Granny square cube footstool

Large · US terms

Finished size
About 14 × 14 in (36 × 36 cm)
About 14 in (35.5 cm) along each edge, a cube, for a foam cube of the same size

Skill
Intermediate
It is granny rounds in many colors, and the six squares are crocheted together over a foam cube.

Yarn
Bulky (5), 7 colors

Hook
6.5 mm (US K-10½)

Gauge
11 stitches and 6 rows to 4 in (10 cm)
In double crochet (UK treble).

What you need

Yarn A: cream, a round of each wheel and the round that makes it square	**about 70 yd (64 m), an estimate**
Yarn B: mustard, the squares	**about 55 yd (50 m), an estimate**
Yarn C: tangerine, the squares	**about 55 yd (50 m), an estimate**
Yarn D: brick red, the squares	**about 55 yd (50 m), an estimate**
Yarn E: teal, the squares	**about 65 yd (59 m), an estimate**
Yarn F: dusty pink, the squares	**about 45 yd (41 m), an estimate**
Yarn G: dark green, the last rounds, the base and the edges	**about 425 yd (389 m), an estimate**

By weight: about 590 g in all, an estimate, where 100 g is 130 yd (119 m).

Fiber: wool or acrylic

Hook: 6.5 mm (US K-10½), or the size that gives you the gauge. Also: four stitch markers, pins, dark green sewing thread and a sewing needle, a yarn needle, scissors, a foam cube 14 in (35.5 cm) along each edge, or a cube of that size made from layers of foam and a piece of dark green cotton fabric about 58 by 44 in (147 by 112 cm), to wrap the foam in.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 30 percent added.

Sizes

Size	Finished size, about	Yarn, an estimate
Small	12¾ × 12¾ in (32 × 32 cm)	about 645 yd (590 m)
Large (this file)	**14 × 14 in (36 × 36 cm)**	**about 770 yd (704 m)**

Gauge

11 stitches and 6 rows to 4 in (10 cm) in double crochet.

11 stitches and 12 rows to 4 in (10 cm) in single crochet. The rounds of a square are as tall as rows of double crochet. The joined edges and the last round are single crochet.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. The gauge is checked on the piece itself: after round 4 the wheel should measure about 5¼ in (13.5 cm) long, laid flat and not stretched. If the piece measures more than that, begin again with a smaller hook; if it measures less, with a larger hook.

Notes

- The ring in the middle of a square is 5 chains joined with a slip stitch. Leave a tail of 8 in (20.5 cm) before the first chain; it draws the ring closed at the end.
- The chain of 3 at the start of a round counts as its first double crochet, in round 5 the chain of 4 as its first treble crochet. Where a round begins with a new color, fasten off the old one first, leaving a tail of 6 in (15 cm), and join the new one in the place named. From round 6 on, join in a chain-2 space; these are the four corners.
- In round 2 the first st is the chain of 3 of round 1: join the new color in its top.
- Where a round goes on in the same color, the slip stitches written at its start bring you to the next space. The first of them goes into whatever comes next after the chain the round before was joined in: in round 3 that is the chain-1 space itself, in the later rounds it is a stitch.
- In the last round, of single crochet, the first one goes into the top of the chain of 3, and one goes into each stitch and each chain-1 space. The chain of 1 at its start does not count as a stitch.
- The right side faces you in every round of a square.
- The joined edges stand out on the outside. Work them all with the same tension, so that they lie straight.
- Colors, square by square. Square 1: B, A, C, D, A, E, F, B, G, G in this order, one letter for each round, and G for the last round. Square 2: E, A, B, C, A, D, E, F, G, G in this order, one letter for each round, and G for the last round. Square 3: D, A, F, E, A, B, C, D, G, G in this order, one letter for each round, and G for the last round. Square 4: F, A, E, B, A, C, D, E, G, G in this order, one letter for each round, and G for the last round. Square 5: C, A, D, F, A, E, B, C, G, G in this order, one letter for each round, and G for the last round. Base square and joined edges: G.

Joined edge: make 12

Yarn G, dark green.

These are the twelve edges of the cube; Putting it together says which comes when. A side of a square has 39 stitches, from the middle one of the 3 sc in one corner to the middle one of the 3 sc in the next corner, both counted. Work each single crochet through a stitch of the nearer square and the stitch of the other square behind it, under both loops of both.

☐ **Foundation**	Two sides of two squares held together, wrong sides in, both loops of both edges; 39 stitches.	
☐ **Row 1 (RS)**	Join G with sl st in first st, ch 1, sc in same st, sc in next 38 sts	(39 sc)
☐ **End**	Fasten off, leaving a tail of 6 in (15 cm).

Assembly

1. On the wrong side of each square, run the tail of its ring with the needle once round the ring, through the foot of each of the 12 stitches of round 1, draw the ring closed and weave the tail in. Weave in all the other tails of the six squares on their wrong sides. Each square should be 14 in (35.5 cm) along each side. Where one is smaller, pull it to that size on a towel, pin it down along its edges, dampen it, let it dry, and take out the pins.

2. Foam: lay the cube on the fabric and wrap it like a parcel, the fabric drawn smooth, and sew the overlapping edges down with the sewing thread, so that the fabric covers it all round. The dark green shows through the openings of the granny rounds.

3. Top: lay square 1 right side up. Place squares 2, 3, 4 and 5 round it, right side up, one at each side, going round clockwise. Join square 2 to square 1: hold them with the wrong sides together, square 1 toward you, and work a joined edge along the whole side where they meet, from corner to corner. Join squares 3, 4 and 5 to the other three sides of square 1 in the same way. In each corner stitch of square 1 two edges meet, and both are worked into it. That is 4 edges.

4. Sides: now join each side square to its neighbor, 2 to 3, 3 to 4, 4 to 5 and 5 to 2. Hold the two with the wrong sides together and the right sides out, the one named first toward you, and work from the corner of the top down to the lower edge; left-handed, work from the lower edge up. That is 4 edges more, and the cover is an open box.

5. Base: hold the base square to the lower edge of square 2, wrong sides together, the side square toward you, and work one joined edge along it. Put the foam cube into the box, its corners in the corners. Hold each corner of the base to the corner of the side squares that it meets with a marker. Join its other three sides to squares 3, 4 and 5 one after another, the side square toward you. Do not catch the fabric with the hook. Take out the markers. These are the last 4 edges.

6. Draw the two tails of every joined edge to the inside at the corner beside them, through all that meets there, so that each corner is closed. Where there is a small gap at a corner, take one more stitch across it with a tail before you draw it in.

Finishing

- Every tail is inside by now. Press the cube square with your hands. To wash the cover, undo the last three joined edges and take out the foam. The footstool is for feet and for sitting; it is not for standing on.

In all: 6 pieces; 4,740 stitches (712 in the square 1, for the top, 712 in the square 2, 712 in the square 3, 712 in the square 4, 712 in the square 5, 712 in the base square, 39 in each joined edge).
