Fairy wing shawl

Adult · US terms

Finished size
About 56¼ × 15¾ in (143 × 40 cm)

Skill
Intermediate
Chain net, increases and decreases in net, surface slip stitch, sewing

Yarn
Light (3), 3 colors

Hook
5 mm (US H-8)

Gauge
15 stitches and 8 rows to 4 in (10 cm)
In double crochet.

You will need

Yarn A: ice mint, upper wings	**about 250 yd (229 m), an estimate**
Yarn B: lavender, lower wings	**about 140 yd (128 m), an estimate**
Yarn C: pearl, back panel, edges, veins and finger loops	**about 165 yd (151 m), an estimate**

Hook: 5 mm (US H-8), or the size that gives you the gauge. Also: yarn needle, scissors and tape measure.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added.

ch	chain stitch
sc	single crochet (UK dc, double crochet)
dc	double crochet (UK tr, treble)
dc2tog	double crochet 2 stitches together (UK tr2tog, treble 2 stitches together)
dc3tog	double crochet 3 stitches together (UK tr3tog, treble 3 stitches together)
RS	right side
WS	wrong side
sk	skip (UK miss)
sp	space
st	stitch
yo	yarn over (UK yoh, yarn over hook)

Gauge

15 stitches and 8 rows to 4 in (10 cm) in double crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 10 the first upper wing, laid flat and measured up its middle from the first row to the last, is about 5 in (12.7 cm). If yours is smaller, use a larger hook; if it is larger, use a smaller one.

Each size in the list is printed in full when it is chosen. For wings of another length work the two rows where the net stays as wide as it is, in the widest part of the wing, more or fewer times: two rows change a wing by about 1 in (2.5 cm), so a pair of them by about 2 in (5.1 cm) across.

Before you start

- A wing has a frame of 2 dc at each end of a row, a middle vein of 3 dc, and a net of chains on each side of the vein. Row 1, all dc, is the foot of the wing; the net begins in row 2 and ends with the fourth row from the last. The last three rows close the tip and have no net: first a row of dc, then two rows of decreases. "Dc in next 3 sts" in the middle of a row is the vein.
- The net, between the frame and the vein: a row either begins and ends it with a ch-2 sp, or it has ch-3 sps only. "Sk next ch-2 sp" passes over the short space and works nothing into it. The sc of the row below are passed over too: no stitch is worked into them.
- A row in which sc are worked into the ch-2 sps makes the net one ch-3 sp wider on each side of the vein. A row that begins and ends its net with ch 2 and passes over the ch-2 sps of the row below makes it one narrower. In all the other rows the width stays.
- dc2tog: (yo, insert hook in next st, yo and pull up a loop, yo and draw through 2 loops) 2 times, yo and draw through all 3 loops on the hook. dc3tog: the same, worked 3 times, then yo and draw through all 4 loops on the hook. At the start of a row the first leg of the first dc2tog goes into the first st, the stitch the ch 2 rises from. In the last row but one of a wing, the last leg of the last dc2tog goes into the top of the ch 3 that began the row below, the row with the groups of 3 dc. In the last row of a wing it goes into the first dc2tog of the row below; nothing is worked into the ch 2 that began that row.
- The end of a row, where the edge is worked, is the stitch that stands at the side of the wing. In row 1 and in every row up to the third from the last it is a dc, or the chain of 3 that counts as one: work round it, into the open space beside it. In the last two rows, the side where the row began has the ch 2 and, close beside it, a dc2tog: put the hook behind the two and work round both together. The side where the row ended has a dc2tog: work round that. Only the one shell at the tip is worked into the top of a stitch.

