Gauge

18 stitches and 19 rows to 4 in (10 cm) in single crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 1 the flower measures about 1 in (2.5 cm) across. If yours is larger, use a smaller hook; if it is smaller, use a larger hook.

Before you start

- Rounds are worked with the right side facing; do not turn.
- Magic ring: wrap the yarn round two fingers, work the first round or row into the loop, then pull the tail until the ring is closed. Four chains joined into a ring with a slip stitch may be used instead.
- A chain 1 at the start of a round does not count as a stitch.
- Fasten off the old color, then join the new one with a slip stitch in the place named; the first stitch or chain of the line is worked in that same place.
- The figures in brackets at the end of a line count its stitches and the chain spaces between them; slip stitches are not counted.
- The ch 2 at the start of Rnd 1 is not worked into again: leave it behind the first dc.
- Each petal of Rnd 3 is 5 dtr with a ch-4 sp on each side of them. Rnd 4 goes round the edge of each petal, with the hdc at its tip, in the middle one of the 5 dtr; the 2 sc that it skips lie in the dip between two petals. Draw the yarn straight across from the last sc of one petal to the first sc of the next.
- The same words in another yarn make another size, measured straight across: fine yarn (2) and a 3.25 mm hook, about 3 in (8 cm); medium yarn (4) and a 5 mm hook, about 4¾ in (12 cm); bulky yarn (5) and a 6.5 mm hook, about 6 in (15 cm).

Instructions

Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch, sc is double crochet, hdc is half treble, dc is treble and dtr is triple treble.
