Special stitches

picot: Ch 3, sl st in 3rd ch from hook. It leaves It leaves a small loop standing on the stitch before it. for the next row.

Gauge

15 stitches and 8 rows to 4 in (10 cm) in double crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 6 the top edge, laid flat and measured straight across from tip to tip, is about 8.5 in (22 cm). If yours is smaller, use a larger hook; if it is larger, use a smaller one.

The shoulder shawl has 26 rows before the shells, the full shawl 32 and the large shawl 38; each is printed in full when it is chosen. The shells fit only after a row of double crochet whose number is two more than a multiple of 6, so work six rows more or fewer: six rows add about 8.5 in (21.6 cm) to the top edge.

Before you start

- The ch 3 at the start of a row counts as a dc; the last stitch of the next row is worked into the top of it. The chain stands on the first stitch of the row: "same st" right after it is that stitch, and "next st" is the one after it.
- The ch 4 at the start of a row counts as a dc and a ch-1 sp. The stitch that closes over it goes into its 3rd chain. The chain stands on the first stitch of the row: "same st" right after it is that stitch, and "next st" is the one after it.
- A ch 1 at the start of a row does not count as a stitch.
- A stitch worked into a chain space goes into the open space under the chain, not into a chain stitch.
- Stitches in round brackets with a place after them, or several of one stitch with one place after them, are all worked into that one place. The brackets at the end of a row hold its count.
- What is in square brackets is worked as many times as the number after them says, in all.
- Row 1 is a right side row. Turn once between rows: the word "turn" near the start of each row is that turn.
- About 38 in (96.5 cm) across the top edge and 19 in (48.3 cm) deep.
- 26 rows of lace and a last row of shells. Row 1, every fourth row (4, 8, 12 and so on to 24) and row 26 are rows of double crochet; all the others are mesh.
- In the mesh the ch 1 lies over the space it skips.

Instructions

Chosen: Shoulder shawl. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch, sc is double crochet and dc is treble.
