Gauge

20 stitches and 22 rounds to 4 in (10 cm) in single crochet, in a spiral.

20 sc and 22 rounds = 4 in (10 cm), worked in a spiral. To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2¼ in (5.5 cm) across. The stitches should be tight enough that the stuffing does not show.

Before you start

- Every piece is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up.
- Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With D," (or another letter), work the last pull-through of the round before it in D. Cut the old yarn and knot the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Head: the center line runs between stitches 15 and 16 of round 5 (30 sts). This piece lies with its center line along the top.
- Shell: the center line runs between stitches 27 and 28 of round 9 (54 sts). It faces the front, round 1 at the top.
- Right and left are as you look at the front of the toy. Rounds are counted from the start of each piece.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- For a child under three, or a pet, embroider the eyes instead: satin stitch dots of the same size in C (dark brown).
- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, ovals, details) are for Standard: for another size multiply them by the number in its line.
- Small: fine (2, sport) yarn, 2.25 mm (B-1) hook, 27 sc and 30 rounds to 4 in (10 cm): about 4¼ in (11 cm) wide, 4 in (10 cm) from front to back and 1 5/8 in (4.1 cm) tall; eyes 7 mm; multiply lengths by 0.74; about 0.74 times the yarn.
- Large: bulky (5, chunky) yarn, 5 mm (H-8) hook, 14 sc and 15.4 rounds to 4 in (10 cm): about 8¼ in (21 cm) wide, 7¾ in (19.5 cm) from front to back and 3¼ in (8.3 cm) tall; eyes 14 mm; multiply lengths by 1.4; about 1.4 times the yarn.
- Jumbo: super bulky (6, plush or velvet) yarn, 6.5 mm (K-10½) hook, 11 sc and 12.1 rounds to 4 in (10 cm): about 10½ in (26.5 cm) wide, 10 in (25.5 cm) from front to back and 4 in (10 cm) tall; eyes 18 mm; multiply lengths by 1.8; about 1.8 times the yarn.

Instructions

Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sc is double crochet.

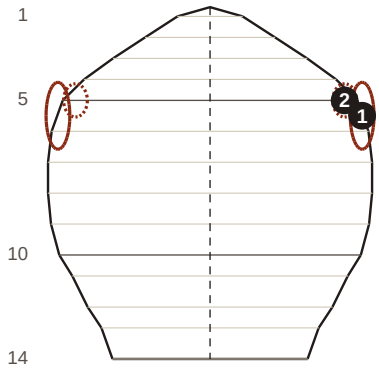
Shell: 1 shell plate, 2 shell plate, 3 shell plates, 4 shell plates, 5 shell plate, 6 head, 7 front flippers, 8 back flippers, 9 tail



Head: 1 eyes, 2 cheeks

Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

1. Lay one shell plate flat on the shell, right side out, the middle of it over the middle of round 1. Sew down all 12 stitches of the edge.

2. Lay one shell plate flat on the shell, right side out, the middle of it on round 8, on the center line. Sew down all 12 stitches of the edge.

3. Lay two shell plates flat on the shell, right side out, the middle of each on round 8, one to each side, 8 stitches from the center line (16 stitches apart). Sew down all 12 stitches of the edge.

4. Lay two shell plates flat on the shell, right side out, the middle of each on round 8, one to each side, 16 stitches from the center line (16 stitches apart across the side opposite the center line). Sew down all 12 stitches of the edge.

5. Lay one shell plate flat on the shell, right side out, the middle of it on round 8, on the line opposite the center line. Sew down all 12 stitches of the edge. The six plates of the ring lie 8 stitches apart.

6. Pin the head to the shell: the middle of the open edge lies on round 12, on the center line. The edge (18 sts) covers about rounds 9 to 15 of the shell. It points forward and up. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

7. Pin the two front flippers to the shell: the middle of each flat edge lies on round 13, one to each side, 9½ stitches from the center line (19 stitches apart). The flat edge runs along the round, half of it on each side of that place. They point out to the side and forward. Sew through both layers of the 6-stitch edge with the tail.

8. Pin the two back flippers to the shell: the middle of each flat edge lies on round 13, one to each side, 19 stitches from the center line (16 stitches apart across the side opposite the center line). The flat edge runs along the round, half of it on each side of that place. They point out to the side and back. Sew through both layers of the 6-stitch edge with the tail.

9. Pin the tail to the shell: the middle of the open edge lies on round 13, on the line opposite the center line. The edge (8 sts) covers about rounds 12 to 14 of the shell. It points back. Sew all the way round with its tail of yarn.

Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand inside the toy. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Eyes: two 10 mm black plastic eyes, on the head between rounds 5 and 6, one to each side, 7 stitches from the center line (14 stitches apart).
- Cheeks: with F (peach), in satin stitch, an oval about ¼ in (6 mm) wide and 3/16 in (5 mm) tall, its middle on the head on round 5, one to each side, 9½ stitches from the center line (11 stitches apart across the side opposite the center line).
- Mouth: with C (dark brown), in backstitch, a smile, one curve about 7/16 in (11 mm) wide that dips 1/8 in (3 mm) below its ends. Its two ends are on the head on round 3, one to each side of the line opposite the center line.
- Weave every tail through the toy and trim it. For a toy that will be played with, go round each seam a second time with a new length of yarn. Check the seams and small parts from time to time.

In all: 14 pieces; 1,536 stitches (756 in the shell, 18 in each shell plate, 324 in the head, 105 in each front flipper, 51 in each back flipper, 18 in the tail); 28 ends to weave in.
