about 325 yd (297 m), an estimate

Hook: 5.5 mm (US I-9). Also: yarn needle, scissors and tape measure.

To find how many balls: divide by the length on your yarn's label and round up. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added. To measure your own: work the swatch and measure it, mark the yarn where the swatch begins and ends, pull the swatch out and measure the yarn it took; divide by the area of the swatch and multiply by the area of the piece.

Abbreviations

Written in US terms. Where the UK name differs it is given beside the US one.

ch	chain stitch
dc	double crochet (UK tr, treble)
RS	right side
sk	skip
st	stitch

Gauge

13 stitches and 7 rows to 4 in (10 cm) in crossed double crochet in every row.

To count your gauge in the middle of the test piece: 7 repeats of the bracketed group side by side (14 foundation chains' worth) are about 4.3 in (10.9 cm) wide, and 7 rows are about 4 in (10 cm) tall.

The pattern also stops you to measure after row 6.

The swatch. This piece is small enough to be its own test piece: you may skip the test piece, begin, and measure the width at the first place to stop. If you do make a swatch, it is a test piece to measure and pull out, not the start of the pattern. Gauge is counted over 4 in (10 cm), so make the swatch bigger than that: about 6 in (15 cm) each way, and count in the middle of it.

Swatch foundation	Ch 22.	
Swatch row 1 (RS)	Dc in 4th ch from hook (skipped chs count as dc) and in each ch across	(20 dc)
Swatch rows 2 to 11	Ch 3 (counts as dc), turn; [sk next st, dc in next st, dc in skipped st] 9 times , dc in top of turning ch	(20 dc)

For another width, add or take away 2 chains at a time: each 2 chains adds one more repeat of each bracketed group, and 2 more stitches to a row that has no brackets. Measure your own gauge first.

Before you start

- The ch 3 at the start of a row counts as a dc. The last stitch of the next row is worked into the top of it.
- Row 1 is the right side.
- The number of rows is our estimate: yours may differ, and the length does not change the stitch count.
- Work the second double crochet of each pair in front of the first, into the stitch that was skipped, so the two cross.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others.

Instructions

Chosen: Standard. Square brackets [] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms dc is treble.

☐ Foundation	Ch 24.	
☐ Row 1 (RS)	Dc in 4th ch from hook (skipped chs count as dc) and in each ch across	(22 dc)
☐ Rows 2 to 105	Ch 3 (counts as dc), turn; [sk next st, dc in next st, dc in skipped st] 10 times , dc in top of turning ch <i>Repeat until the piece measures about 60 in (152 cm): at our gauge that is row 105. Go by the tape measure, not the count.</i>	(22 dc)

A box for each row, 2 to 105: tick them off as you go. The heavy box is where you stop and measure.

Stop and measure when you have worked row 6. Width, across the middle of the rows and not along the chain edge: about 6¾ in (17 cm). If it is wider, start again with a smaller hook; if it is narrower, with a larger one. If only the chain edge is tight, make the chain with a larger hook.

☐ End	Fasten off, leaving a 6 in (15 cm) tail.
