Special stitches

block: (sl st, ch 3, 3 dc) in the ch-3 sp named. Beg block (beginning block): ch 6, dc in 4th ch from hook and in each of the next 2 chs; the three chs skipped at its start are its ch-3 sp. In UK terms: sl st, ch 3, 3 tr. It leaves 1 stitch for the next row or round.

Gauge

5 blocks to 4 in (10 cm) in corner to corner, counted along a straight edge.

Check it on the blanket itself when row 6 is done, laid flat: each of its two straight edges is 6 blocks long, about 4¾ in (12.2 cm). If they measure more, start again with a smaller hook; if they measure less, with a larger one.

Before you start

- Corner to corner: the piece begins at the bottom right corner with one block and grows by a block in every row. When one edge is as long as it will be, that edge stops while the other goes on growing; at last every row has a block fewer, to the corner across.
- Turn at the start of every row but the first. A row that begins with a beg block grows at that edge. A row that begins with sl st in next 3 sts walks across the three dc of the block below to its ch-3 sp. A row that ends with sl st in next ch-3 sp stops there: no block is worked in that space.
- Every block of a row goes into the ch-3 sp of a block of the row before, the space made by its ch 3. Row 1 is a right side row, and so is every odd row.
- Leave a tail of about 6 in (15 cm) when you begin, when you join a yarn and when you fasten off, unless another length is given. The ends that are not sewn with are woven in.
- When a ball runs out, work the last yarn over of a stitch with the new yarn, and leave a tail of about 6 in (15 cm) on both. In the rows do it in the last stitch of a row; in the rounds of the edging any stitch will do.
- Stitches in parentheses are all worked into the one place named after them. "4 dc in same st" puts all 4 stitches in that one place.
- In joined rounds, the first stitch of a round goes into the same stitch as the joining sl st, unless the round begins by moving on with a sl st. The joining sl st itself is not a stitch and is not worked into.
- To join a yarn with a sl st, make a slip knot of it on the hook, put the hook in the place named, yo, and pull through the place and the loop on the hook.
- Every row is worked in one color. Where a row begins "With" a yarn, make the last yarn over of the row before with it: that is the yarn over that ends the last dc of the row, or, where the row ends with sl st in next ch-3 sp, the yarn over of that sl st. Cut the old yarn at every change, and leave tails of about 6 in (15 cm).
- The border is worked in the round with the right side facing; do not turn between rounds. The ch 1 at the start of a round does not count as a stitch. Fasten off the yarn of the blocks before it is begun.
- Along an edge each block shows one of its sides: the tops of its three dc, its ch 3, the post of its last dc, or the three chs under the dc of a beg block. Whichever it is, that side takes three sc: one into each of the three sts or chs, or all three around the post or under the whole ch 3.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- Every size has all its rows and rounds set out by themselves, under the heading with its name. Work from the rows of the one size.
- In the border, a new color is joined with the joining sl st: where a round begins "With" a yarn, make the sl st that ends the round before with it. Cut the cream yarn after rounds 2 and 9 and the graphite yarn after round 7. From round 3 to round 7, where graphite and steel gray change places every round, leave the yarn that rests at the join, on the wrong side, and carry it up loosely; cut the steel gray after round 6. Every cut end is about 6 in (15 cm).
- Moss stitch, rounds 3 to 7: the ch 1 that follows the corner, like every ch 1 between two sc, makes a ch-1 sp. Each sc of a round stands in a ch-1 sp of the round before (in round 3, on a sc), and each ch 1 passes over one sc. The last ch 1 of rounds 4 to 7 passes over the st that the round left behind when it began with a sl st.
- The border may end sooner. After round 2 it is a plain border, after round 7 a moss stitch border: fasten off there. Round 8 goes into every sc and every ch-1 sp, so that the scallops stand on a firm edge.
- If round 1 ripples along an edge, work the border with a hook one size smaller; if it pulls the edge in, with one size larger.

Instructions

Chosen: Baby. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch, sc is double crochet, dc is treble, sk is miss, yo is yarn round hook and tr is double treble.

Border

Yarns in order of use: E, cream; A, graphite; B, steel gray.

Hold the piece with the corner of row 1 at the bottom right. The first block is the one at the right-hand end of the top edge.

How round 1 meets the blocks: every block along an edge takes 3 sc, and every corner of the blanket takes ch 2, worked between the last sc of one edge and the first sc of the next. A block that stands at a corner is an end block of both its edges: it takes 3 sc on each.

☐ **Foundation**	Work around the edge of the blocks, right side facing: the 35 blocks of the top edge, the 43 blocks of the left edge, the 35 blocks of the bottom edge, the 43 blocks of the right edge.

Base, rounds 1 and 2: single crochet

☐ **Rnd 1**	Join E with sl st in side of first block, ch 1, 3 sc in side of first block, 3 sc in side of each of next 34 blocks, ch 2, 3 sc in side of each of next 43 blocks, ch 2, 3 sc in side of each of next 35 blocks, ch 2, 3 sc in side of each of next 43 blocks, ch 2; join with sl st in first sc	**(468 sc, 4 ch-2 sps)**
☐ **Rnd 2**	Ch 1, sc in same st as join, sc in next 104 sts, (sc, ch 2, sc) in next ch-2 sp, sc in next 129 sts, (sc, ch 2, sc) in next ch-2 sp, sc in next 105 sts, (sc, ch 2, sc) in next ch-2 sp, sc in next 129 sts, (sc, ch 2, sc) in next ch-2 sp; join with sl st in first sc	**(476 sc, 4 ch-2 sps)**
