Gauge

18 stitches and 15 rows to 4 in (10 cm) in half double crochet.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. Ch 28; begin in the 2nd ch from the hook and work 22 rows of half double crochet on 27 sts, about 6 in (15 cm) wide and 5¾ in (14.5 cm) high, and measure 4 in (10 cm) in the middle. Use a larger hook if your swatch is small, a smaller one if it is large. Single crochet (UK: double crochet) rounds: about 21 rounds to 4 in (10 cm). Double crochet (UK: treble) rounds: 9.5 rounds to 4 in (10 cm); treble crochet (UK: double treble) rounds: 7 rounds to 4 in (10 cm). Fan lace: a fan of 3 with its spine is about 1¾ in (4.5 cm) wide, a fan of 5 about 2¾ in (6.8 cm), a fan of 7 about 3½ in (9.0 cm) and a fan of 9 about 4½ in (11.3 cm); the rounds are as tall as rounds of double or treble crochet.

Notes

- The finished bust is from ¾ in (2 cm) to 1¼ in (3 cm) wider than the body measurement, by the size. Choose by the finished measurement you like; no fit is promised beyond the measurements given.
- The bodice is worked upward from the waist: in rounds to the underarms, then in rows for the back and the two fronts. The skirt is worked downward from the waist in rounds. The rounds are not turned; the right side always faces you. The rounds of the bodice begin at the left side (as worn), those of the skirt at the middle of the back.
- The chain at the start of a round or row (ch 1 for single and half double crochet, ch 2 for double crochet, ch 3 for treble crochet) never counts as a stitch. Work the first stitch of a round into the stitch at its base, and the first stitch of a row into the first stitch. In rows the last stitch goes in the last stitch, and never in the turning chain.

- The dress goes on over the head with the ribbon let out: before the ribbon draws the waist in, no part of the waist or the skirt is narrower than the bust.
- A decrease counts as one stitch. A puff counts as one stitch; in the next row or round work 1 stitch in the top of it.
- Fan lace: a V is the group (dc, ch 2, dc). The spine is the single dc, tr or sc that stands between two fans; from rnd 5 on every round of the skirt begins with it. The fan is the group of dc or tr that begins in the ch-2 sp of a V. The stitches and chain spaces that a round does not name are passed over.
- From the first round with tr on, the skirt is longer at the back: tr is worked on each side of the middle of the back, dc over the rest. This makes the train.
- In the neck edging, the sc2tog of rnds 2 and 4 draws the point of the V together; that of rnd 2 takes in the last sc of the left front and the first sc of the right front.

Assembly

1. Shoulders: lay the back and the fronts with their right sides together. With the yarn needle and yarn A, sew the 16 sts at the top of the left front to the 16 sts at that end of the top of the back, and the 16 sts of the right front to the 16 sts at the other end; the 34 sts between them are the back neck.

2. With the shoulders sewn, work the neck edging, the armhole edging twice and the cap sleeve twice, as written above.

3. Ribbon: rnd 2 of the skirt has 86 ch-1 sps, counted from the beginning of the rnd at the middle of the back; the middle of the front lies between sps 43 and 44. Take one end of the ribbon in from the outside to the inside through sp 44, out through sp 45, and on in this way, in and out through every sp around the back and to the front again; the last time it comes out through sp 43. Draw the waist in as you like, and tie the two ends in a bow on the outside, at the middle of the front.

Finishing

- Weave in all the ends. Wash as the yarn label says and lay flat to the measurements to dry.

In all: 2 pieces.
