Crocodile stitch scarf

Standard · US terms

Finished size
About 6¾ × 67 in (17 × 170 cm)

Skill
Advanced
Stripes, scales worked around posts, a short seam

Yarn
Light (3), 5 colors

Hook
4.5 mm (US 7)

Gauge
15 stitches and 11 rows to 4 in (10 cm)
In crocodile stitch.

What you need

Yarn A: deep sea blue, main color	**about 150 yd (137 m), an estimate**
Yarn B: ocean teal, contrast	**about 145 yd (133 m), an estimate**
Yarn C: lagoon, contrast	**about 145 yd (133 m), an estimate**
Yarn D: sea foam, contrast	**about 145 yd (133 m), an estimate**
Yarn E: pale foam, contrast	**about 150 yd (137 m), an estimate**

By weight: about 290 g in all, an estimate, where 100 g is 250 yd (229 m).

Hook: 4.5 mm (US 7), or the size that gives you the gauge. Also: yarn needle, scissors and tape measure.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added. To measure your own: work the swatch and measure it, mark the yarn where the swatch begins and ends, pull the swatch out and measure the yarn it took; divide by the area of the swatch and multiply by the area of the whole scarf. The tails and the seam are not in it: add one tenth to that figure, so that you do not run short. The sum is the yarn for all the colors together: divide it among them by the rows each one has.

Gauge

15 stitches and 11 rows to 4 in (10 cm) in crocodile stitch.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

To count your gauge in the middle of the test piece: two repeats (12 foundation chains), measured from the point of one scale straight across to the point of the second scale after it in the same row, are about 3.2 in (8.1 cm) wide, and 12 rows, half of them rows of scales, are about 4.4 in (11.2 cm) tall. The gauge counts foundation chains: a row has more stitches or fewer.

The pattern also stops you to measure after row 8.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. The test piece is about 6¾ in (17 cm) wide and 6¼ in (16 cm) tall, so that you can count over 4 in (10 cm) in the middle of it.

> | **Swatch rows 7 to 17** | Repeat swatch rows 3 to 6 in order, over and over. The last row, swatch row 17, is worked as swatch row 5. | |

For another width, add or take away 6 chains at a time: each 6 chains is 6 more sts in row 1, one more repeat of the bracketed group in each of the rows after it, but two more repeats in the last row. Measure your own gauge first.

Notes

- The two halves are alike: work the same rows two times, each half from its own foundation chain, the scalloped end, to the middle of the scarf. Every scale points to the scalloped end of its half.
- The ch 5 at the start of a row counts as a dc and a ch-2 sp and stands on the first st of the row below. The last sc of the next row goes into the 3rd of those 5 chains. The ch 3 at the start of rows 4, 8, 12 and so on counts as a dc and stands on the first st of the row below; the 2 dc in the same st go into that st too. The last sc of the next row goes into the top of that ch 3.
- The ch 1 at the start of a row does not count as a stitch: the first sc goes into the first st of the row below.

- To work an FPdc: yo, insert the hook from front to back to front around the post (the upright part) of the st, yo, pull up a loop, [yo, pull through 2 loops] 2 times. The front is the side that faces you as you work. In a scale the post lies across: put the hook behind it from the edge nearest you, so that the tip comes out to the front again beyond the post.
- Row 1 is the right side.
- A dc or an sc worked into a scale goes into its middle: insert the hook between the two posts of the pair the scale is worked around, just under their tops.
- From row 4 on the 2 dc of a pair go into an sc and 1 dc goes into each scale, so that the scales of one row stand between the scales of the row before. The 3 dc at each edge in rows 4, 8, 12 and so on are no pair (at the start of the row the ch 3 is the first of the 3): no scale goes around them, and rows 5, 9, 13 and so on have 4 sc at each edge.
- The scales are always worked with the right side facing. The last row is worked with the wrong side facing: one sc into the first st and then 3 sc into each sc and into the middle of each scale. A left-handed maker makes the quarter turn counterclockwise, with the top of the first post at the left and the foot of the 2nd post at the left.
- Several of one stitch named together ("2 dc in next st") are all worked into that one place.
- Change yarn in the last yarn over of the last stitch of the row before.
- Cut a yarn when its stripe is done, leaving a tail of about 6 in (15 cm), and work over the tails as you go or weave them in at the end. The estimates include the tails.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others. Join a new ball at the end of a row, with the same tails: each join adds two ends.
- Whip stitch: bring the needle through both edges from front to back, over the top and through from front to back again, all in the same direction.
- Buy whole balls from one dye lot.
- Of the 92 rows of each half, A has 19, B 18, C 18, D 18 and E 19.
- The length is measured from the foundation chain to the last row of a half, and two times that for the scarf; it leaves out the points of the first row of scales, which hang about 5/8 in (1½ cm) below the foundation chain.

Instructions

Standard. US terms.

ch chain, **sc** single crochet (UK double crochet), **dc** double crochet (UK treble), **sp** space, **st** stitch.
FPdc round the stitch below, from the front, **sk** skip, **yo** yarn over the hook, **RS** right side, the one that shows.
2 dc in next st: both in one stitch. **sc in next 4 sts**: one in each. **ch-2 sp**: the gap under two chains; the hook goes in the gap.
[ ] 3 times: work what is inside 3 times in all.
(25 sc): the stitches you have when the row is done. **How to read a pattern**.

Special stitches

scale (crocodile scale): Over a pair of dc, with the right side facing you. Turn the piece a quarter turn clockwise, so that the post of the first dc of the pair lies across with its top at the right: 5 FPdc around that one post, side by side from its top to its foot, ch 1. Turn the piece half a turn, so that the post of the 2nd dc of the pair lies across with its foot at the right: 5 FPdc around that post, side by side from its foot to its top. Turn the piece upright and open the two halves outward. The ch 1 is the point of the scale and is not worked into.

☐ **End**	Fasten off, leaving a 6 in (15 cm) tail.	

Assembly

1. Weave in the ends of both halves first. Lay the two halves one on the other, with the right sides together and the two last rows along one edge.

2. With a 26 in (66 cm) length of yarn E, whip stitch the two last rows together, through both loops of both edges, one stitch to each of the 25 sc, from corner to corner. Fasten off at both ends, weave in these 2 ends and open the scarf out flat, with the seam on the wrong side.

Finishing

- Lay the scarf flat with the scales on top and smooth them, so that the points of each half lie toward its own scalloped end. Pull the scarf gently to its size, dampen it and let it dry.

In all: 2 pieces.
