What you need

Yarn: any color, medium (4) **about 1,175 yd (1,074 m), an estimate**
By weight: about 590 g, an estimate, where 100 g is 200 yd (183 m).
Hook: 5.5 mm (US I-9). Also: yarn needle, scissors and tape measure.

Gauge

13 stitches and 11 rows to 4 in (10 cm) in single and double crochet pairs.

Use any hook that gives you this. If you count more stitches than this in 4 in (10 cm), change to a larger hook; if you count fewer, to a smaller one.

To count your gauge in the middle of the test piece: 7 repeats of the bracketed group side by side (14 foundation chains' worth) are about 4¼ in (11 cm) wide, and 11 rows are about 4 in (10 cm) tall.

The pattern also stops you to measure after row 9.

> **The swatch.** Work the test piece first. This piece is wide, and starting again after the first place to stop means working its first rows a second time. A test piece to measure and pull out. It is not the start of the pattern. Gauge is counted over 4 in (10 cm), so make the swatch bigger than that: about 6 in (15 cm) each way, and count in the middle of it.

For another width, add or take away 2 chains at a time: each 2 chains adds one more repeat of each bracketed group. Measure your own gauge first.

> **Stop and measure now, after row 9.** Width, across the middle of the rows and not along the chain edge: about 32¼ in (82 cm). If it is wider, start again with a smaller hook; if it is narrower, with a larger one. If only the chain edge is tight, make the chain with a larger hook.

Finishing

- Weave in the ends.
- This pattern has no border, and every size given here is without one.

In all: 110 rows; 11,550 stitches; 2 ends to weave in.

Also makes: single and double pair scarf, from the same stitch pattern. See the pattern's page at flossfield.com/crochet/patterns/single-and-double-pair-baby-blanket/.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the size of the blanket, at 0.9 yd of yarn for each square inch. A fabric with open spaces may take less. To measure your own: work the swatch and measure it, mark the yarn where the swatch begins and ends, pull the swatch out and measure the yarn it took; divide by the area of the swatch and multiply by the area of the piece.

Notes

- The ch 1 at the start of a row does not count as a stitch.
- Row 1 is the right side.
- Stitches in parentheses, or several of one stitch, are all worked into the one place named after them.
- The number of rows is our estimate: yours may differ, and the length does not change the stitch count.
- Leave a tail of about 6 in (15 cm) when you begin, and weave it in at the end with the others.
- One yarn is used throughout: a variegated, self-striping or cake yarn of the same weight and length can take its place, and its colors fall where the yarn has them.
