Special stitches

pc (Popcorn): 5 dc in the place named, take the hook out of the loop, put it from front to back through the top of the first of the 5 dc, pick the loop up again and draw it through. It leaves 1 pc for the next row.

beg-pc (Beginning popcorn): Ch 3, 4 dc in the same place, take the hook out of the loop, put it from front to back through the top of the ch-3, pick the loop up again and draw it through. It counts as a pc. It leaves 1 pc for the next row.

Gauge

17 stitches to 4 in (10 cm) in double crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 5 the piece measures about 4¼ in (11 cm) across. If yours is larger, use a smaller hook; if it is smaller, use a larger hook.

Before you start

- Magic ring: wrap the yarn round two fingers, work the first round into the loop, then pull the tail to close it. Ch 4 joined into a ring with a sl st does as well.
- Every round is worked with the right side facing; do not turn.
- A beginning chain counts as the stitch in brackets after it. A ch 1 at the start of a round does not count as a stitch.
- When the next stitch or space of a kind is named, pass over anything else that comes before it. Work into a space round the chain, not into it.
- The sl sts at the start of a round carry the yarn to where the round begins; they are not counted.
- Join a new color with a sl st in the place named. Fasten off a color only where the round says so; where it does not, the same color goes on into the next round.
- This size is worked in DK weight cotton.

Instructions

Chosen: DK cotton. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch, sc is double crochet and dc is treble.
