Finished size
**About 13¾ in (35 cm) round and about 5½ in (14 cm) deep**
To fit a head of 15 in (38 cm)

Skill
**Easy**
Double crochet worked in joined rounds with increases

Yarn
**Light (3)**

Hook
**4.5 mm (US 7)**

Gauge
**15 stitches and 8 rounds to 4 in (10 cm)**
In double crochet, worked in the round.

## You will need

Yarn: periwinkle, light (3) **about 60 yd (55 m), an estimate**

Hook: 4.5 mm (US 7). Also: a soft tape measure, a yarn needle and scissors.

To find how many balls: divide by the length on your yarn's label and round up. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added.

## Gauge

**15 stitches and 8 rounds to 4 in (10 cm)** in double crochet, worked in the round.

The gauge is measured on the hat itself, at two rounds that each size names; no separate piece is worked. The first measure is across the crown and checks the rounds; the second is round the outside of the hat, along the round just worked, and checks the stitches, which set how far round the hat is. If the hat measures more round than its size says, begin again with a smaller hook; if less, with a larger one. If it is right round and the crown measures more than its size says, your rounds are taller than the gauge and the hat will come out deeper than stated; if the crown measures less, your rounds are shorter and the hat will come out shallower. The hat is worked by its counts either way.

The pattern also stops you to measure after round 4.

**Check your gauge on the piece.** Begin the pattern and measure the piece itself as you go. After round 8, put a soft tape round the outside of the hat along that round, without pulling it in: the hat should measure about 13¾ in (35 cm) round.

## Before you start

- Measure the head if you can: put a soft tape round its widest part, across the middle of the forehead and just above the ears. Choose the size whose head measurement is nearest the one you measured. Each size is made smaller round than the head it is for, by about 1 in (2.5 cm): it has the nearest whole number of stitches to that, and the nearest even number where the brim is ribbed. Its own measure is given with each size.
- The pattern is written in United States terms.
- The hat begins with a magic ring: wrap the yarn once round two fingers, leaving a tail of 6 in (15 cm), and with the hook draw a loop of the working yarn up through the ring. Keep that loop on the hook and make the chain that round 1 begins with; where round 1 names no chain, make 1 chain to hold the loop, and do not count it. Work the stitches of round 1 into the ring, over the tail too, then pull the tail until the ring is closed.
- The outside of the hat always faces you; the work is never turned.
- Each round begins with a chain that does not count as a stitch and ends with a slip stitch in the first stitch of the round. In a joined round that begins with a chain that does not count, the first stitch goes into the stitch the round was joined in, unless the line skips it in words.
- The number at the end of each round is the number of stitches the round has.
- The last round of the sides is the edge of the hat; no edging is worked.
- The yarn is given by its weight and a length, not by balls: a ball's length differs from one yarn to another, so read the length on its label.
- Baby: for a head of 15 in (38 cm). The finished hat is about 13¾ in (35 cm) round and about 5½ in (14 cm) deep.

| ☐ **End** | Fasten off, leaving a tail of 6 in (15 cm). | |

## Finishing

- Weave the tail of the ring through the stitches of round 1 on the inside and fasten it there.
- Weave in every tail that is left, on the inside of the hat.

In all: 11 rounds; 484 stitches; 2 ends to weave in.
