In single crochet (UK double crochet).

What you need

Yarn: any one color (ivory in the picture), lace (0) **about 25 yd (23 m), an estimate**

Fiber: cotton crochet thread, size 10

Hook: 1.75 mm (US steel, between 6 and 7), or the size that gives you the gauge. Also: a yarn needle, scissors, pins for blocking, three 3/8 in (1 cm) pearl buttons, sewing thread, a needle for the buttons and a spray bottle.

Before you start

- A chain 1 at the start of a row does not count as a stitch.
- The 3 chains that are skipped at the start of Row 1, and the ch 3 at the start of each of Rows 2 to 32, do not count as a stitch. Each is left as a loop at the edge and nothing is worked in it.

Gauge

34 stitches and 36 rows to 4 in (10 cm) in single crochet.

Work a piece a little more than 4 in (10 cm) square, lay it flat and count. If you count more stitches than this, use a larger hook; if fewer, a smaller one.

Instructions

US terms.

dc double crochet (UK tr), **ch** chain, **sc** single crochet (UK dc), **sk** skip.
ch-2 sp: the hole under two chains. The hook goes in the hole, never into a chain.
( ) in one place: all of it there. (11 dc, 2 ch-2 sps): the row now has that many; a check, not a step. **How to read a pattern**
Also: sp space.

Finishing

- Block: pin the cuff flat, right side up, its long sides straight, with a pin in every chain loop along the edges; spray it with water and let it dry.
- Lay the cuff flat, right side up. With sewing thread, sew the three buttons along the foundation edge, each with its middle on Row 1 and 1/8 in (0.5 cm) from that edge: one in the middle of the width, and one in the middle of each of the two shells.
- The three ch-8 loops of Row 33 are the button loops. Pull each over the button that is level with it to see that it holds; if a loop is too small or too large for your buttons, work Row 33 again with a chain more or less in each.
- Weave in all the ends that are left with the yarn needle.

In all: 33 rows; 352 stitches.

To find how many balls: divide by the length on your yarn's label and round up. Buy them from one dye lot. The estimate is from the stitches and chains of this size at this gauge, with 30 percent added.

Notes

- Where a line says turn, turn the piece over and work back along the stitches just made.
- The figures in brackets at the end of a line count its stitches and the chain spaces between them; slip stitches are not counted.
- The cuff is worked sideways: each row goes across the width of the cuff, and the rows add up along its length. Odd-numbered rows are worked with the right side facing you.
- Rows 2 to 32: the first 2 dc of a row are skipped and the first shell (2 dc, ch 2, 2 dc) goes in the ch-2 sp of the shell below. The row ends with the shell in the second ch-2 sp: the 2 dc and the ch-3 loop that are left at the end of the row below are not worked. Row 33 is another kind of row: it begins with a ch 1, makes no shells, and works in every dc of Row 32, so that only the ch-3 loop at the end is left.
- In the middle panel a ch 1 stands over the ch-1 sp of the row below or over the one dc that is skipped.
- Other lengths: the pattern is 4 rows high, and 4 rows measure about 7/8 in (2 cm). For a longer cuff, after Row 32 work Rows 29 to 32 once more for each 7/8 in wanted; for a shorter one, leave out Rows 29 to 32. Then work Row 33. 28 rows before Row 33 make about 6 1/8 in (15.5 cm) and 36 rows about 8 in (20 cm).
- The distances under FINISHING are for the yarn and gauge above; in another yarn make them larger or smaller in the same proportion as the size.
- The same words in another yarn make another size, measured along its length: fine yarn (2) and a 3.25 mm hook, about 11½ in (29 cm); light yarn (3) and a 4 mm hook, about 13½ in (34 cm); medium yarn (4) and a 5 mm hook, about 17¼ in (44 cm).
