Gauge

18 stitches and 21 rounds to 4 in (10 cm) in single crochet.

18 stitches and 21 rounds to 4 in (10 cm) in single crochet. After Rnd 27, above the thumb, when there are 38 stitches, the piece is about 8½ in (21.5 cm) round.

Before you start

- Measure round the palm just above the thumb, without the thumb, and choose the size nearest to it. Measure also from the wrist to the tip of the longest finger, to compare with the length of the hand given with the size.
- The pattern makes a pair. It is worked from the cuff up.
- In a joined round, the ch at the start does not count as a stitch: the first stitch goes into the stitch the ch stands on (a post stitch goes round its post), and the sl st that closes the round goes into the top of that first stitch.
- In a spiral the rounds are not joined: put a marker in the first stitch of each round and move it up every round.
- The right side faces you in every round.
- To change color, work the last stitch before the change until its last loops are on the hook, then draw the new color through them. A color that rests for 4 rounds or fewer can wait on the inside and be drawn up again; cut one that rests longer, leaving a tail of 6 in (15 cm). After a joined round, draw the new color through with the sl st that closes it.
- The figures in brackets at the end of a line are the stitches it has.

Instructions

Chosen: Men's medium, palm 8½ in (21.5 cm) round. Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch, dc is treble and sc is double crochet.
