What you need

Yarn: any one color (oat in the picture), super bulky (6) **about 180 yd (165 m), an estimate**

By weight: about 200 g, an estimate, where 100 g is 90 yd (82 m).

Hook: 9 mm (US M/N-13), or the size that gives you the gauge. Also: a yarn needle with a large eye, scissors and a tape measure.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 15 percent added.

Sizes

Size	Head	Finished size, about	Yarn, an estimate
Women (this file)	**a head of 21 to 23 in (53 to 58 cm)**	**26 in (66 cm) around, 10¾ in (27 cm) deep**	**about 180 yd (165 m)**
Large	a head of 23 to 25 in (58 to 64 cm)	30 in (76 cm) around, 12¼ in (31 cm) deep	about 230 yd (210 m)

Gauge

8 stitches and 5½ rounds to 4 in (10 cm) in the pattern of puffs and posts.

Check it on the snood itself, laid flat and not stretched, when 5 rounds are done: in Women the doubled tube is about 13 in (33 cm) across; in Large the doubled tube is about 15 in (38 cm) across; and the 5 rounds are about 3¾ in (9.5 cm) deep. If they measure more, start again with a smaller hook; if they measure less, with a larger one.

Notes

- Every round is joined and the work is not turned: the side that faces you is the right side, and it is the outside.
- The ch 1 or ch 2 at the start of a round does not count as a stitch.
- The first stitch of a round goes into the same stitch as the joining sl st (in round 1, the same chain). The joining sl st itself is not a stitch and is not worked into.
- From round 2 on, every puff stands in the top of the stitch below it, every BPdc goes around the post of the stitch below it and every FPdc around the post of the stitch below it: in round 2 these are the dc of round 1, and after that puff stands on puff, BPdc on BPdc and FPdc on FPdc. So the columns go straight up.
- Work the foundation chain loosely: it is the edge at the foot, and it has to pass over the head. When round 1 is done, see that the ring goes over the head easily. If it does not, begin again with a looser chain.
- Work the puffs loosely. Each puff has one top, the two loops that close it: the puff of the next round goes under both of them.
- Leave a tail of about 6 in (15 cm) when you begin and when you fasten off, unless another length is given.
- When a ball runs out in the middle of a round, work the last yarn over of a stitch with the next ball, and leave a tail of about 6 in (15 cm) on both.
- The snood is larger around than the head it is given for and goes on over it. Measure the head round over the forehead and the ears; a head of 23 in (58 cm) can take either size. It lies in soft folds round the neck.
- Buy whole balls from one dye lot.
