Gauge

15 stitches and 8 rows to 4 in (10 cm) in double crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 6 the top edge, laid flat and measured straight across from tip to tip, is about 8.5 in (22 cm). If yours is smaller, use a larger hook; if it is larger, use a smaller one.

The small size has 24 rows and the full size 32; each is printed in full when it is chosen. To use up another ball, weigh it and stop when what is left weighs less than one and a quarter times what the last row took, so that another row would not come out: each row takes one more group of 3 dc in each half than the row before it, and adds about 1.4 in (3.6 cm) to the top edge. The brackets of a row are worked one time fewer than the number of the row.

Before you start

- The ch 4 at the start of a row counts as a dc and a ch-1 sp. The stitch that closes over it goes into its 3rd chain.
- A stitch worked into a chain space goes into the open space under the chain, not into a chain stitch. Stitches that lie before the space are passed over and left unworked.
- Stitches in round brackets with a place after them, or several of one stitch with one place after them, are all worked into that one place. The brackets at the end of a row hold its count.
- What is in square brackets is worked as many times as the number after them says, in all.
- Row 1 is a right side row. Turn once between rows: the word "turn" near the start of each row is that turn.
- About 33.9 in (86.1 cm) across the top edge and 17 in (43.2 cm) deep.
- 24 rows of granny groups in one yarn. A plain yarn works as well.

Instructions

Chosen: Small, one ball of. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch and dc is treble.
