# Virus and bacteria plush set

US terms

Finished size

**The virus 5¼ in (13.5 cm) from spike to spike, the rod 3¾ in (9.5 cm) long without its cords, the spiral 4½ in (11.5 cm) long and the yeast 3½ in (8.9 cm) tall with its bud**

Skill

**Intermediate**

21 pieces worked in rounds and sewn together.

Yarn

**Medium (4), 6 colors**

Hook

**3.5 mm (US E-4)**

Gauge

**20 stitches and 22 rounds to 4 in (10 cm)**

In single crochet, in a spiral.

## What you need

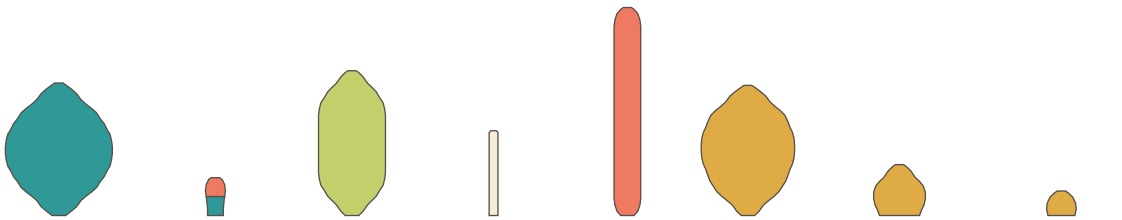

| | |
|---|---|
| Yarn A: teal, virus and spike | **about 80 yd (73 m), an estimate** |
| Yarn B: coral, spike, spiral and the details | **about 65 yd (59 m), an estimate** |
| Yarn C: lime, rod | **about 45 yd (41 m), an estimate** |
| Yarn D: mustard, yeast, bud and small bud | **about 70 yd (64 m), an estimate** |
| Yarn E: charcoal, the details | **about 5 yd (5 m), an estimate** |
| Yarn F: cream, tail cord | **about 15 yd (14 m), an estimate** |

By weight: about 140 g in all, an estimate, where 100 g is 200 yd (183 m).

Hook: 3.5 mm (US E-4), or the size that gives you the gauge. Also: toy stuffing, a yarn needle, a stitch marker, pins, scissors and black plastic eyes with washers, two each of 10 mm and 8 mm.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches of this size at this gauge, with 30 percent added.

### The pieces

**Virus**

**Spike x 12**
to the virus

**Rod**

**Tail cord x 3**
to the rod

**Spiral**

**Yeast**

**Bud**
to the yeast

**Small bud**
to the yeast

## Gauge

**20 stitches and 22 rounds to 4 in (10 cm)** in single crochet, in a spiral.

To check it, work a flat circle: 6 sc in a magic ring, then 6 more sc in each round (12, 18, 24, 30, 36). After round 6 it should measure about 2¼ in (5.7 cm) across. The stitches should be tight enough that the stuffing does not show.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

## Notes

- Every piece is worked in a continuous spiral with the right side facing you: do not join and do not turn. Put the marker in the first stitch of each round and move it up.
- Square brackets hold a repeat; work it as many times as the line says. The number in parentheses is the count at the end of the round.
- Magic ring: wrap the yarn round two fingers, work round 1 into the loop and pull the tail to close it. Or chain 2 and work round 1 into the first chain.
- Color change: where a line begins "With A," (or another letter), work the last pull-through of the round before it in A. Cut the old yarn and knot the ends on the wrong side.
- Center line: places on a piece are given by round and by stitches from a center line. It is half way round from where the rounds begin. Mark it with a pin or a scrap of yarn as listed here, run it straight from round 1 to the last round by eye, and count out from it along the round, in stitches and half stitches.
- Virus: the center line runs between stitches 24 and 25 of round 11 (48 sts). It faces the front, round 1 at the bottom.
- Rod: the center line runs between stitches 15 and 16 of round 7 (30 sts). It faces the front, round 1 at the right end.
- Spiral: the center line runs between stitches 6 and 7 of round 2 (12 sts). This piece lies with its center line along the top, round 1 at the end with the face.
- Yeast: the center line runs between stitches 21 and 22 of round 10 (42 sts). It faces the front, round 1 at the bottom.
- Right and left are as you look at the front of the toy. Rounds are counted from the start of each piece.
- In every step of putting it together: where a piece meets or overlaps another, sew through both. Where no tail is left or a tail is too short, sew with a new length of the yarn of the piece you are putting on.
- To work sc2tog, put the hook under the front loop only of each of the next 2 stitches, yarn over, pull through both loops, yarn over, pull through 2 loops.
- For a child under three, or a pet, embroider the eyes instead: satin stitch dots of the same size in E (charcoal).
- The rounds and stitches are the same for every size; the yarn and the hook make the difference. Lengths in the words (tails, details) are for Standard, the size written here: for another size multiply them by the number in its line.
- Small: fine (2, sport) yarn, 2.25 mm (B-1) hook, 27 sc and 30 rounds to 4 in (10 cm): the virus 3¾ in (9.5 cm) from spike to spike, the rod 2¾ in (7 cm) long without its cords, the spiral 3 3/8 in (8.6 cm) long and the yeast 2 5/8 in (6.7 cm) tall with its bud; eyes 6, 7 mm; multiply lengths by 0.74; about 0.74 times the yarn.
- Large: bulky (5, chunky) yarn, 5 mm (H-8) hook, 14 sc and 15.4 rounds to 4 in (10 cm): the virus 7½ in (19 cm) from spike to spike, the rod 5¼ in (13.5 cm) long without its cords, the spiral 6½ in (16.5 cm) long and the yeast 5 in (12.5 cm) tall with its bud; eyes 11, 14 mm; multiply lengths by 1.4; about 1.4 times the yarn.
- Jumbo: super bulky (6, plush or velvet) yarn, 6.5 mm (K-10½) hook, 11 sc and 12.1 rounds to 4 in (10 cm): the virus 9½ in (24 cm) from spike to spike, the rod 6¾ in (17 cm) long without its cords, the spiral 8¼ in (21 cm) long and the yeast 6½ in (16.5 cm) tall with its bud; eyes 15, 18 mm; multiply lengths by 1.8; about 1.8 times the yarn.

