Kids' hat and scarf in one

Child, head 19½ in (50 cm) · US terms

Finished size

About 20 in (51 cm) round and about 8¼ in (21 cm) deep; the first measure is along the front edge, from one side of the neck over the top of the head to the other, and the second from the back seam to the front edge. Each scarf end is about 5¼ in (13 cm) wide and about 15¼ in (39 cm) long, and its pocket is about 4 in (10 cm) deep

To fit a head of 19½ in (50 cm)

Skill

Easy

Half double crochet in rows, one seam and one buttonhole

Yarn

Medium (4), 3 colors

Hook

5.5 mm (US I-9)

Gauge

13 stitches and 10 rows to 4 in (10 cm)

In half double crochet (UK half treble).

What you need

Yarn A: bright coral, stripes and the pockets	**about 190 yd (174 m), an estimate**
Yarn B: winter white, stripes, the edges of the face and the pockets and the pom-pom	**about 120 yd (110 m), an estimate**
Yarn C: fresh mint, stripes	**about 165 yd (151 m), an estimate**

By weight: about 240 g in all, an estimate, where 100 g is 200 yd (183 m).

Hook: 5.5 mm (US I-9), or the size that gives you the gauge. Also: a soft tape measure, a yarn needle, scissors, a piece of card 2½ in (6 cm) wide for the pom-pom, a stitch marker, 1 button about 1 in (2.5 cm) across (for a child under three a flat sew-on snap fastener, about ½ in (1.5 cm) across, in its place), a sewing needle and sewing thread for the button or the snap fastener.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added.

Sizes

Size	Head	Finished size, about	Yarn, an estimate
Toddler	18 in (46 cm)	16¾ in (43 cm) round, 7½ in (19 cm) deep	about 365 yd (334 m)

Gauge

13 stitches and 10 rows to 4 in (10 cm) in half double crochet.

The gauge is measured on the hood itself, laid flat after the tenth row: along a row, which checks the stitches, and then across the rows, which sets the size along the front edge. If the rows measure more than they should, begin again with a smaller hook; if less, with a larger one.

Check your gauge on the piece. Begin the pattern and measure the piece itself as you go. After row 10, lay the piece flat without stretching it and measure it along a row: it should be about 8¼ in (21 cm) long.

Notes

- Measure the head if you can: put a soft tape round its widest part, across the middle of the forehead and just above the ears, and choose the size whose head measurement is nearest. A hood does not go round the whole head: it covers the top, the sides and the back, and its finished measures are those of its front edge and of its depth.
- The chain at the start of a row does not count as a stitch. After the turn the first stitch of the row goes into the stitch nearest the hook, which is the last stitch of the row before, and the last goes into the first stitch of the row before, so that every row has the same number of stitches; the chains skipped at the start of row 1 do not count either.
- The number at the end of each line is the number of stitches it has when it is finished; chains and slip stitches that are not named there are not counted.
- Whip stitch: hold the two edges together and sew them over and over, the needle always going in from the same side, through one stitch of each edge at a time.
- The first scarf end and the second scarf end are worked in rows: the chain at the start of a row does not count as a stitch, and the first stitch after the turn goes into the last stitch of the row before.
- The hood is one flat strip: its rows run from the back of the hood to the front and back again, and the strip grows from one side of the neck over the top of the head to the other side of the neck. Row 1 begins at the back edge, so that the yarn changes at the back edge, where the seam hides the ends. The two scarf ends go on from the strip without a seam.
- The stripes are 2 rows each: coral, mint, white, mint, and again. To change yarn at the start of a row, make the last yarn over of the last stitch of the row before with the new yarn. Cut each yarn when its stripe is done, leaving a tail of 6 in (15 cm). On each scarf end the stripes stop at the last line that says "With A", whatever color would come next: from there on every row is coral, first the rows before the fold and then the pocket, except the last row, the open edge of the pocket, which is white.
- In the first scarf end a buttonhole is made by 3 chains over 3 skipped stitches; the next row works 3 stitches into the space under those chains.
- The ends of a scarf can catch: for a child tuck them into the coat, and take the hood off for play, for sleep and in a car seat.

