US terms

Finished size

The sweater about 2¾ in (7 cm) from the neck edge to the lower edge, without the collar, the skirt about 2 5/8 in (6.5 cm) long with the waistband, the beret about 2 1/8 in (5.4 cm) across, a sock about 3 3/8 in (8.6 cm) from the toe to the top, laid straight

Skill

Intermediate

Ten pieces worked in rounds and rows, with nothing to sew.

Yarn

Super fine (1), 3 colors

Hook

2.25 mm (US B-1)

Gauge

28 stitches and 30.8 rounds to 4 in (10 cm)

In single crochet, in a spiral.

What you need

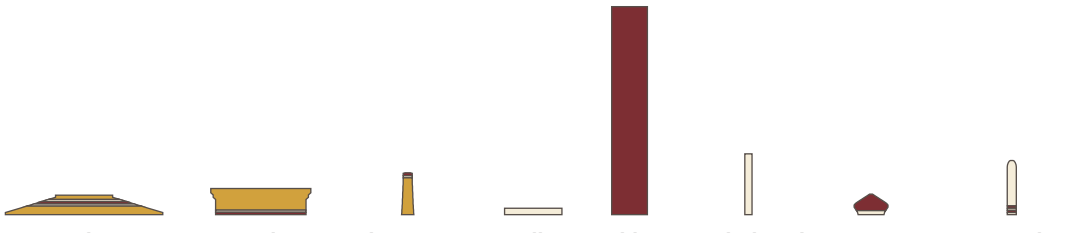

Yarn A: mustard, yoke, body and sleeve	**about 60 yd (55 m), an estimate**
Yarn B: oxblood, several of the pieces	**about 100 yd (91 m), an estimate**
Yarn C: cream, several of the pieces	**about 55 yd (50 m), an estimate**

By weight: about 55 g in all, an estimate, where 100 g is 400 yd (366 m).

Hook: 2.25 mm (US B-1), or the size that gives you the gauge. Also: a yarn needle, a stitch marker, pins, scissors, four very small sew-on snaps, about 3/16 in (5 mm) across and sewing thread for them.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 30 percent added.

The pieces

Gauge

28 stitches and 30.8 rounds to 4 in (10 cm) in single crochet, in a spiral.

28 sc and 30.8 rows or rounds = 4 in (10 cm). A piece of 14 sc and 15 rows measures about 2 in (5 cm) each way. The measures below follow from this gauge; with another gauge they change.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Notes

- Every piece that has rounds is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up. Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Slip stitch: put the hook in the stitch, yarn over, and pull it through the stitch and through the loop on the hook (United Kingdom: slip stitch too).
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With B," (or another letter), work the last pull-through of the row or round before it in that color. Cut the old yarn and weave in the ends on the wrong side.
- Right and left are as you look at the front of the sweater. Rounds are counted from the start of each piece.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- One size, for a fashion doll 11½ in (29 cm) tall. The sweater measures, closed with a lap of 2 stitches: chest 40 stitches, about 5¾ in (14.5 cm) round; lower edge 36 stitches, about 5 1/8 in (13 cm) round; neck 22 stitches, about 3 1/8 in (8 cm) round; from the neck edge to the lower edge, without the collar, 21 rows, about 2¾ in (7 cm); collar 3 rows, about 3/8 in (1 cm) tall; sleeve from the armhole to the cuff 20 rounds, about 2 5/8 in (6.6 cm), and 16 stitches, about 2¼ in (5.8 cm) round at the top, 12 stitches, about 1¾ in (4.4 cm) round at the cuff.
- The skirt: waist 26 rows with the waistband lapped by 2 rows, about 3 3/8 in (8.6 cm) round; 15 stitches and the 3 of the waistband long, about 2 5/8 in (6.5 cm). The beret: band 34 stitches, about 4 7/8 in (12.3 cm) round. A sock: 12 stitches, about 1¾ in (4.4 cm) round, and 26 rounds, about 3 3/8 in (8.6 cm) long with the foot; it stretches.
- Measure your doll and compare: chest, waist, arm with the hand, neck, head over the hair, and calf.

Collar

Yarn C, cream.

