What you need

Yarn A: smoky blue, first and other waves	**about 600 yd (549 m), an estimate**
Yarn B: ink blue, cuffs, edges and sewing	**about 105 yd (96 m), an estimate**
Yarn C: mist, second waves	**about 575 yd (526 m), an estimate**

By weight: about 640 g in all, an estimate, where 100 g is 200 yd (183 m).

Hook: 5.5 mm (US I-9), or the size that gives you the gauge. Also: yarn needle, scissors, tape measure and pins.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added.

Sizes

Size	Finished size, about	Yarn, an estimate
S to M (this file)	**58¼ × 26½ in (148 × 67 cm)**	**about 1,280 yd (1,170 m)**
L to XL	63¼ × 29¾ in (161 × 76 cm)	about 1,540 yd (1,408 m)
2X to 3X	68 × 32¾ in (173 × 83 cm)	about 1,855 yd (1,696 m)

Gauge

13 stitches and 10.4 rows to 4 in (10 cm) in the wave pattern.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 13 the piece, laid flat, is about 5 in (12.7 cm) from the first row to the last. If yours is smaller, use a larger hook; if it is larger, use a smaller one.

Each size in the list is printed in full when it is chosen. A wave is 16 stitches, about 4.9 in (12.4 cm) of the length from cuff to cuff: chain 16 more or fewer for each wave and work the square brackets of the wave rows once more or once less. The seams along the long edges keep their stitches (39 stitches for S to M, 42 stitches for L to XL, 46 stitches for 2X to 3X at each end), so the whole change comes to the open part between them: it has 16 stitches more or fewer for each wave. Four rows (one row of waves each way and two rows of sc) are about 1.5 in (3.8 cm) of the depth: add them before the last three rows, and let the last band be in the color whose turn it is. A sleeve end then has 2 stitches more after its first row for every 4 rows added; in its second row the square brackets are worked 6 times as before and one sc in every stitch that is left. A cuff has as many rows as the sleeve end has stitches after its second row.

Notes

- BLO means back loop only: the loop that is farther from you as you look at the row you are working.
- sc2tog (UK: dc2tog) joins 2 stitches into one: insert hook in next stitch, yo and pull up a loop, 2 times, then yo and draw through all 3 loops on the hook.
- The waves come from stitches of four heights. Every row of waves has its tall stitches where the row of waves before it has its short ones, so that after two of them the piece is level again. The rows of sc between follow the waves.
- In the first row of a sleeve end each stitch goes round the edge stitch or the turning chain at the end of a row of the shawl.
- Whip stitch: take the needle through both edges from the back to the front, over the edges to the back again, and through the next pair of stitches, always in the same direction, without pulling tight.
- The ch 4 at the start of a row counts as a tr; the last stitch of the next row is worked into the top of it. The chain stands on the first stitch of the row, so "next st" right after it is the second stitch.
- A ch 1 at the start of a row does not count as a stitch.
- What is in square brackets is worked as many times as the number after them says, in all.
- Row 1 is a right side row. Turn once between rows: the word "turn" near the start of each row is that turn.
- To change color, work the last stitch of the old color until two loops are left on the hook and draw the new color through them. Cut the old color, leaving a tail of about 6 in (15.2 cm), and fasten in a fresh piece each time: the yarn amounts and the ends to weave in are counted this way.
- Buy whole balls from one dye lot.
- From the edge of one cuff to the edge of the other it is about 58.3 in (148.1 cm); the shawl is about 26.6 in (67.6 cm) deep before it is folded, so each sleeve is about 26.6 in (67.6 cm) round at its widest. The cuffs are about 8 in (20.3 cm) round, not stretched.
- Rows 1 and 70 are in yarn B. Rows 2 and 3 are in yarn A; after them the color changes every four rows, C, A, C, A and so on, and the last two rows before row 70 are in yarn C.

Assembly

1. Fold the shawl in half along its length with the right side inside, so that row 1 and row 70 lie edge to edge, and pin. At each end, with a length of yarn B about 48 in (121.9 cm), begin at the last row of the sleeve end, whip stitch its two short sides together where they meet (2 rows) and go on along the long edges for 39 stitches, about 12 in (30.5 cm): take in each stitch of row 70 and the chain opposite it, under row 1. Fasten off. The 82 stitches between the two seams (about 25.2 in (64 cm)) stay open on both edges: that is the opening for the neck, the back and the body. Turn the shawl right side out.

2. Cuffs: with the right side inside, fold each cuff so that its last row lies on its foundation chain, and with a length of yarn B about 20 in (50.8 cm) whip stitch the two edges together, 13 stitches, to make a tube about 8 in (20.3 cm) round and 4 in (10.2 cm) long.

3. Slip each cuff, its right side still inside, over a sleeve with one end of it even with the last row of the sleeve end and the seam of the cuff on the seam of the sleeve. With a length of yarn B about 30 in (76.2 cm) whip stitch all round: one stitch for each of the 30 stitches of the sleeve end and the end of each of the 30 rows of the cuff. Turn the cuff down over the hand.

4. To wear it: put an arm into each sleeve so that one open edge lies round the neck and over the shoulders and the other across the back.

Finishing

- Weave in the ends.

In all: 5 pieces; 12,112 stitches (11,200 in the shawl, 66 in each sleeve end, 390 in each cuff).