## Assembly

Yeast: 3 bud, 4 small bud

A number is the step below that puts it on; a letter is put on under Finishing. Each line is a round, counted as the rounds are worked. The upright broken line is the center line. A place with a broken edge is on the far side.

**1.** For the feet of the virus set the four spikes of the lower ring on it: the middle of each open edge lies on round 7 (36 sts), one to each side, 4½ stitches from the center line, and one to each side, 13½ stitches from the center line. The edge (7 sts) of each covers about rounds 6 to 8. They point straight out from the ball. Sew all the way round each with its tail, adding a little stuffing before the last few stitches if the edge is still soft.

**2.** Sew the three tail cords to the rod at the end away from the face: the middle of each open edge (4 sts) lies on round 24 (12 sts), the first on the center line and the two others 4 stitches from it, one to each side. They point straight back from the end. Sew all the way round each with its tail of yarn, then spread the cords a little and pull each into a slight wave with your fingers (nothing holds it).

**3.** Pin the bud to the yeast: the middle of the open edge lies on round 20, 9 stitches to the right of the center line. The edge (18 sts) covers about rounds 17 to 23 of the yeast. It points to the right and up. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

**4.** Pin the small bud to the yeast: the middle of the open edge lies on round 15, 11 stitches to the left of the center line. The edge (12 sts) covers about rounds 13 to 17 of the yeast. It points to the left and up. Sew all the way round with the tail, adding a little stuffing before the last few stitches if the edge is still soft.

**5.** Set the four spikes of the upper ring on the virus: the middle of each open edge lies on round 20 (36 sts), one to each side, 4½ stitches from the center line, and one to each side, 13½ stitches from the center line. Sew them on in the same way.

**6.** Set the four spikes that are left on the virus: three on round 13, one to each side, 12 stitches from the center line, and one on the line opposite the center line, and the fourth over the closed hole at the top. Sew them on in the same way. The virus stands on its four feet.

**7.** Curl the spiral: thread a needle with 20 in (51 cm) of B (coral) and fasten it on round 3, on the line opposite the center line. Take one small stitch in every round up to round 31, each time in the stitch straight above the last one as the stitches lie: this line leans and winds slowly round the tube. Draw it up until the line of stitches is about 3 in (7.6 cm) long, and fasten off inside: the spiral now lies in a loose corkscrew about 4½ in (11.5 cm) long from end to end.

## Finishing

- Put in the plastic eyes when the words of a piece say so, or embroider eyes in the same places with the other details. Embroider with one strand of yarn and the yarn needle when the pieces round the place are sewn on; begin and end each strand inside the toy. Satin stitch is straight stitches side by side until the shape is filled. Backstitch is a line of short stitches end to end: bring the needle up one stitch ahead, put it down at the end of the stitch before, and repeat.
- Eyes: two 10 mm black plastic eyes on the virus on round 14, one to each side, 4 stitches from the center line (8 stitches apart); two 10 mm black plastic eyes on the rod, both on the center line, one on round 7 and one on round 12; two 8 mm black plastic eyes on the spiral, both on the center line, one on round 9 and one on round 13; and two 10 mm black plastic eyes on the yeast on round 13, one to each side, 4 stitches from the center line (8 stitches apart).
- Mouth of the virus: with E (charcoal), in backstitch, a smile, one curve about 9/16 in (14 mm) wide that dips 3/16 in (5 mm) below its ends. Its two ends are on the virus between rounds 12 and 13, one to each side of the center line.
- Mouth of the rod: with E (charcoal), in backstitch, a smile, one curve about 9/16 in (14 mm) wide that dips 3/16 in (5 mm) below its ends. Lay the rod on its side with the two eyes side by side, the one on round 7 on the right: the two ends of the smile are 1½ stitches below the center line, one on round 8 and one on round 11.
- Mouth of the spiral: with E (charcoal), in backstitch, a smile, one curve about 3/8 in (9 mm) wide that dips 1/8 in (3 mm) below its ends. Hold the spiral with the two eyes side by side, the one on round 9 on the left: the two ends of the smile are 1½ stitches below the center line, one on round 10 and one on round 12.
- Mouth of the yeast: with E (charcoal), in backstitch, a smile, one curve about ½ in (13 mm) wide that dips 3/16 in (5 mm) below its ends. Its two ends are on the yeast between rounds 11 and 12, one to each side of the center line.
- Weave every tail through the toy and trim it. For a toy that will be played with, go round each seam a second time with a new length of yarn. Check the seams and small parts from time to time.

In all: 21 pieces; 3,612 stitches (816 in the virus, 56 in each spike, 612 in the rod, 56 in each tail cord, 396 in the spiral, 708 in the yeast, 180 in the bud, 60 in the small bud).
