Gauge

13 stitches and 7 rows to 4 in (10 cm) in filet crochet. Along a row, count every stitch and every chain between stitches as one.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

The pattern also stops you to measure after row 5.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. The test piece is about 6½ in (17 cm) wide and 6¼ in (16 cm) tall, so that you can count over 4 in (10 cm) in the middle of it. Swatch row 1 has no turning ch: in swatch row 2 the last dc goes into the 2nd of the 5 chs skipped in swatch row 1, counted from the end where the hook was: the 1st of them is the space, and the 2nd is the top of the dc.

Finishing

- Fringe: wind yarn around the card and cut along one edge, for strands about 11 in (28 cm) long. For each tassel take four strands together, fold them in half, pull the fold through the edge with the hook and pull the ends through the fold. Put one tassel in every open square along both short ends: the squares of row 1 along the foundation edge, and the squares of the last row. Trim the ends level.
- Weave in the ends.
- Lay the piece flat, pull it gently to its size, dampen it and let it dry.

In all: 117 rows; 3,893 stitches.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added. The estimate counts the filled squares and the fringe too. To measure your own: work the swatch and measure it, pull the swatch out and measure all the yarn it took; divide by the area of the swatch and multiply by the area of the piece. The swatch is all open squares, and filled ones take more yarn: the notes under Before you start say how much to add for them. Then add the fringe; the notes say that too. Add a tenth to it all, so that you do not run short.

Notes

- The ch 4 at the start of a row counts as a dc and a ch-1 sp. It stands on the first st of the row below; the next st is the second. The last dc of the next row is worked into the 3rd of those 4 chains. In row 2 the last dc goes into the 2nd ch from the hook end of the 5 skipped chs: the one nearest the hook is the space, the next 3 are the dc, the last is left unworked.
- Row 1 is the right side.
- An open square is a dc, a ch 1 and a dc; a filled square has a dc in place of the ch 1. Neighboring squares share a dc. Where a filled square stands over an open one, its middle dc goes around the ch, into the ch-1 sp. All the other dc of rows 2 and up go into the top of a dc, except the last dc of each row: its place is said above.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others. Join a new ball at the end of a row, with the same tails: each join adds two ends.
- Buy whole balls from one dye lot.
- The size is without the fringe. The fringe takes 21 tassels on each short end, 168 strands in all: about 51 yd (47 m) of yarn. The estimate includes it.
- For a longer or a shorter scarf, work any even number of rows more or fewer where rows 38 to 81 are, which are all alike, and then go on with row 82 as printed. Each two rows are about 1 1/8 in (3 cm). The bats are planned for the widths given.
- If you measure your own yarn from the swatch, work out the figure for the area of the piece, add 40 parts in 100 to it for the filled squares, and then add the fringe.