- Whip stitch: with the two edges side by side, pass the needle from back to front through the edge of the panel and a chain of the wing, bring the yarn over the two edges to the back, and pass it through again a little farther along.
- Make two wings of each kind. They are alike; the right side of row 1 is the right side of every wing. The back panel begins at its lower edge.
- The ch 3 at the start of a row counts as a dc; the last stitch of the next row is worked into the top of it. The chain stands on the first stitch of the row, so "next st" right after it is the second stitch.
- A ch 2 at the start of a row does not count as a stitch.
- A stitch worked into a chain space goes into the open space under the chain, not into a chain stitch. Stitches that lie before the space are passed over and left unworked.
- In row 2 the turning ch is the skipped chs at the start of row 1: its top is the one that was next to the hook.
- Where several stitches have one place after them, as in "3 dc in next ch-3 sp", they are all worked into that one place.
- What is in square brackets is worked as many times as the number after them says, in all.
- Row 1 is a right side row. Turn once between rows: the word "turn" near the start of each row is that turn.
- With the four wings laid straight out to the sides it is about 56.2 in (142.7 cm) across, from the tip of one upper wing over the back panel to the tip of the other, and about 15.7 in (39.9 cm) deep. The back panel is about 3.2 in (8.1 cm) wide and 9 in (22.9 cm) deep. An upper wing is about 26.5 in (67.3 cm) long and 12.5 in (31.8 cm) wide at its widest, a lower wing about 17.5 in (44.5 cm) long and 9.8 in (24.9 cm) wide. The shells of the edge (about 0.5 in (1.3 cm)) and the finger loops are left out.
- Yarn C: the back panel, the edges, the middle lines and the finger loops. Yarn A: the two upper wings, 53 rows each. Yarn B: the two lower wings, 35 rows each.

Instructions

Chosen: Adult. Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sc is double crochet, dc is treble, dc2tog is treble 2 stitches together, dc3tog is treble 3 stitches together and yo is yarn over hook.

Back panel

Yarn C, pearl.

☐ **Row 35 (RS)**	Ch 2, turn; dc2tog, dc3tog, dc2tog	**(3 dc)**
☐ **End**	Fasten off.	

Assembly

1. The edge of a wing (all four wings), a row of shells: with the right side facing, join yarn C with a slip stitch in the end of row 1, at the right end of the row. Ch 1, sc in the same end, [5 dc in the end of the next row, sc in the end of the next row] 26 (upper wing) or 17 (lower wing) times: that is up the side to the end of row 53 (upper wing) or 35 (lower wing), the last. 5 dc in the middle one of the 3 stitches of the last row. Then down the other side: sc in the end of the last row, [5 dc in the end of the next row, sc in the end of the next row] 26 or 17 times, to the end of row 1. Fasten off. That is 53 shells and 54 sc round an upper wing, 35 shells and 36 sc round a lower wing. The foundation chain has no edge: it is sewn to the panel.

2. The middle line of a wing (all four wings): the 3 dc in the middle of a row are the middle vein. With the right side up, hold yarn C under the work. Put the hook down through the work at the foot of the middle one of these dc in row 1 and draw up a loop. Then work slip stitches on the surface along the middle dc, 2 to every row: put the hook down a little farther along, draw up a loop of yarn C and draw it through the loop on the hook. The last slip stitch stands at the top of the last row but one. After it cut the yarn about 6 in (15.2 cm) from the work. The cut end is still on the wrong side: put the hook down through the work a little farther along the line, draw the whole end up to the right side and through the loop on the hook, and pull it tight. Then put the hook up from the wrong side just beyond that last loop, catch the end and draw it down to the wrong side, so that the end holds the loop down.

3. Finger loops (upper wings only): join yarn C with a slip stitch in the third of the 5 dc at the tip, ch 12, slip stitch in the same dc, fasten off.

4. Sewing: lay the back panel with its right side up and row 18 at the top. Lay an upper wing on each side of it, right side up, its foundation chain along the side of rows 10 to 18, and a lower wing on each side below it, its foundation chain along the side of rows 1 to 9. Where the two wings of a side widen, the upper one lies over the lower one. Whip stitch each foundation chain to the panel with a length of about 24 in (61 cm) of yarn C, 17 chains to 9 rows: about 2 stitches to the end of every row. Leave the edges of the upper and the lower wing open.

Finishing

- Weave in the ends.

In all: 5 pieces; 3,092 stitches (216 in the back panel, 923 in each upper wing, 515 in each lower wing).
