Gauge

20 stitches and 22 rounds to 4 in (10 cm) in single crochet, in a spiral.

To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2¼ in (5.5 cm) across. The stitches should be tight enough that the stuffing does not show.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

Body

Yarn A, golden.

☐ **Start**	Make a magic ring. *Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.*	
☐ **Round 1 (RS)**	6 sc in the ring. Pull the tail to close the ring.	(6 sc)
☐ **Round 2**	2 sc in each st around	(12 sc)
☐ **Round 3**	**[**sc in next st, 2 sc in next st**] 6 times**	(18 sc)
☐ **Round 4**	**[**2 sc in next st, sc in next 2 sts**] 6 times**	(24 sc)
☐ **Round 5**	**[**sc in next 3 sts, 2 sc in next st**] 6 times**	(30 sc)

☐ **Round 8**	**[**sc in next 6 sts, 2 sc in next st**] 6 times**	(48 sc)

Mark the center line now: a pin or a scrap of yarn between stitches 24 and 25 of round 8. This piece lies with its center line along the top, round 1 at the front end.

☐ **Rounds 9 to 23**	Sc in each st around	(48 sc)

☐	Fasten off, leaving an 8 in (20 cm) tail. Thread the tail through the front loop of each of the last 6 stitches, pull it tight to close the hole and bury the end inside. Press the stuffed body flatter, most of all on the underside, so that it lies on the table without rolling: at its widest rounds about 3 3/8 in (8.5 cm) across and 2 5/8 in (6.5 cm) from top to underside.

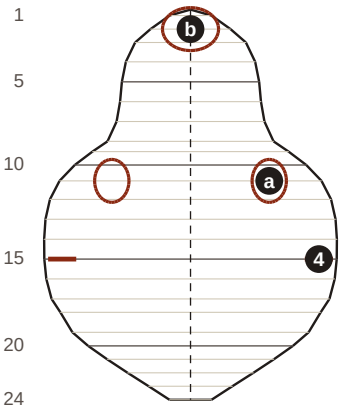
Assembly



Head: 4 ears, a eyes, b nose

A number is the step below that puts it on; a letter is put on under Finishing. Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. Pin the neck to the body: the middle of the open edge lies on round 5 of the body, on its center line. Turn the neck so that its own center line looks to the front. The edge (40 sts) reaches from about round 12 of the body, on the center line of the body, round to about round 2 on the line opposite it, just past round 1, and about 7½ stitches to each side of the center line of the body on round 7. It points up and forward. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

2. Set the head on the end of the neck, its center line on top and round 1 (the nose) to the front. Turn the nose about 30 degrees to the left and let it slant down about 5 degrees from level. Round 17 of the head, on the line opposite its center line, lies over the middle of round 1 of the neck. Press the head down onto the neck until round 6 of the neck (30 sts) touches it all the way round. On the head this circle reaches from about round 12 to about round 23 along the line opposite the center line, and on round 17 about 5 stitches to each side of that line. With a new length of A (golden), sew round the circle twice, through the stitches of round 6 of the neck and the head.

3. Lay the collar round the neck, right side out, over rounds 8 and 9 of the neck. Its two short ends meet at the back of the neck, on the side toward the tail of the dog. Sew the last row to the foundation chain, stitch to chain, with the tail. If the ends do not meet or the collar hangs loose, work or take out a row or two first. Catch each long edge of the collar to the neck with a few stitches all the way round.

4. Pin the two ears to the head: the middle of each flat edge lies on round 15, one to each side, 9 stitches from the center line (18 stitches apart). The flat edge runs lengthwise along the head, half of it before that place and half behind. They point out to the side, then curve until the tip of each points down. Bend each as you pin it and hold the curve with a stitch or two on its inner side. Sew through both layers of the 6-stitch edge with the tail.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

5. Pin the two haunches to the body: the middle of each open edge lies on round 22, one to each side, 13½ stitches from the center line (21 stitches apart across the side opposite the center line). The edge (36 sts) covers about rounds 16 to 28 of the body. They point out to the side. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft. Let the lower side of each lie flat on the table, level with the underside of the body.

6. Pin the two front legs to the body: the middle of each open edge lies on round 6, one to each side, 15 stitches from the center line (6 stitches apart across the side opposite the center line). The edge (18 sts) covers about rounds 3 to 9 of the body. They point forward and lie along the table, side by side, the paws about ¾ in (19 mm) apart. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

7. Sew one back paw to the front of each haunch, not to the body: the middle of its open edge lies on round 5 of the haunch (30 sts). Along that round find the stitch that is farthest forward, toward the front legs, and the stitch that is nearest the table: the place is half way between these two, about 4 stitches from each. The edge (15 sts) is a circle that covers about rounds 2 to 8 of the haunch, its outer side nearest the seam of the haunch on the body and just above the table. The paw points forward, a little out to the side, and slants down until its tip lies on the table. Sew all the way round with the tail of the paw, adding a little stuffing before the last few stitches if the edge is still soft.

8. Pin the tail to the body: the middle of the open edge lies on round 29, on the center line. The edge (15 sts) covers about rounds 27 to 31 of the body. It points back and down, then curves until its tip points to the left. Bend it as you pin it and hold the curve with a few running stitches along its inner side, drawn up a little. Sew all the way round with its tail of yarn, adding a little stuffing before the last few stitches if the edge is still soft. It lies low along the table, its center line on top.

Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand inside the toy. Knot in the lengths of yarn at the same time. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Tail feathers: for a plume that lies close and falls toward the tip of the tail, cut 184 lengths of B (pale gold), each 4¼ in (11 cm) long. At each place, use the needle to draw one length under the stitch, from side to side, until 2 3/8 in (6 cm) hangs out on one side. Tie the two sides together in a firm knot close to the fabric, pull the end of the other side inside the toy and trim the end left outside to 1 in (2.5 cm). Where a piece covers a place, use the nearest free stitch. The places on the tail, counting stitches from the center line (stitch 1 is the one beside it), the same on each side: round 1: stitches 1 and 2; round 2: stitches 1, 2 and 3; round 3: stitches 1, 2, 3 and 4; round 4: stitches 1, 2, 3, 4 and 5; round 5: stitches 1, 2, 3, 4, 5 and 6; round 6: stitches 1, 2, 3, 4, 5 and 6; round 7: stitches 1, 2, 3, 4, 5 and 6; round 8: stitches 1, 2, 3, 4, 5 and 6; round 9: stitches 1, 2, 3, 4, 5 and 6; round 10: stitches 1, 2, 3, 4, 5 and 6; round 11: stitches 1, 2, 3, 4, 5 and 6; round 12: stitches 1, 2, 3, 4, 5 and 6; round 13: stitches 1, 2, 3, 4, 5 and 6; round 14: stitches 1, 2, 3, 4, 5 and 6; round 15: stitches 1, 2, 3, 4, 5 and 6; round 16: stitches 1, 2, 3, 4, 5 and 6; round 17: stitches 1, 2, 3, 4, 5 and 6.
- Chest feathers: when the collar is on, for hair that falls straight down over the chest, cut 160 lengths of B (pale gold), each 4½ in (11.5 cm) long. At each place, use the needle to draw two lengths under the stitch, from side to side, until 2½ in (6.5 cm) of each hangs out on one side. Tie the two sides together in a firm knot close to the fabric, pull the ends of the other side inside the toy and trim the ends left outside to 1 1/8 in (3 cm). Where a piece covers a place, use the nearest free stitch. The places on the neck, counting stitches from the center line (stitch 1 is the one beside it), the same on each side: round 10: stitches 1, 2, 3, 4, 5, 6, 7 and 8; round 11: stitches 1, 2, 3, 4, 5, 6, 7, 8 and 9; round 12: stitches 1, 2, 3, 4, 5, 6, 7, 8 and 9; round 13: stitches 1, 2, 3, 4, 5, 6, 7 and 8; round 14: stitches 1, 2, 3, 4, 5 and 6.

- Eyes: two 10 mm black plastic eyes, on the head on round 11, one to each side, 4 stitches from the center line (8 stitches apart).
- Nose: with D (dark brown), in satin stitch, a triangle with its point down about ½ in (13 mm) wide and 3/8 in (10 mm) tall, its middle on the head on round 2, on the center line. The wide edge of the triangle is toward the top of the head and its point toward the middle of round 1.
- Mouth: with D (dark brown), in backstitch, a line from the point of the nose straight down, toward the underside of the head, ¼ in (6 mm) long, and a smile, one curve about 9/16 in (14 mm) wide. The middle of the smile is its lowest point and lies at the lower end of that line; its two ends are 3/16 in (5 mm) higher, one to each side.
- Weave every tail through the toy and trim it. For a toy that will be played with, go round each seam a second time with a new length of yarn. Check the seams and small parts from time to time.

In all: 13 pieces; 4,154 stitches.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 30 percent added.

Notes

- Every piece that has rounds is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up. Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Color change: where a line begins "With A," (or another letter), work the last pull-through of the round before it in A. Cut the old yarn and knot the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Tail: the center line runs through the middle of stitch 8 of round 20 (15 sts). This piece lies with its center line along the top, round 1 at the back end.
- Neck: the center line runs between stitches 20 and 21 of round 13 (40 sts). It faces the front, round 1 at the top.
- Head: the center line runs between stitches 21 and 22 of round 12 (42 sts). This piece lies with its center line along the top, round 1 at the front end.
- Body: the center line runs between stitches 24 and 25 of round 8 (48 sts). This piece lies with its center line along the top, round 1 at the front end.
- Right and left are as you look at the front of the dog. Rounds are counted from the start of each piece.
- Running stitches go in and out along a line.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- For a child under three, or a pet, embroider the eyes instead: satin stitch dots of the same size in D (dark brown).
- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, ovals, details) are for Standard, the size written here: for another size multiply them by the number in its line.
- Small: fine (2, sport) yarn, 2.25 mm (B-1) hook, 27 sc and 30 rounds to 4 in (10 cm): about 6¾ in (17 cm) long with the tail, 4 in (10 cm) across and 4¼ in (11 cm) tall; eyes 7 mm; multiply lengths by 0.74; about 0.74 times the yarn.
- Large: bulky (5, chunky) yarn, 5 mm (H-8) hook, 14 sc and 15.4 rounds to 4 in (10 cm): about 12¾ in (32.5 cm) long with the tail, 7¾ in (19.5 cm) across and 8¼ in (21 cm) tall; eyes 14 mm; multiply lengths by 1.4; about 1.4 times the yarn.
- Jumbo: super bulky (6, plush or velvet) yarn, 6.5 mm (K-10½) hook, 11 sc and 12.1 rounds to 4 in (10 cm): about 16¼ in (41.5 cm) long with the tail, 10 in (25.5 cm) across and 10½ in (26.5 cm) tall; eyes 18 mm; multiply lengths by 1.8; about 1.8 times the yarn.
