Gauge

10 stitches and 7 rows to 4 in (10 cm) in diamond stitch, rows of color and rows of cream together. Along a row, count every stitch and every chain between stitches as one.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

To count your gauge in the middle of the test piece: there are no chains between the stitches here, so count the stitches alone: 8 stitches side by side are about 3¼ in (8 cm) wide. Measure the rows over all 11 rows of the test piece, from edge to edge, which are about 5 in (13 cm) tall: rows of sc are lower than rows of color, so a few rows in the middle would give another number.

The pattern also stops you to measure after row 5.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. The test piece is about 6¾ in (17 cm) wide and 5 in (13 cm) tall, so that you can count stitches over 4 in (10 cm) in the middle of a row and measure the height over all 11 rows.

For another width, add or take away 8 chains at a time: each 8 chains is one more diamond across, one more repeat of the bracketed group in every row of color and 8 more stitches in every row of cream. Measure your own gauge first. The border is worked into whatever the edge has: count your own stitches and row ends for its first round.

Finishing

- Weave in the ends.
- Lay the piece flat, pull it gently to its size, dampen it and let it dry.

In all: 13,774 stitches (12,100 in the throw, 1,674 in the border); 72 ends to weave in.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added. To measure your own: work the swatch, pull it

out and measure the yarn it took, tails and all. At the gauge of this pattern that is about 20 yd (18 m), by the same reckoning as the estimates and with nothing added. If yours took more, divide your yards by 20 (or your meters by 18) and multiply every estimate above by the answer; the 30 percent stays in it. The swatch is in one color; every color of the blanket is multiplied by the same number.

Notes

- The ch 4 at the start of a row counts as a tr. It stands on the first st of the row below; the next st is the second. The last stitch of the next row is worked into the top of it.
- The ch 1 at the start of a row does not count as a stitch: the first stitch of the row goes into the first st of the row below.
- Row 1 is the right side.
- Change yarn in the last yarn over of the last stitch of the row before.
- A yarn that rests for 4 rows or fewer is carried: so A, which rests only while the two rows of a band are worked, waits at the edge and goes loosely up it to its next row, which begins at that edge. A yarn that rests longer is cut when the last row before the rest is done: so B, C, D and E are joined where a band begins and cut when its two rows are done, leaving a tail of about 6 in (15 cm). Work over the tails as you go or weave them in at the end. Fasten A off after the last row and join it anew for the border.
- A row of single crochet over a band rises and falls with it. Do not draw it tight: the valleys fill in the next band.
- Several of one stitch named together ("3 sc in first st") are all worked into that one place.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others. Join a new ball at the end of a row, with the same tails: each join adds two ends.
- The border is worked in rounds with the right side facing. Round 1 begins in the st just joined, which it calls "first st", goes along the last row to the other end, which it calls "last st", then down the left side, along the foundation edge and up the right side.
- Along the foundation edge the ch skipped at the start of row 1 is not counted: the last ch is the one under the first stitch of row 1.
- The chain at the start of a round does not count as a stitch. After round 1, the first stitch of a round goes into the stitch that the slip stitch joined: that stitch is the first of the next stitches.
- Where a round names a new yarn, change to it in the slip stitch that joins the round before, and cut the old yarn, leaving a tail of about 6 in (15 cm).
- Buy whole balls from one dye lot.
