripe	**about 130 yd (119 m), an estimate**

By weight: about 180 g in all, an estimate, where 100 g is 200 yd (183 m).

Fiber: cotton

Hook: 4.5 mm (US 7), or the size that gives you the gauge. Also: a yarn needle, scissors, a tape measure and rustproof pins.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 30 percent added.

Gauge

16 stitches and 18 rows to 4 in (10 cm) in single crochet. Along a row, count every stitch and every chain between stitches as one.

Work the tree cloth first and check it there when 5 rows are done, laid flat: the 33 stitches of a row are about 8¼ in (21 cm) wide, and the 5 rows are about 1 1/8 in (2.8 cm) tall, from the foundation chain up; the bobbles of row 4 do not change that. Keep to the same hook for all three cloths. If the rows measure more, start again with a smaller hook; if they measure less, with a larger one.

Notes

- Row 1 is a right side row, and so is every odd row.
- The ch 1 at the start of a row or round does not count as a stitch: the first stitch of a row goes into the first st, the one the turning chain rises from, and the last into the last st.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- The candy cane cloth and the star cloth are worked in rows of single crochet; no stitch of any other kind is used in them. The chart shows the star, one square to a stitch. A row that faces you with its right side is read from right to left on the chart, and a wrong side row from left to right; the words give every row in the order you work it.
- To change color inside a row, work the last stitch of the old color until its last yarn over, and make that yarn over with the new color. Where a row begins "With" a yarn, make the last yarn over of the row before with it, so that the turning chain is in that yarn too.
- In all three cloths every yarn runs from edge to edge through the rows that are named for it: lay the yarns not in use along the top of the row below (in row 1, along the foundation chain) and work over them, so that they lie hidden inside the stitches and are at the edge when the row ends. Join a yarn at the edge where the first row named for it begins: a yarn that begins that row is joined with the last yarn over of the row before (in row 1, it is the yarn of the chain); any other is laid along the top of the row below, from the edge on, and worked over. So A in row 1 of the candy cane cloth is laid along the foundation chain, from the 2nd ch from the hook on, and the first 3 sc are worked over it. Let the end of a joined yarn, about 6 in (15 cm), hang at the edge. When the last row named is done, cut the yarn at the edge, leaving an end of the same length there.
- Leave a tail of about 6 in (15 cm) when you begin, when you join a yarn and when you fasten off, unless another length is given.
- When a ball runs out in the rows, change to a new ball of the same color at the end of a row (a row takes up to about 4 yd (3.7 m) of a yarn). If the first stitch of the next row is in the color that has run out, make the last yarn over of the row with the new ball and cut the old one at the edge. If that stitch is in another color, so that the color that has run out is only carried there, cut the old ball at the edge when the row is done, and lay the new one in from the edge with the next row, as any carried yarn is joined. In the round of the edging, make the last yarn over of any stitch with the new ball. Leave an end of about 6 in (15 cm) on both.
- To join a yarn with a sl st, make a slip knot of it on the hook, put the hook in the place named, yo, and pull through the place and the loop on the hook.
- Edging: work along the last row, down the ends of the rows, along the other side of the foundation chain and up the ends of the rows. The 3 sc in one place turn a corner.
- Tree cloth: the bobbles are worked on wrong side rows, each in B or C, and stand out on the right side: push each one through with a fingertip. Work the last yarn over of the sc before a bobble with the color of the bobble, and the last yarn over of the bobble with A. A is in use in every row and rests inside the bobble while it is worked.
- Candy cane cloth: A and C are both in use in every row. Work over the one not in use without pulling it tight: spread the stitches just worked out flat before every change of color, so that the cloth stays as wide as the tree cloth.
- The edging of each cloth is one round, worked with the right side facing. The ch 1 at its start does not count as a stitch.
- Use cotton yarn: it takes up water and stands up to washing.
- Buy whole balls from one dye lot.

Star edging

Yarn A, white.

Hold the cloth with the right side facing you and the last row at the top; the first st is the one at the right-hand corner. The 33 chs of the foundation are the chains that row 1 was worked into.

☐ **Foundation**	Work around the edge of the piece, right side facing: the 33 sts of the last row, the ends of the 37 rows, the 33 chs of the foundation, the ends of the 37 rows.	
☐ **Rnd 1**	Join A with sl st in first st, ch 1, 3 sc in first st, sc in next 31 sts, 3 sc in next st, sc in end of each of next 37 rows, 3 sc in next ch, sc in next 31 chs, 3 sc in next ch, sc in end of each of next 37 rows; join with sl st in first sc	(148 sc)
☐ **End**	Fasten off.	

Finishing

- Weave in all ends with the yarn needle, the wrong side of the cloth facing you. First the two ends of A in the tree cloth that hang at its first chain and where it is fastened off, the two ends of C at the same places in the star cloth, and the ends in all three edgings: through the backs of stitches of the same color for about 3 in (7.5 cm), changing direction once.
- Every end that is left, all those of the candy cane cloth itself among them, hangs at the edge of a row, where a yarn was joined or cut. Draw it from the edge lengthwise through the inside of the stitches of that row, whatever their color, as the carried yarns lie: along about 12 stitches, then back along about 4 of the same, and cut it close. So the two ends of B in the tree cloth lie inside the white stitches of row 8 and of row 32. In the candy cane cloth two ends hang where row 37 ends: draw A through row 37 and C through row 36. The end of C at the first chain goes through row 1.
- Pin each cloth out square, dampen it and let it dry.

In all: 3 pieces.
