Abbreviations

Written in US terms. Where the UK name differs it is given beside the US one.

sc	single crochet (UK dc, double crochet)
sc2tog	single crochet 2 stitches together (UK dc2tog, double crochet 2 stitches together)
MR	magic ring
RS	right side

Gauge

20 stitches and 22 rounds to 4 in (10 cm) in single crochet, in a spiral.

20 sc and 22 rounds = 4 in (10 cm), worked in a spiral. To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2¼ in (5.5 cm) across. The stitches should be tight enough that the stuffing does not show.

Before you start

- Every piece is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up.
- Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With A," (or another letter), work the last pull-through of the round before it in A. Cut the old yarn and knot the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Head: the center line runs between stitches 27 and 28 of round 11 (54 sts). It faces the front, round 1 at the top.
- Body: the center line runs between stitches 18 and 19 of round 6 (36 sts). It faces the front.
- Right and left are as you look at the front of the toy. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- Eyes: for a child under three, or a pet, embroider the eyes instead of plastic ones: satin stitch dots of the same size in C (dark brown).
- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, ovals, details) are for Standard: for another size multiply them by the number in its line.
- Small: fine (2, sport) yarn, 2.25 mm (B-1) hook, 27 sc and 30 rounds to 4 in (10 cm): about 4 in (10 cm) tall to the tips of the horns; eyes 7 mm; multiply lengths by 0.74; about 0.74 times the yarn.
- Large: bulky (5, chunky) yarn, 5 mm (H-8) hook, 14 sc and 15.4 rounds to 4 in (10 cm): about 7½ in (19 cm) tall to the tips of the horns; eyes 14 mm; multiply lengths by 1.4; about 1.4 times the yarn.
- Jumbo: super bulky (6, plush or velvet) yarn, 6.5 mm (K-10½) hook, 11 sc and 12.1 rounds to 4 in (10 cm): about 9½ in (24 cm) tall to the tips of the horns; eyes 18 mm; multiply lengths by 1.8; about 1.8 times the yarn.
- Every size is approximate and follows from your gauge and how firmly you stuff.

Instructions

Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sc is double crochet and sc2tog is double crochet 2 stitches together.

Assembly

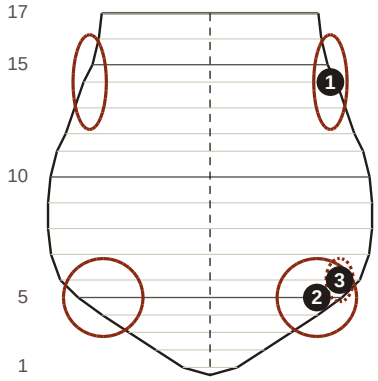
Head: 1 ears, 2 horns, 3 muzzle, 4 eyes, 5 cheeks



Body: 1 arms, 2 legs, 3 tail

Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. In every step: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on. Set the head on the open edge of the body (24 sts), center lines in line: the edge lies on round 23 of the head (24 sts). With the tail of the body, sew every stitch of the edge to the head, and top up the stuffing in the neck before the last stitches so that the head does not wobble.

2. Pin the two ears to the head: the middle of each flat edge lies between rounds 9 and 10, one to each side, 12½ stitches from the center line (23 stitches apart across the side opposite the center line). The flat edge lies with its upper end on about round 7, 11 stitches from the center line, and its lower end on about round 12, 14 stitches from it. They point out to the side, then curve until the tip of each points out to the side and down. Bend each as you pin it and hold the curve with a stitch or two on its inner side. Sew through both layers of the 4-stitch edge with the tail.

3. Pin the two horns to the head: the middle of each open edge lies on round 6, one to each side, 8 stitches from the center line (16 stitches apart). The edge (9 sts) covers about rounds 5 to 7 of the head. They point out to the side, then curve until the tip of each points up. Bend each as you pin it and hold the curve with a few running stitches along its inner side, drawn up a little. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

4. Pin the muzzle to the head: the middle of the open edge lies on round 18, on the center line. The edge (27 sts) covers about rounds 15 to 21 of the head. It points forward. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

5. Pin the two arms to the body: the middle of each open edge lies on round 14, one to each side, 6 stitches from the center line (12 stitches apart). The edge (12 sts) covers about rounds 12 to 16 of the body. They point out to the side and down, then curve until the tip of each points down and forward. Bend each as you pin it and hold the curve with a few running stitches along its inner side, drawn up a little. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

6. Pin the two legs to the body: the middle of each open edge lies on round 5, one to each side, 4½ stitches from the center line (9 stitches apart). The edge (15 sts) covers about rounds 3 to 7 of the body. They point forward and out to the side from under the front edge of the body, lying along the table. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

7. Pin the tail to the body: the middle of the open edge lies on round 6, 12 stitches to the right of the center line. The edge (6 sts) covers about rounds 5 to 7 of the body. It points to the right. Sew all the way round with its tail of yarn.

Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand inside the toy. Knot in the lengths of yarn at the same time. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Eyes: two 10 mm black plastic eyes, on the head on round 14, one to each side, 6 stitches from the center line (12 stitches apart).
- Nostrils: with C (dark brown), two straight stitches side by side, about 3/16 in (5 mm) tall, each pair on the muzzle, one to each side, ½ in (13 mm) out from its center and 1/8 in (3 mm) above the middle of the muzzle.
- Mouth: with C (dark brown), in backstitch, a smile, one curve about ½ in (13 mm) wide that dips 1/8 in (3 mm) below its ends. Its two ends are on the muzzle, 3/16 in (5 mm) above the middle of the muzzle, one to each side of its center. It lies between the two nostrils, its ends a little higher than their middles.
- Cheeks: with D (rose), in satin stitch, an oval about 5/16 in (8 mm) wide and 3/16 in (5 mm) tall, its middle on the head on round 18, one to each side, 8½ stitches from the center line (17 stitches apart).
- Forelock: cut 48 lengths of E (copper), each 4¾ in (12 cm) long. At each place, use the needle to draw two lengths under the stitch, from side to side, until 2¾ in (7 cm) of each hangs out on one side. Tie the two sides together in a firm knot close to the fabric, pull the ends of the other side inside the toy and trim the ends left outside to 1 3/8 in (3.5 cm). They fall forward over the forehead. Where a piece covers a place, use the nearest free stitch. The places on the head, counting stitches from the center line (stitch 1 is the one beside it): round 3: stitches 1 and 2 right and stitch 1 left; round 4: stitches 1 and 2 on each side; round 5: stitches 1, 2 and 3 right and stitches 1 and 2 left; round 6: stitches 1, 2, 3, 4, 5 and 6 on each side.
- Weave every tail through the toy and trim it. For a toy that will be played with, go round each seam a second time with a new length of yarn. Check the seams and small parts from time to time.

In all: 12 pieces; 2,354 stitches (948 in the head, 468 in the body, 68 in each ear, 47 in each horn, 114 in the muzzle, 135 in each arm, 117 in each leg, 90 in the tail); 24 ends to weave in.
