Skill

Intermediate

Seven pieces worked in rounds and rows, with nothing to sew.

Yarn

Fine (2), 3 colors

Hook

2.75 mm (US C-2)

Gauge

24 stitches and 26.4 rounds to 4 in (10 cm)

In single crochet, in a spiral.

What you need

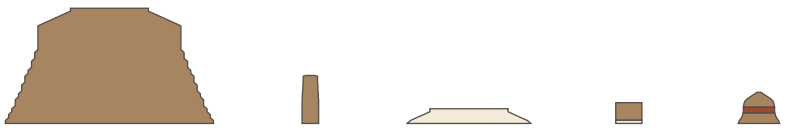

Yarn A: camel, the main color	**about 165 yd (151 m), an estimate**
Yarn B: cream, collar, pocket and the details	**about 35 yd (32 m), an estimate**
Yarn C: russet, cloche	**about 5 yd (5 m), an estimate**

By weight: about 60 g in all, an estimate, where 100 g is 350 yd (320 m).

Hook: 2.75 mm (US C-2), or the size that gives you the gauge. Also: a yarn needle, a stitch marker, pins, scissors, three buttons 5/16 in (8 mm) across, three very small sew-on snaps, about 3/16 in (5 mm) across and sewing thread for the buttons and the snaps (the hanger is not part of the pattern).

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 30 percent added.

The pieces

Coat **Sleeve x 2** **Collar** **Pocket x 2** **Cloche**

Gauge

24 stitches and 26.4 rounds to 4 in (10 cm) in single crochet, in a spiral.

24 sc and 26.4 rows or rounds = 4 in (10 cm). A piece of 12 sc and 13 rows measures about 2 in (5 cm) each way. The measures below follow from this gauge; with another gauge they change.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Notes

- Every piece that has rounds is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up. Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Slip stitch: put the hook in the stitch, yarn over, and pull it through the stitch and through the loop on the hook (United Kingdom: slip stitch too).
- Backstitch is one short stitch taken back over the place where the yarn came up.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With B," (or another letter), work the last pull-through of the row or round before it in that color. Cut the old yarn and weave in the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Cloche: the center line runs between stitches 20 and 21 of round 12 (40 sts). It faces the front, round 1 at the top.
- Right and left are as you look at the front of the coat. Rounds are counted from the start of each piece.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- One size, for a fashion doll 11½ in (29 cm) tall, to be worn over other clothes. The coat measures, closed with a lap of 2 stitches: round the chest, at the underarms, about 7 in (18 cm); round the hem about 10 3/8 in (26.2 cm); from the neck edge to the hem 39 rows, about 5 7/8 in (15 cm); the sleeve about 2 5/8 in (6.5 cm) long and 2 5/8 in (6.8 cm) round at the top; the cloche 30 stitches, about 5 in (12.5 cm) round.
- Measure your doll over the clothes it will wear under the coat, and its head over the hair: it should be no larger than these measures.

Coat

Yarn A, camel.

Worked flat, to and fro in rows, 24 stitches wide at the start. The ch 1 at the start of a row does not count as a stitch.

It is worked in one piece from the neck down; the two ends of the rows are the two front edges, and the odd rows are right side rows. Rows 2 to 6 widen the round yoke. Row 10 makes the two armholes: its 44 stitches are 28 sc and two times 8 chains. In row 11 work one sc in each chain as in each stitch.

Assembly

1. Loops: they are worked with the yarn needle and one strand of B (cream) on the right side. Bring the needle up in a stitch and take a small backstitch in the same place to lock the yarn; then take another small backstitch in the same stitch, leaving the yarn before it in a loop about 5/16 in (8 mm) high, and one more in the same way: two loops in that stitch. Go on to the next stitch and make two loops there. Work them on all five rows of the collar, row by row, and on rounds 1, 2 and 3 of each sleeve, all the way round. Fasten the ends on the wrong side. Sew the two sleeves into the armholes, the coat and the sleeves right side out, the last round of the sleeve (16 sts) to the edge of the armhole: 8 of its stitches to the 8 skipped stitches of row 9 of the coat, 8 to the 8 chains of row 10, stitch to stitch, all the way round. The place where the rounds of the sleeve begin is in the middle of the chains, at the underarm. Use the tail of each sleeve.

2. Collar: set it up along the neck with its right side, the side with the loops, toward the inside of the coat, and sew its 24 foundation chains to the 24 foundation chains of the coat, chain to chain, with a new length of B (cream). Turn the collar down to the outside: the loops now lie on top, and its two ends meet at the front edges.

3. Lay the two pockets on the fronts of the coat, right side out, one on each front: row 1 of the pocket lies along row 29 of the coat and row 7 along row 23, and the edge of the pocket that is nearer the front edge is 3 stitches from that front edge. Row 7 is the end of the pocket nearer the neck. Sew row 1 and the two sides down with a new length of A (camel); leave row 7, the cream one, open.

4. Cloche: turn the brim (rounds 11 to 13) down and a little out with your fingers. It needs no sewing.

5. Tuft on the cloche: with one strand of B (cream) and the needle, work loops as in step 1, each about 5/16 in (8 mm) high, two in a stitch, in 3 neighboring stitches of round 8 and the 3 stitches of round 9 below them, the middle of the three 4½ stitches to the right of the center line: 12 loops in a tuft about ½ in (13 mm) across. Fasten the ends on the wrong side.

6. Closing: the front edge that is on your left as you look at the coat laps 2 stitches over the other. The collar, turned down, covers rows 1 to 7 with its loops, and its end on this side then lies over the other end by 2 stitches. With sewing thread, sew the three buttons to the right side of this front, the middle of each between the first and the second stitch from the edge, on rows 9, 14 and 19, the first one just below the collar. Under each button sew one half of a snap to the wrong side of this front, in the same place as the button, and the other half to the right side of the other front, on the same row, its middle between the first and the second stitch from its edge. When the fronts lap by 2 stitches, the two halves meet.

Finishing

- Weave in every end on the wrong side. Buttons, snaps and small parts are not for a child under three.

In all: 7 pieces; 3,061 stitches (1,914 in the coat, 261 in each sleeve, 158 in the collar, 56 in each pocket, 355 in the cloche).
