Special stitches

picot: Ch 3, sl st in 3rd ch from hook. Nothing is worked into the picot, and it uses no stitch of the row below.

Gauge

17 stitches and 9 rows to 4 in (10 cm) in double crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 6 the top edge, laid flat and measured straight across from tip to tip, is about 7.5 in (19.1 cm). If yours is smaller, use a larger hook; if it is larger, use a smaller one.

Each size in the list is printed in full when it is chosen. For a larger shawl work 3, 6 or 9 rows of open squares more after the last row of squares (row 40 in the shoulder shawl, row 49 in the full shawl), then the row of double crochet and the row of shells. In a row of open squares with the number n the first square brackets are worked 2 x n - 3 times and the second ones 2 x n - 4 times (77 and 76 times in row 40). When the last row of squares is row n, the first square brackets of the row of double crochet are worked 2 x n - 2 times and the second ones 2 x n - 1 times, and for every 3 rows added both square brackets of the row of shells are worked 2 times more. Three rows add about 3.8 in (9.7 cm) to the top edge and about 1.9 in (4.8 cm) to the depth. Rows of squares can only be added there, not left out, because the small dragonflies end close to the last row.

Before you start

- This is filet: every square is one dc, then either ch 1 (an open square) or one dc more (a closed square), and the next square begins with the dc after it. The closed squares make the dragonflies.
- In an open square the ch 1 lies over the stitch or the space that is skipped. To close a square over an open one, the extra dc goes into its ch-1 sp; to close it over a closed one, the extra dc goes into the extra dc below.
- The center of a row is the ch-2 sp: in row 1 it is made in the ring, in every later row in the ch-2 sp of the row below. Where two dc are worked on each side of it, the first square on each side of the center is a closed one. A marker moved up to it from row to row helps you to see the middle.
- The ch 3 at the start of a row counts as a dc; the last stitch of the next row is worked into the top of it. The chain stands on the first stitch of the row: "same st" right after it is that stitch, and "next st" is the one after it.
- The ch 4 at the start of a row counts as a dc and a ch-1 sp. The stitch that closes over it goes into its 3rd chain. The chain stands on the first stitch of the row: "same st" right after it is that stitch, and "next st" is the one after it.
- A ch 1 at the start of a row does not count as a stitch.
- A stitch worked into a chain space goes into the open space under the chain, not into a chain stitch.
- Stitches in round brackets with a place after them, or several of one stitch with one place after them, are all worked into that one place. The brackets at the end of a row hold its count.
- What is in square brackets is worked as many times as the number after them says, in all.
- Row 1 is a right side row. Turn once between rows: the word "turn" near the start of each row is that turn.
- To change color, work the last stitch of the old color until two loops are left on the hook and draw the new color through them. Cut the old color, leaving a tail of about 6 in (15.2 cm), and fasten in a fresh piece each time: the yarn amounts and the ends to weave in are counted this way.
- About 52.8 in (134.1 cm) across the top edge and 26.4 in (67.1 cm) deep.
- 40 rows of squares, one row of double crochet (row 41) and one row of shells (row 42, yarn B). The closed squares of the dragonflies lie in rows 10 to 37; all the other rows are open squares only.
- Both halves of a row are alike: what is worked toward the center on the first half is worked away from it on the second half.
- The large dragonfly lies along the center line, its head toward the top edge. The small ones lie near the two ends of the top edge, their heads toward the middle, so that they hang with the head up on both fronts.

Instructions

Chosen: Shoulder shawl. Square brackets [ ] hold a repeat: work what is inside as many times as it says. Round brackets ( ) inside a line hold stitches that all go into one place. The count in round brackets at the end of a line is what that line leaves. Tick the box when a row is done. In UK terms sl st is slip stitch, sc is double crochet, dc is treble and tr is double treble.

Yarns in order of use: A, deep teal; B, pale seafoam.