> **Stop and measure now, after row 10.** Lay the piece flat without stretching it and measure it along a row: it should be about 8¼ in (21 cm) long. Then measure across the rows: the 10 rows should measure about 4 in (10 cm) from the outer side of row 1 to the outer side of row 10. If the 10 rows measure more, begin again with a smaller hook; if less, with a larger one. If the 10 rows measure right and the row is longer or shorter than it should be, keep the hook: the hood comes out deeper or shallower, and the scarf ends and their pockets wider or narrower, in the same proportion.

First scarf end

Yarns in order of use: C, fresh mint; B, winter white; A, bright coral.

☐ **Foundation**	With the right side of the hood facing you, hold the hood with its last row, row 50, at the top; the front edge is at your left. Count 17 stitches along the last row from the front edge toward the back and put a stitch marker in the last of them: from the marker to the front edge are the 17 stitches marked for this scarf end. Join yarn C with a slip stitch in the stitch with the marker. The first half double crochet of row 1 goes into the same place as the slip stitch.

Assembly

1. Back seam: the hood has two long edges made of the ends of its rows. The back edge is the one where the long tail hangs; the front edge is the other one. Fold the hood in half with the right side in, so that the last row lies against the beginning chain, the two scarf ends lie on each other and so do the two halves of the back edge. With the long tail whip stitch the back edge together from the corner where that tail hangs up to the fold, the end of one row to the end of one row, 25 rows on each side. Fasten off and turn the hood right side out. What is left free of the last row and of the beginning chain, between the scarf ends and the seam, is the edge of the neck. Seam and fold meet in the peak at the back of the head: push it out with a finger.

2. Face edging, in yarn B, in single crochet (UK double crochet), worked once along the front edge of the hood. Hold the hood with the right side toward you and the front edge at the top. Join yarn B with a slip stitch in the end of row 50, the last row of the hood, at your right, ch 1, and beginning in the same place work [1 single crochet in the end of each of the next 2 rows, 2 single crochet in the end of the next row] 16 times, 1 single crochet in the end of each of

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

the last 2 rows, 66 single crochet in all. The last stitch goes into the end of row 1 of the hood. Fasten off.

3. Pockets: the pocket of each scarf end is its last 10 rows, rows 39 to 48. Fold them up onto the right side of the scarf end, along the line between row 38 and row 39, so that the last row, row 48, lies on row 29 and the two narrow rows beside the fold round the lower corners. The right side is the one that faced you in row 1. Whip stitch each side of the pocket to the side of the scarf end that lies under it, the end of one row to the end of one row, 10 on each side, from the fold up to the last row, each side with a strand of yarn A 20 in (51 cm) long of its own. Sew twice into the same place at the top of each side. The last row is the open edge, and a hand goes in from above.

4. Pom-pom: wrap yarn B 130 times round a piece of card 2½ in (6 cm) wide. Slide the wraps off, tie them very tightly round the middle with the middle of a strand 16 in (41 cm) long and leave both ends of this tie hanging long: they sew the pom-pom on, so hold them out of the way of the scissors. Cut the loops at both ends of the bundle, shake the pom-pom out and trim the cut strands, not the two ends of the tie, to a ball about 2¼ in (6 cm) across. Sew it firmly to the peak of the hood with the two ends of the tie, through the hood and back, and fasten them on the inside.

5. Button: put the hood on or lay it flat with the face up, bring the two scarf ends together under the chin and cross them, the first over the second, so that the two front corners of the hood meet and the buttonhole lies over the middle stitch of a row of the second scarf end. Mark through the buttonhole where the button belongs and sew it firmly to the second scarf end there. For a child under three leave out the button and use the snap fastener: cross the ends in the same way and sew one half of it to the side of the first scarf end that lies against the second, over the middle stitch, stitch 9 of the 17, of row 10, and the other half to the second scarf end, where the first half touches it. Never sew the two scarf ends to each other: the crossing has to open, so that the hood can be put on and taken off.

Finishing

- Weave in every end on the inside of the hood.
- Scarf ends: weave in the yarn ends of the rows before the fold along their rows, on the side that faced away from you in row 1, which is the back of the scarf end. Inside the pocket, through its open edge, weave in the yarn ends of all the rows after the fold and the ends of the strands that sewed the pocket.

In all: 2,963 stitches (1,350 in the hood, 805 in the first scarf end, 808 in the second scarf end).
