Gauge

10 stitches and 8½ rounds to 4 in (10 cm) in half double crochet.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. Ch 16; begin in the 2nd ch from the hook and work 13 rows of half double crochet on 15 sts, about 6 in (15 cm) wide and 6 in (15 cm) high, and measure 4 in (10 cm) in the middle. Use a larger hook if your swatch is small, a smaller one if it is large.

Before you start

- Women's sizes.
- A poncho hangs free and is measured by its neck and its depth. Choose by the depth you like; no fit is promised beyond the measurements given.
- The rounds are not turned; the right side always faces you.
- The chain at the start of a round (ch 1 for single and half double crochet) never counts as a stitch. Work the first stitch of the round into the stitch at its base.
- The rounds begin and end at one side. In rnd 1 each chain of the ring is worked as a stitch. Each ch-2 sp is the point of the front or of the back. The chain spaces are counted apart from the stitches.

- The neck has no opening and goes on over the head. Make the foundation chain and the rounds at the neck loosely, with a hook one size larger if you need it, and see that the chain goes over the head before you go on.
- The depths are measured on the poncho itself, from the foundation chain: the cowl is outside them.
- Color changes in rounds: work the sl st that joins the round before with the new yarn. Cut the old yarn, leaving an end of about 6 in (15 cm), or, if it is needed again within 6 rnds, carry it loosely up the inside at the join.

Instructions

Chosen: Size M. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch, sc is double crochet and hdc is half treble.
