Gauge

13 stitches and 7 rows to 4 in (10 cm) in double crochet.

> **The swatch.** A test piece to measure and pull out. It is not the start of the pattern. Ch 22; begin in the 3rd ch from the hook and work 10 rows of double crochet on 20 sts, about 6¼ in (16 cm) wide and 5¾ in (14.5 cm) high, and measure 4 in (10 cm) in the middle. Use a larger hook if your swatch is small, a smaller one if it is large. Squares: a square of 5 rounds is about 5¾ in (14.5 cm) along a side. Work a pocket square first and measure it; change the hook if it is larger or smaller. Single crochet rows: 15 rows to 4 in (10 cm). Borders and cuffs: 14 rows of single crochet in the back loop to 4 in (10 cm).

Notes

- The finished bust is from 6 in (15 cm) to 8 in (20.5 cm) wider than the body measurement, by the size. Choose by the finished measurement you like; no fit is promised beyond the measurements given.
- The chain at the start of a row or round never counts as a stitch (ch 1 for single crochet, ch 2 for double crochet). Work the first stitch into the stitch at its base, unless the row says where it goes.
- The squares are worked in rounds with the right side always facing you. From rnd 2 a round begins in a corner space: the first 3 dc go in the same space as the ch 2.

For your own crochet, gifts and handmade pieces you sell. Do not resell or share this PDF or copies of it.

- A round that begins with slip stitches: the round before is joined in its first dc already, so slip stitch over the next 2 dc and into the corner space.
- The half squares, the skirt and the borders are worked in rows; odd-numbered rows are right side rows.
- To work into a chain space, insert the hook under the whole chain.
- A decrease counts as one stitch.
- In a half square the first and the last st of a row lie at the front edge. Keep them loose, so that this edge is as long as the side edge.
- Whip stitch: lay the edges together and sew over and over through both loops of both edges, with the yarn needle.
- Color changes in rows: work the last yarn over of the last stitch of the row before with the new yarn. Cut the old yarn, leaving an end of about 6 in (15 cm), or, if it is needed again at the same edge after 6 rows or fewer and that edge is straight, carry it loosely up the edge.
- In back loop only: insert the hook under the loop of the stitch that is farther from you, and leave the nearer loop free.

Assembly

1. Places: in the seams, a place is one st or one ch-1 sp of the last round or row, and a corner sp is a place too. Whip stitch every seam with yarn A, right sides together, place to place. Shoulders: lay the two half squares on the back square with right sides together, side by side, their front edges meeting at the middle and their side edges level with the side edges of the back. At each shoulder whip stitch the corner sp and the 19 places next to it of the top edge of the front to the corner sp and the 19 places next to it of the back. The 29 middle places of the back and the 15 places of each front that are left stay open for the neck.

2. Sleeves: a side of a sleeve square has 57 places with its two corner sps. With right sides together, put the middle place, the 29th, at the end of a shoulder seam, where the corner sps of the front and the back meet. Sew the 28 places at one side of it to the 28 places of the side edge of the front that follow its corner sp, and the 28 places at the

other side to the 28 places of the side edge of the back. Sew the second sleeve square to the other side.

3. Sides and sleeves: fold the coat at the shoulders with right sides together, so that each sleeve square lies doubled. Sew each sleeve seam, 57 places to 57 places, and go on down the side seam, the 40 places that are left of the side edge of the front to the 40 places of the back.

4. Cuff: work one on each sleeve now, as written above.

5. Skirt: work it now, as written above.

6. Lower border: work it now, as written above.

7. Front and neck border: work it now, as written above.

8. Pockets: lay a pocket square, right side up, on each front of the skirt, its upper edge along the line between rows 2 and 3 of the skirt, counted from the waist, and its side edge 2 groups of 3 dc from the row ends of the skirt at the front. Sew its two sides and its lower edge to the skirt with its own end, beginning at an upper corner; the upper edge stays open.