Worked flat, to and fro in rows, 24 stitches wide. The ch 1 at the start of a row does not count as a stitch.

Skirt

Yarn B, oxblood.

Worked flat, to and fro in rows, 15 stitches wide. The ch 1 at the start of a row does not count as a stitch.

The rows run up and down: row 1 begins at the hem and ends at the waist, and every even row ends at the hem. Every fourth row is worked in one loop only, by turns in the back loops and in the front loops: there the fabric folds, one fold to one side and the next to the other, and this makes twelve pleats, each of eight rows.

Assembly

1. Lay the body under the yoke, both right side out, its chain edge against row 9 of the yoke. Begin at the back edge where the tail of the yoke hangs and sew with this tail: the first 10 chains of the body to the first 10 stitches of the yoke, one to one; pass the needle along through the 2 underarm chains and leave the 14 sleeve stitches of the yoke free; sew the 18 front chains to the 18 front stitches; pass along the other 2 underarm chains and leave the other 14 sleeve stitches free; sew the last 10 chains to the last 10 stitches. The back stays open from the neck to the lower edge.

2. Sew the two sleeves into the two armholes, right side out, the place where the rounds of the sleeve begin at the underarm: with its tail, sew 2 of the 16 stitches of the last round to the 2 underarm chains of the body (one stitch on each side of the place where the rounds begin), and the other 14 to the 14 sleeve stitches of the yoke, one to one, all the way round.

3. Lay the collar along the neck, right side out, row 3 up, and with a new length of C (cream) sew its 24 foundation chains to the 24 foundation chains of the yoke, chain to chain, from one back edge to the other. The collar stands up.

4. Skirt: hold it right side in, the foundation chain against row 96, and sew the lower 10 of the 15 stitches together with the tail, from the hem up: this is the back seam. The upper 5 stitches stay open. Turn it right side out. With a new length of B (oxblood), run the needle in and out through the ends of the rows along the upper edge, all the way round from one side of the opening to the other, and draw it up until this edge is as long as the waistband, about 3 5/8 in (9.2 cm). Spread the gathers evenly and fasten the thread. Fold the pleats with your fingers along the rows that were worked in one loop, and press them between your palms.

5. Lay the waistband, right side out, along the gathered edge of the skirt, one of its long edges of row ends to that edge, its row 1 at one side of the opening and its row 28 at the other, and sew them together with the tail.

6. Beret: for the stalk, with B (oxblood), leave an end of 6 in (15 cm), ch 6, cut the yarn 6 in (15 cm) from the hook and pull this end through the last chain. Fold the chain in half, thread the needle with each end in turn, and take both ends down through the middle of round 1 to the inside, so that the folded chain stands up on the top as a small loop about 3/8 in (10 mm) tall. Knot the two ends together inside. Turn the band (rounds 12 and 13) in under the edge.

7. Lay the two knee socks flat side by side and turn the foot of each (rounds 1 to 8, the toe end) to one side; press them with your hands. They need no sewing.

8. Closing the sweater: look at its back. The back edge on your right laps over the back edge on your left by 2 stitches, about ¼ in (7 mm). Sew on three snaps, one on row 1 of the yoke, one on row 9 of the yoke and one on row 11 of the body: for each, with sewing thread, sew one half to the wrong side of the edge on the right, its middle between the first and the second stitch from that edge, and the other half to the right side of the edge on the left, its middle between the first and the second stitch from its edge. When the two edges lap by 2 stitches, the two halves meet.

9. Closing the skirt: look at its back. The end of the waistband on your right laps over the end on your left by 2 rows. With sewing thread, sew one half of the fourth snap to the wrong side of the end on the right, over the two rows nearest its edge, in the middle of the 3 stitches, and the other half to the right side of the end on the left, over the two rows nearest its edge, in the middle of the 3 stitches.

Finishing

- Weave in every end on the wrong side. Snaps and small parts are not for a child under three.

In all: 10 pieces; 4,052 stitches (426 in the yoke, 468 in the body, 269 in each sleeve, 72 in the collar, 1,440 in the skirt, 84 in the waistband, 412 in the beret, 306 in each knee sock).
