Gauge

15 stitches and 8 rounds to 4 in (10 cm) in double crochet.

The gauge is measured on the hat itself, at the two places the rounds name: across the crown, which checks the height of the rounds, and round the outside of the hat with a soft tape, along the round just worked, which checks the stitches and so the size round. If the hat measures more round than its round says, begin again with a smaller hook; if less, with a larger one. If it is right round and the crown measures more than it says, your rounds are taller than the gauge and the hat will come out deeper than stated; if the crown measures less, it will come out shallower. The depths below are worked out from the rounds: to 4 in (10 cm) go 8 rounds of double crochet, and the two rounds of shells together are counted at ¾ in (2 cm), because the second lies in the hollows of the first.

The pattern also stops you to measure after round 4.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After round 8, put a soft tape round the outside of the hat along that round, without pulling it in: the hat should measure about 14½ in (37 cm) round.

Before you start

- Measure the head if you can: put a soft tape round its widest part, across the middle of the forehead and just above the ears, and choose the size whose head measurement is nearest. Each size is made smaller round than the head it is for, so that it stays on; by how much differs from size to size, because the stitches come in whole repeats. The list below gives both measures of each size.
- The pattern is written in United States terms; the United Kingdom term stands beside each stitch in the list of abbreviations.
- The hat begins with a magic ring: wrap the yarn once round two fingers, leaving a tail of 6 in (15 cm), and with the hook draw a loop of the working yarn up through the ring. Keep that loop on the hook and make the chain that round 1 begins with; where round 1 names no chain, make 1 chain to hold the loop, and do not count it. Work the stitches of round 1 into the ring, over the tail too, then pull the tail until the ring is closed.
- The right side of the hat faces you in every round; the rounds are never turned.
- A joined round begins with a chain that does not count as a stitch and ends with a slip stitch in its first stitch. Unless the line says otherwise, the first stitch of the next round goes into the same place as that slip stitch.
- To change yarn at the start of a round, finish the joining slip stitch of the round before with the new yarn. Where a yarn rests for 4 rounds or fewer before it is used again, carry it up the inside; where it rests for more, or is not used again, cut it, leaving a tail of 6 in (15 cm).

- The number at the end of each line is the number of stitches it has when it is finished; chains and slip stitches that are not named there are not counted.
- Baby, 3 to 6 months: for a head of 15 in (38 cm). The finished hat is about 14½ in (37 cm) round and about 5¾ in (15 cm) deep.

Instructions

Chosen: Baby, 3 to 6 months, head 15 in (38 cm). Square brackets [ ] hold a repeat: work what is inside as many times as it says. The count in round brackets at the end of a line is what that line leaves. Tick the box when a round is done. In UK terms sl st is slip stitch, sc is double crochet and dc is treble.

Yarns in order of use: A, periwinkle; B, white.

☐ **Foundation**	Make a magic ring.

- Weave in every end on the inside of the hat.

In all: 12 rounds; 552 stitches; 4 ends to weave in.
